Re: January 2025 Sports Betting Report

Dear Governor Youngkin:

I am pleased to provide our report of legal sports betting activity for the month of January 2025, as required in Virginia Code § 58.1-4031 (2020).

During the month of January, eligible players wagered over \$736 million on sports activities across fourteen mobile sports betting operators and three land-based casinos. January handle represented a 12.8% increase from January 2024.

Sports betting activity is taxed based on a permit holder's adjusted gross revenue. Adjusted gross revenue is calculated as wagers **minus** cash winnings, eligible noncash winnings during an operator's first twelve months of operation, voided and cancelled wagers, Federal excise taxes, and certain allowable adjustments. The adjusted gross revenue for operators may be negative for a month, and if so, that negative balance may be carried forward to the following month, for up to one year. These calculations adhere to the statutory provisions in Virginia Code §58.1-4030 et seq., as enacted by the General Assembly in the 2020 Regular Session, and the language included in the 2024 Appropriation Act (Chapter 2, 2024 Special Session I Virginia Acts of Assembly).

Virginia aggregate numbers:

	January Activity	FY25 YTD Total
Total wagers	\$736,667,691.64	\$4,344,508,286.27
Winnings	(\$649,286,449.90)	(\$3,910,299,848.55)

For the month of January, eleven operators reported cumulative positive taxable adjusted gross revenue. At the 15% statutory tax rate (Virginia Code § 58.1-4037), total sports betting tax collections in January were \$12,137,425.77. In addition, a routine audit determined that an additional \$3,087,782.17 in taxes were due on prior periods' wagering activities; those taxes are reflected in the February 2025 collected total below. From these taxes, the required 2.5% was apportioned to the Problem Gambling Treatment and Support Fund, with the remaining 97.5% directed to the general fund as required by Virginia Code § 58.1-4038.
