Re: November 2025 Sports Betting Report

Dear Governor Youngkin:

I am pleased to provide our report of legal sports betting activity for the month of November 2025, as required in Virginia Code § 58.1-4031 (2020).

During the month of November, eligible players wagered nearly \$799 million on sports activities across eleven mobile sports betting operators and three land-based casinos. November handle represented a 5% increase from November 2024.

Sports betting activity is taxed based on a permit holder's adjusted gross revenue. Adjusted gross revenue is calculated as wagers **minus** cash winnings, eligible noncash winnings during an operator's first twelve months of operation, voided and cancelled wagers, Federal excise taxes, and certain allowable adjustments. The adjusted gross revenue for operators may be negative for a month, and if so, that negative balance may be carried forward to the following month, for up to one year. These calculations adhere to the statutory provisions in Virginia Code §58.1-4030 et seq., as enacted by the General Assembly in the 2020 Regular Session, and the language included in the 2025 Appropriation Act (Chapter 725, 2025 Virginia Acts of Assembly).

Virginia aggregate numbers:

	November Activity	FY26 Total
Total wagers	\$798,878,673.18	\$3,307,082,132.48
Winnings	(\$699,673,957.46)	(\$2,945,267,301.07)
