

for February 2025

To: The Honorable Glenn Youngkin, Governor of Virginia
The Honorable Luke E. Torian, Chair, House Appropriations Committee
The Honorable L. Louise Lucas, Chair, Senate Finance & Appropriations Committee

From: Virginia Information Technologies Agency (VITA)

BACKGROUND / INTRODUCTION

VITA, on behalf of the Chief Information Officer of the Commonwealth, Robert Osmond, and the Secretary of Administration, Lyn McDermid, respectfully submits this report pursuant to [Item 81\(D\)](#) of the 2024 Appropriation Act, which provides:

“The Chief Information Officer and the Secretary of Administration shall provide the Governor and the Chairs of the House Appropriations and Senate Finance and Appropriations Committees with a report detailing any amendments or modifications to the information technology infrastructure services contracts. The report shall include statements describing the fiscal impact of such amendments or modifications and shall be submitted within 30 days following the signing of any amended agreement.”

In addition to this report, VITA continues to report on the IT infrastructure services contracts and platform through other legislative and executive reporting and through the committees’ staff and Joint Legislative Audit and Review Commission (JLARC) staff.

REPORT

Copies of amendments (and other contract documents) are made available as soon as practicable on VITA’s public contracts portal at <https://vita.cobblestonesystems.com/public/>. The links below go directly to each contract on that portal.

Amendments/Modifications

[Managed Public Cloud Services – Azure contract with NTT Data](#) (VA-240920-NTT)

<i>Number</i>	<i>Date</i>	<i>Description</i>	<i>Fiscal Impact</i>
3	2/14/2025	Provides for Azure licensing from NTT, as the CSP (Cloud Service Provider) for Azure, beginning upon the commencement of Services, on March 14, 2025.	The services are optional, and this amendment does not obligate funds. To the extent agencies use such services, they will incur applicable charges. NTT offers a greater Azure discount than an alternative licensing channel, but the final cost of cloud services depends on more than just the discount rate.
