

November 4, 2025

Division of Legislative Automated Services (DLAS)
Old City Hall, Suite 210
101 East Broad Street
Richmond, VA 23219

Attention: Legislative Documents and Reports Processing

As required by Code of Code of Virginia - § 23.1-2908 (B.4.), we respectively submit on behalf of Dr. David Doré, Chancellor of the Virginia Community College System, the annual report on the financial statements of the Virginia Community System for the fiscal year ending June 30, 2025. This report was submitted to the Department of Accounts on October 15, 2025. The status of VCCS ongoing capital projects for fiscal year ending June 30, 2025. This report was submitted to Department of General Services on August 11, 2025. These reports were submitted to the respective state entities required by the Code of VA prior to November 1, 2025.

Also attached is the "2025 Workforce Annual Report" in accordance with Item 203.D.2. of the 2025 Appropriations Act. This report was submitted to the staff of House Appropriations and Senate Finance and Appropriations committees and the Department of Planning and Budget on November 4, 2024.

If you have questions regarding these reports, please contact me at (804) 819-4912 or wjohnson@vccs.edu.

Sincerely,

A handwritten signature in black ink that reads "William M. Johnson".

William M. Johnson
Vice Chancellor for Finance and Capital Resources

Attachment
(Electronic Submission Only)

October 15, 2025

Ms. Staci A. Henshaw
Auditor of Public Accounts
P.O. Box 1295
Richmond, VA 23218-1295

Dear Staci:

Enclosed please find the Virginia Community College System's consolidated financial statements and footnotes for the year ended June 30, 2025. The oath required by Section 4-11.00 of the Appropriation Act is attached.

If you have any questions, please contact Greg Lehman, Chief Accounting Officer/Controller, at 819-4922.

Sincerely,

A handwritten signature in blue ink, appearing to read "David Dore", is written over a faint, larger blue outline of the same signature.

David Dore
Chancellor

DD/rbe

Enclosure

cc: Dr. Craig Herndon (w/o enclosure)
Mr. William M. Johnson (w/o enclosure)
Mr. Gregory T. Lehman (w/o enclosure)

"I hereby affirm that the FY25 financial statement submission of the Virginia Community College System is true and correct to the best of my knowledge and belief."

A handwritten signature in blue ink, appearing to read "David Dore", written over a horizontal line.

Signature

Chancellor

Title

Commonwealth of Virginia
City of Richmond

This is to certify that David Dore on this 13th day of October 2025 took and subscribed the foregoing oath required by the laws of the Commonwealth.

A handwritten signature in blue ink, reading "Kelly L. Hockaday", written over a horizontal line.

VIRGINIA COMMUNITY COLLEGE SYSTEM

Management's Discussion and Analysis (Unaudited)

In 1965, the Virginia General Assembly established the Virginia Community College System (VCCS) as an institution of higher education. The System includes the State Board for Community Colleges, a System Office located in Richmond, a Shared Services Center located in Daleville and twenty-three community colleges located on forty campuses throughout the Commonwealth. The VCCS' mission is to provide everyone the opportunity to obtain an education and develop the right skills to enhance lives and strengthen communities.

The following discussion and analysis provide an overview of the financial position and activities of the VCCS for the year ended June 30, 2025. Management has prepared this discussion, which should be read in conjunction with the financial statements and footnotes.

The community college foundations are included in the accompanying financial statements as a discrete component unit in a separate column. The following discussion and analysis do not include the financial condition and activities of the foundations.

Financial Highlights

The significant financial highlights for the VCCS in fiscal year 2025 were:

- Total net position increased by 10.3% as a result of both increases and decreases in several operating and nonoperating revenue and expense categories. The results of operations for fiscal year 2025 reflected an overall increase in net position of \$159.1 million.
- Total operating revenues decreased 2.1%. Student tuition and fees, net of scholarship discounts and allowances, represented 61.4% of total operating revenues which is slightly higher than prior years.
- The State Board for Community Colleges, in May 2024, approved increasing tuition rates by \$4.79 per credit hour (in-state) and \$16.79 per credit hour (out-of-state) effective with the Fall 2024 semester. Two of the eight colleges with tuition differentials had changes to those rates. The capital fee for out-of-state students also rose by \$2.50 per credit hour.
- From fiscal year 2024 to 2025, full-time equivalent student (FTES) enrollment increased 3.9% from 89,338 to 93,408 FTEs. The enrollment and tuition rate increases combined resulted in an overall rise in gross tuition collections of approximately \$24.1 million in fiscal year 2025. (One FTE represents thirty credit hours of classes taken by a student over an academic year and is calculated on an annual basis by taking the total credit hours taught divided by 30.)
- Total state appropriations revenue (non-capital) increased by \$85.1 million to \$783.7 million as a result of an increase in the State Appropriation Act, including additional operating funds and continuing support for salary increases and Affordable Access funds. State capital appropriations revenue decreased by \$10.8 million. This is attributed to decreased construction activity at Northern Virginia Community College and Piedmont Virginia Community College.
- Total operating expenses increased by 3.5% primarily as a result of employee compensation increases. Employee compensation represented 57.4% of the total operating costs, which is slightly higher than prior years.

Financial Statements

The three financial statements presented are the Statement of Net Position, the Statement of Revenues, Expenses and Changes in Net Position, and the Statement of Cash Flows.

Statement of Net Position

The Statement of Net Position presents assets, deferred outflows of resources, liabilities, deferred inflows of resources and the net position of the VCCS as of June 30, 2025. Net position is the residual amount equal to assets and deferred outflows of resources less liabilities and deferred inflows of resources. Net position is presented in three categories; Net investment in capital assets, consists of capital assets, net of accumulated depreciation and reduced by outstanding balances of any borrowings that are attributable to the acquisition, construction, or improvement of those assets. Restricted net position consists of restricted assets reduced by liabilities related to those assets. Restricted net position is classified as either nonexpendable or expendable. Nonexpendable balances consist of loan funds and permanent endowments (available for investment purposes only). Expendable balances are available for expenditure by the VCCS but must be used for purposes determined by external entities. Unrestricted net position balances are not subject to externally imposed restrictions and may be internally designated for specific purposes by management of the VCCS.

A summarized Statement of Net Position is as follows:

Summary of the Statement of Net Position, as of June 30:

(in thousands)

	2025	2024	Increase (Decrease)	
			Amount	Percentage
Assets				
Current assets	\$ 652,105	\$ 566,057	\$ 86,047	15.20%
Capital assets, net	1,522,468	1,464,699	57,769	3.94%

Liabilities				
Current liabilities	232,576	225,989	6,587	2.91%
Non-current liabilities	559,627	562,808	(3,181)	(.57%)
Total Liabilities	792,202	788,797	3,406	0.43%
Deferred Inflows of Resources	94,139	93,719	419	0.45%
Total Liabilities and Deferred Inflows of Resources	886,341	882,516	3,825	0.43%
Net Position				
Net investment in capital assets	1,398,014	1,351,882	46,132	3.41%
Restricted-nonexpendable	113	115	(2)	(1.71%)
Restricted-expendable	234,349	191,890	42,460	22.13%
Unrestricted	(87,229)	(143,565)	56,334	(39.24%)
Total Net Position	\$ 1,545,247	\$ 1,400,323	\$ 144,924	10.35%

Current Assets

Current assets consist of \$521.7 million in cash, cash equivalents, and short-term investments, \$28.0 million in accounts, notes, and interest receivable, \$60.8 in state appropriation available, \$10.7 million in amounts due from the commonwealth, \$29.3 million in prepaid expenses, and \$1.5 million in inventories. The \$86.0 million increase in current assets was primarily attributable to an increase of \$52.0 million in cash, cash equivalents, and short-term investments and an increase in appropriation available for capital projects of \$19.0 million.

Current assets cover current liabilities 2.80 times, an indicator of sound liquidity and the ability to weather short-term demands on working capital. Current assets also cover over 4.08 months of total operating expenses, excluding depreciation. Both ratios remained consistent with prior years. For fiscal year 2025, one month of operating expenses (excluding depreciation) equaled \$110.9 million.

Capital Assets, Net of Accumulated Depreciation

The overall increase of \$57.8 million in net capital assets was due to an increase in various capital construction costs still in progress, purchases of equipment, and the continued implementation of Governmental Accounting Standards Board (GASB) Statements 87 and 96, which require governmental agencies to capitalize all leases and subscription-based technology arrangements (SBITA's). There were other small decreases as a result of normal yearly depreciation.

The following tables compares fiscal year 2025 to fiscal year 2024 capital asset balances by category:

Summary of Capital Assets, net

(in thousands)

	2025	2024	Increase (Decrease)	
			Amount	Percentage
Land	\$ 72,633	\$ 72,468	\$ 165	0.23%

			Amount	Percentage
Subscription Asset	\$ 13,563	\$ 18,286	\$ (4,723)	(25.83%)
TOTAL	\$ 13,563	\$ 18,286	\$ (4,723)	(25.83%)

Other Non-Current Assets

The balance in appropriation available consists of General and Central Capital Planning funds for capital projects. The increase in other non-current assets is due to increases in appropriation available and long-term investments.

Deferred Outflows of Resources

Deferred outflows of resources category reports consumption of resources applicable to a future reporting period. The balances reported for fiscal years 2025 and 2024 include amounts for certain pension and OPEB changes and will be recognized as pension and OPEB expenses in future fiscal years. The changes in pension and OPEB from year-to-year are primarily due to actuarial calculations related to the plans, including the impact of investment performance on the plan assets. In addition, the balances for both fiscal years include deferred losses on defeasance of debt related to refinancing of certain pooled bond issuances and will be recognized as expense in future fiscal years.

Current Liabilities

Current liabilities consist of accounts and retainage payable of \$55.6 million, accrued payroll expense of \$64.9 million, unearned revenues of \$53.8 million, long-term obligations (current portion) of \$44.3 million, and deposits totaling \$11.5 million.

Current liabilities slightly increased by \$6.6 million in fiscal year 2025 primarily due to the increase in accounts and retainage payable of \$2.4 million. The current portion for long-term liabilities increased by \$1.7 million, and accrued payroll and unearned revenues increased by \$1.6 million and \$1.0 million respectively.

Non-Current Liabilities

Non-Current liabilities consist of a net pension obligation of \$352.8 million, the OPEB obligation of \$78.3 million, leases of \$53.7 million, pooled bonds of \$50.1 million, accrued leave of \$22.4 million, and federal loan program amounts due of \$855 thousand. The overall net decrease of \$3.2 million in non-current liabilities was primarily due to decreases for pension and OPEB obligations of \$26.9 million and pooled bond decreases of \$8.2 million offset by increases for leases of \$20.8 million and increases to accrued leave of \$10.4 million due to the implementation of Governmental Accounting Standards Board (GASB) Statement 101 for Compensated Absences.

Deferred Inflows of Resources

The financial statement deferred inflows of resources category is used to report acquisition of resources applicable to a future reporting period. The balance reported for fiscal years 2025 and 2024 include amounts related to pension and OPEB that will impact pension and OPEB expenses in future fiscal years and deferred gains on debt refunding related to refinancing of certain pooled bond issuances. The changes in pension and OPEB from year-to-year are primarily due to actuarial calculations related to the plans, including the impact of investment performance on the plan assets.

Net Position

The increase in net investment in capital assets of \$46.1 million is explained by changes in capital assets, net of accumulated depreciation and in capital asset-related debt. The increase of \$56.3 million in the unrestricted net position category is the result of several factors. The fluctuation of the VCCS' proportionate share of the Commonwealth's overall OPEB liability and VCCS' proportionate share of the overall VRS pension liability. Both liabilities (short and long-term portions) had a combined decrease of \$26.5 million. This, along with other increases in other liability categories makes up the total change. The balance in total net position is a residual amount equal to the sum of total assets and deferred outflows of resources less

the sum of total liabilities and deferred inflows of resources and is considered one measure of the current financial condition of an organization.

Statement of Revenues, Expenses and Changes in Net Position

The purpose of the Statement of Revenues, Expenses and Changes in Net Position is to present operating and non-operating revenues received by the institution, operating and non-operating expenses incurred and any other revenues, expenses, gains, and losses. Changes in net position as presented on the Statement of Net Position are based on the activity presented in the Statement of Revenues, Expenses and Changes in Net Position.

A summarized statement of revenues, expenses and changes in net position follows:

Summary of the Statement of Revenues, Expenses and Changes in Net Position

For the year ended June 30:

(in thousands)

	2025	2024	Increase (Decrease)	
			Amount	Percentage
Operating revenue	\$ 445,613	\$ 455,213	\$ (9,599)	(2.11%)

Total revenues	\$ 1,577,004	\$ 1,510,973	\$ 66,031	4.37%

* Includes sales/services of education department and miscellaneous other revenues

Operating Revenues

Total operating revenues decreased by 2.1% compared to the prior year. Gross student tuition and fee revenues (before scholarship discounts and allowances) increased by \$53.7 million. Net tuition and fees revenue increased by \$26.6 million (10.8%). Tuition and fee rates increased by \$4.79 per credit hour contributing to this net tuition revenue increase. Other operating revenue sources fluctuated up slightly contributing to the overall increase of \$33.4 million in operating revenues.

Non-operating and Other Revenues

Total net non-operating revenue increased by \$75.6 million. State appropriation revenues increased by \$85.1 million, however this was offset by the decrease in grants and other non-operating revenues of \$2.9 million and \$3.8 million respectively. A graphic presentation of fiscal year 2025 revenues by source (per the Statement of Revenues, Expenses and Changes in Net Position) is below.

Total Revenue - By Source

The following table is a detailed breakdown of operating expenses by function and a comparison of changes by category for the periods ended June 30, 2025, and 2024:

Summary Statement of Expenses by Function

for the year ended June 30:

(in thousands)

	2025	2024	Increase (Decrease)	
			Amount	Percentage
Operating expenses:				
Instruction	\$ 530,271	\$ 482,744	\$ 47,527	9.85%
Public service	23,571	68,655	(45,084)	(65.67%)
Academic support	133,899	119,420	14,479	12.12%
Student services	128,441	122,062	6,379	5.23%
Institutional support	221,438	237,015	(15,578)	(6.57%)
Operation and maintenance	181,075	177,970	3,105	1.74%
Scholarships and fellowships	181,666	149,264	32,402	21.71%
Auxiliary enterprises	17,528	13,311	4,218	31.69%
Other expenses	15	14	1	4.45%
Total operating expenses	\$ 1,417,902	\$ 1,370,456	\$ 47,446	3.46%

Operating Expenses

Operating expenses totaled approximately \$1.4 billion for fiscal year 2025, an increase of \$47.4 million. The natural expense category, compensation and benefits, comprised \$813.7 million of total VCCS operating expenses representing a 6.9% increase over fiscal year 2024. Scholarship expenses increased \$51.2 million, and supplies, services and other expenses decreased by \$70.0 million, due primarily to the transfer of appropriation and positions for the Workforce Investment and Opportunity Act (WIOA) to the new Department of Workforce Development and Advancement, pursuant to Chapters 624 and 625, 2023 Acts of Assembly.

A graphic presentation of fiscal year 2025 operating expenses by function (per the Statement of Revenues, Expenses and Changes in Net Position) is below.

Statement of Cash Flows

The Statement of Cash Flows provides additional information about the financial results of the VCCS by reporting the major sources and uses of cash.

Summary Statement of Cash Flows for the year ended June 30: (in thousands)

	2025	2024	\$ Change	% Change
Cash received from operations	\$515,429	\$539,163	(23,734)	(4.40%)
Cash used in operations	1,452,437	1,407,579	44,858	3.19%
Net cash used in operations	(\$937,008)	(\$868,416)	(68,592)	7.90%
Net cash provided by non-capital financing activities	\$1,036,165	\$960,551	75,614	7.87%
Net cash used in capital and related financing activities	(58,061)	(48,808)	(9,253)	18.96%
Net cash provided by (used in) investing activities	6,566	5,147	1,419	27.55%
Net increase (decrease) in cash and cash equivalents	\$47,662	\$48,474	(812)	(1.67%)
Cash and cash equivalents, beginning of year	\$447,008	\$398,534		
Cash and cash equivalents, end of year	\$494,670	\$447,008		

The primary sources of cash for the VCCS included tuition and fees of \$274.9 million, operating grants and contracts of \$126.5 million, and auxiliary revenues of \$21.5 million. The primary uses of operating cash included employee salaries, wages, fringe benefits and pension benefits of \$852.2 million, operating expenses (payments to suppliers/others and utilities) of \$333.2 million and scholarships of \$197.0 million. Net cash used in operations is significantly greater than the cash received from operations on this statement due to the required presentation of state appropriation and grants/gifts as cash flows from non-capital financing activities. Net cash provided by non-capital financing activities increased \$75.6 million due to an increase of \$85.0 million in state and local appropriations, a decrease of \$2.90 million in grants and gifts, and a decrease of \$3.8 million in other non-operating revenue. Net cash flows from capital and related financing activities decreased \$9.3 million due to a decrease of \$10.8 million in state and local capital appropriations, an increase of \$8.6 million in capital grants and gifts, and an increase of \$70.6 million for capital asset purchases. Net cash provided by (used in) investing activities increased \$21.09 million as investment purchases were \$7.3 million lower, sale of investments was \$6.9 million lower, and investment income was \$1.0 million higher in fiscal year 2025. The overall increase in cash and cash equivalents was \$47.7 million at the end of fiscal year 2025.

Economic Outlook

The State Board for Community Colleges has noted its intention to keep VCCS tuition and mandatory fees at less than half the rates of public four-year institutions in Virginia. The VCCS' rate in fiscal year 2026 will be 31.8% of the average of the four-year institutions for total tuition and mandatory fees.

Effective with the fall 2025 session, the State Board for Community Colleges elected to increase tuition rates by \$4.90 per credit hour for all students, as well as to increase the capital fee by \$2.50 per credit hour for out-of-state students. Within the VCCS, eight colleges have tuition differential rates ranging from \$1.00 per credit hour to \$29.78 per credit hour. Only one of the eight colleges increased their tuition differential, and that was by \$0.10 per credit hour.

Chapter 725, 2025 Reconvened Session of the Virginia Acts of Assembly, authorized the funding to create a Workforce Trades and Innovation Center at Paul D. Camp Community College. This chapter also authorized funding to create an Aviation Maintenance Technician Facility at Danville Community College. In addition, this chapter approved the equipment funds for the replacement of the French Slaughter Building on the Locust Grove campus of Germanna Community College.

The VCCS capitalized construction expenses totaling \$56.4 million during fiscal year 2025. These costs primarily included projects that were still in the construction phase as of June 30, 2025, but also included a few projects that were complete as of June 30, 2025. Construction costs for projects completed during fiscal year 2025 totaled \$35.4 million.

The VCCS has approved contractual commitments for capital projects totaling \$308 million prior to June 30, 2025. Expenses processed against these commitments as of June 30, 2025, totaled \$144 million, leaving an unpaid commitment balance of \$164 million as of June 30, 2025.

NOTES TO THE FINANCIAL STATEMENTS

VIRGINIA COMMUNITY COLLEGE SYSTEM

NOTES TO FINANCIAL STATEMENTS

As of June 30, 2025

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Reporting Entity

The Virginia Community College System (VCCS) was established as an institution of higher education in 1965. The System includes the State Board for Community Colleges, a System Office located in Richmond, a Shared Service Center and twenty-three community colleges located on forty campuses throughout the Commonwealth.

The Shared Service Center (SSC) was established to process administrative transactions. Located in Daleville, Virginia, the SSC supports the VCCS mission by providing customer service and administrative services to the 23 community colleges and System Office. These services include administrative functions in the areas of human resources, fiscal services, payroll, and procurement. The costs associated with the SSC are allocated to the 23 community colleges and System Office.

The State Board for Community Colleges is the governing body and is charged with the responsibility to establish, control, and administer a statewide system of publicly supported comprehensive community colleges. The System therefore functions as a statewide institution of higher learning.

The accompanying financial statements include all of the individual community colleges and the System Office under the control of the State Board for Community Colleges.

The System is a discrete component unit of the Commonwealth of Virginia and is included in the general-purpose financial statements of the Commonwealth. A separate report is prepared for the Commonwealth of Virginia that includes all agencies, boards, commissions, and authorities over which the Commonwealth exercises or has the ability to exercise oversight authority.

B. Community College Foundations

The community college foundations are legally separate, tax-exempt organizations formed to promote the achievements and further the aims and purposes of the colleges. The foundations accomplish their purposes through fundraising and funds management efforts that benefit the colleges and their programs. Although the colleges do not control the timing or amount of receipts from the foundations, the majority of resources or income thereon that the foundations hold and invest is restricted to the activities of the colleges by the donors. Because these restricted resources held by the foundations can only be used by, or for the benefit of the colleges, the foundations are considered discrete component units.

During the year ended June 30, 2025, the foundations distributed \$25,321,314 to the colleges for both restricted and unrestricted purposes. Complete financial statements for the foundations can be obtained by writing the VCCS Office of Fiscal Services, 300 Arboretum Place, Suite 200, Richmond, VA 23236.

C. Financial Statement Descriptions

The three financial statements presented are the Statement of Net Position, the Statement of Revenues, Expenses and Changes in Net Position, and the Statement of Cash Flows.

The Statement of Net Position presents the assets, deferred outflows of resources, liabilities, and deferred inflows of resources of the VCCS at the end of the fiscal year and also provides the amount of net position and the availability for expenditure. The Statement of Revenues, Expenses, and Changes in Net Position presents operating and non-operating revenues received by the institution, operating and non-operating expenses incurred and any other revenues, expenses, gains and losses. The Statement of Cash Flows provides additional information about the financial results of the VCCS by reporting the major sources and uses of cash.

D. Basis of Accounting

For financial reporting purposes, the VCCS is considered a special purpose government engaged in only business-type activities. Business-type activities are those that are financed in whole or in part by fees charged to external parties for goods and services. Accordingly, the financial statements have been presented using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. All material internal transactions have been eliminated.

Revenues and expenses of the summer academic term occur within two fiscal years, because the term extends from May through August and the fiscal year ends on June 30. Expenses and an equal amount of revenue have been reported in the current period for the portion of the summer academic term from May 16 through June 30, 2025.

The community college foundations are private, nonprofit organizations that report under FASB standards. As such, certain revenue recognition criteria and presentation features are different from GASB. Where necessary, reclassifications have been made to convert FASB presentation to GASB presentation requirements.

The financial statements for the community college foundations are for the year ending June 30, 2025 except for Dabney S. Lancaster (Educational Foundation), Eastern Shore, Germanna, Laurel Ridge, Mountain Empire, New River, Piedmont, Tidewater (Educational and Real Estate Foundations), Virginia Western, and Wytheville (Educational, Scholarship and Real Estate Foundations) which are as of December 31, 2024.

E. Lease Receivable

The System determines if an arrangement contains a long-term lease at the inception of a contract and the lease classification is determined at the commencement date. Short-term leases with an initial term of 12 months or less, including all renewal options, are not recorded on the Statement of Net Position and are recognized as inflows of resources in the period to which the payments relate. Long-term leases are recognized and the lease term includes renewal options that are reasonably certain of being exercised. The System's lease receivable is measured at the present value of lease payments expected to be received during the lease term. Under some lease agreements, the System may receive variable payments based on future performance by the lessee. These variable payments are not included in the measurement of the lease receivable and are recognized as inflows of resources in the period to which those payments relate. Any component of the variable payments that are fixed in substance is included in the measurement of the lease receivable. The System uses its incremental borrowing rate to discount the lease payments. The incremental borrowing rate is based on the Department of Accounts estimated rate of interest for borrowing over a similar term as the lease term.

A deferred inflow of resources is recorded at the commencement of a lease in an amount equal to the initial recording of the lease receivable. The deferred inflow of resources is amortized on a straight-line basis over the term of the lease.

F. Installment Payment Receivable

Northern Virginia Community College (Northern Virginia) has a PPP arrangement whereby the Northern Virginia (the transferor), contracted with a vendor (the operator), to provide dining services by conveying control of the right to operate the dining areas on multiple campuses. Initial term of the arrangement was one year with four renewal options, which were exercised, and includes provisions for Northern Virginia to receive monthly variable payments based on gross sales. These variable payments are not included in the measurement of the Installment payment receivable and are recognized as revenue in the period to which those payments relate. Northern Virginia did not receive any variable payments in fiscal year 2025.

G. Prepaid Assets

Prepaid assets for rent, insurance, and similar items are recognized when purchased and expensed when used.

H. Inventories

Inventories are stated at cost (primarily first-in, first-out method) and consist mainly of goods purchased for resale and expendable supplies.

I. Cash Equivalents and Investments

Cash equivalents maintained by the VCCS are investments with original maturities of less than three months. Investments in money market accounts and in Commonwealth sponsored investment pools are reported at amortized cost. All other investments are reported at fair market value, in accordance with GASB Statement 31, *Accounting and Financial Reporting for Certain Investments and for External Investment Pools*, as amended by GASB Statement 72, *Fair Value Measurement and Application*. GASB Statement 72 provides guidance for determining fair value measurements using the level of fair value hierarchy and valuation techniques.

J. Capital Assets

Plant assets consisting of land, buildings, infrastructure, equipment, library books, intangible assets, and construction in progress are stated at appraised historical cost or actual cost where determinable. Intangible assets include computer software and right-to-use lease assets. Improvements to buildings, infrastructure and land that significantly increase the usefulness, efficiency or life of the asset are capitalized. Routine maintenance and repairs are charged to operations when incurred. Donated assets are recorded at acquisition value at the date of donation. The capital asset values presented in these financial statements are extracted from the financial data maintained by the System's Administrative Information System (AIS). Expenses for equipment are capitalized when the unit acquisition cost is \$5,000 or greater and the estimated useful life is one year or more. Occupancy permits are used to determine when to reclassify buildings from construction-in-progress.

Right-to-use lease assets represent the System's right to use an underlying asset for a lease term, and are initially measured as the sum of the following:

- Amount of the initial measurement of the related lease liability
- Lease payments made prior to the commencement of the lease term, less any lease incentives
- Initial direct costs that are ancillary charges necessary to place the lease asset into service

“Right-to-use subscription-based information technology arrangement (SBITA) assets represent the System’s right to use an underlying asset for an arranged term, and are initially measured as the sum of the Amount of the initial measurement of the related SBITA liability, SBITA payments made prior to the commencement of the SBITA term, less any SBItA incentives, and Initial direct costs that are ancillary charges necessary to place the SBITA asset into service. Right-to-use SBITA assets are amortized on a straightline basis over the shorter of the SBITA term or the useful life of the underlying asset.”

Depreciation is calculated using the straight-line method over the estimated useful lives of the assets, generally 50 years for buildings, 20 to 25 years for infrastructure and land improvements, 3 to 25 years for equipment, 10 years for library books, 20 years for patents, trademarks, and copyrights, and 5 to 10 years for intangible assets - computer software. Right-to use lease assets are amortized on a straight-line basis over the shorter of the lease term or the useful life of the underlying asset, generally 7 years for buildings, 5 years for equipment, and 2 to 6 years for subscriptions. Amortization is allocated to the functional expense categories. Amortization expense is combined with depreciation expense in the Statement of Revenues, Expenses, and Changes in Net Position.

K. Unearned Revenues

Unearned revenue represents revenues collected but not earned as of June 30. This consists primarily of revenue for student tuition and certain auxiliary activities accrued in advance of the semester, and advance payments on grants and contracts.

L. Accrued Compensated Absences

The amount of leave earned but not taken by all classified employees, administrative/professional faculty, teaching faculty, and presidents is recorded as a liability on the balance sheet. The amount reflects, as of June 30, all unused annual leave, compensatory leave, and the amount payable upon termination under the Commonwealth of Virginia’s sick leave pay out policy. Also included in the liability is the System’s share of the FICA taxes on leave balances for which employees will be compensated.

M. Lease Liability

The System determines if an arrangement contains a long-term lease at the inception of a contract. The lease classification is determined at the commencement date, the date the System has the right to control the property. The lease term includes renewal options that are reasonably certain of being exercised. Short-term leases with an initial term of 12 months or less, including all renewal options, are not recorded on the Statement of Net Position and are recognized as outflows of resources in the period to which the payments relate. Lease liabilities are measured at the present value of payments expected to be made during the lease term. Measurement of the lease liability includes the following if required by a lease:

- Fixed payments
- Variable payments that are fixed in substance
- Amounts that are reasonably certain of being required to be paid under residual value guarantees

- The exercise price of a purchase option if it is reasonably certain that the System will exercise that option
- Payments for penalties for terminating the lease
- Any lease incentives
- Any other payments that are reasonably certain of being required based on an assessment of all relevant factors

Variable payments are not included in the measurement of the lease liability and are recognized as outflows of resources in the period to which those payments relate. Any component of the variable payments that are fixed in substance is included in the measurement of the lease liability.

For real estate leases, the present value of payments expected to be made during the lease term is calculated using the discount rate implicit in the lease agreement and if unavailable, the System will obtain the lessor's internal borrowing rate and if unavailable, then the System will use the Department of Accounts incremental rate. For equipment leases, the present value of payments expected to be made during the lease term is calculated using the discount rate implicit in the lease agreement and if unavailable, The System will use the Department of Accounts incremental rate at the beginning of the lease term.

N. Deposits

Deposits represent funds held by the VCCS on behalf of others as a result of custodial relationships with various groups and organizations. Custodial funds are expected to be expended within 3 months.

O. Pensions

The Virginia Retirement System (VRS) State Employee Retirement Plan and the Virginia Law Officers' System (VaLORS) Retirement Plan are single employer pension plans that are treated like cost-sharing plans. For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the VRS State Employee Retirement Plan and the VaLORS Retirement Plan; and the additions to/deductions from the VRS State Employee Retirement Plan's and the VaLORS Retirement Plan's net fiduciary position have been determined on the same basis as they were reported by VRS. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments held by VRS are reported at fair value.

P. Post-Employment Benefits

Plans administered by the VRS

State Employee Health Insurance Credit Program

The Virginia Retirement System (VRS) State Employee Health Insurance Credit Program is a single employer plan that is presented as a multiple-employer, cost-sharing plan. The State Employee Health Insurance Credit Program was established pursuant to §51.1-1400 et seq. of the *Code of Virginia*, as amended, and which provides the authority under which benefit terms are established or may be amended. The State Employee Health Insurance Credit Program is a defined benefit plan that provides a credit toward the cost of health insurance coverage for retired state employees.

Group Life Insurance Program

The Virginia Retirement System (VRS) Group Life Insurance Program is a multiple employer, cost-sharing plan. It provides coverage to state employees, teachers, and employees of participating political subdivisions. The Group Life Insurance Program was established pursuant to §51.1-500 et seq. of the *Code of Virginia*, as amended, and which provides the authority under which benefit terms are established or may be amended. The Group Life Insurance Program is a defined benefit plan that provides a basic group life insurance benefit for employees of participating employers.

Line of Duty Act Program

The Virginia Retirement System (VRS) Line of Duty Act Program (LODA) is a multiple-employer, cost-sharing plan. The Line of Duty Act Program was established pursuant to §9.1-400 et seq. of the *Code of Virginia*, as amended, and which provides the authority under which benefit terms are established or may be amended. The Line of Duty Act Program provides death and health insurance benefits to eligible state employees and local government employees, including volunteers, who die or become disabled as a result of the performance of their duties as a public safety officer. In addition, health insurance benefits are provided to eligible survivors and family members.

Virginia Sickness and Disability Program

The Virginia Retirement System (VRS) Disability Insurance Program (Virginia Sickness and Disability Program) is a single employer plan that is presented as a multiple-employer, cost-sharing plan. The Disability Insurance Program was established pursuant to §51.1-1100 et seq. of the *Code of Virginia*, as amended, and which provides the authority under which benefit terms are established or may be amended. The Disability Insurance Program is a managed care program that provides sick, family and personal leave and short-term and long-term disability benefits for State Police Officers, state employees, and VaLORS employees.

For purposes of measuring the net OPEB liability (asset), deferred outflows of resources and deferred inflows of resources related to OPEB plans, and OPEB expense, information about the fiduciary net position of the Virginia Retirement System's (VRS) administered OPEB Plans and the additions to/deductions from the OPEB Plan's net fiduciary position have been determined on the same basis as they were reported by VRS. In addition, benefit payments are recognized when due and payable in accordance with the benefit terms. Investments held by VRS are reported at fair value.

Plan administered by the Department of Human Resource Management

Pre-Medicare Retiree Healthcare Plan

Pre-Medicare Retiree Healthcare is a single-employer defined benefit OPEB plan that is treated like a cost-sharing plan for financial reporting purposes. This program was established by Title 2.2, Chapter 28 of the *Code of Virginia* for retirees who are not yet eligible to participate in Medicare. It is the same health insurance program offered to active employees and managed by the Virginia Department of Human Resource Management. After retirement, VCCS no longer subsidizes the retiree's premium; however, since both active employees and retirees are included in the same pool for purposes of determining health insurance rates, retiree rates are effectively lower than what might otherwise be available outside of this benefit.

Q. **Classification of Revenues and Expenses**

The VCCS has classified its revenues as either operating or nonoperating revenues according to the following criteria:

Operating revenues include activities that have the characteristics of exchange transactions, such as tuition and fees, sales and services of auxiliary enterprises, most federal, state and local grants and contracts, and interest on student loans.

Nonoperating revenues include activities that have the characteristics of non-exchange transactions, such as gifts and contributions, state appropriations and investment income.

Nonoperating expenses include interest on debt related to the purchase of capital assets and losses on disposal of capital equipment. All other expenses are classified as operating expenses.

R. Public-Private Partnership and Public-Public Partnerships (PPP and APA Agreements)

In March 2020, GASB issued Statement No. 94, Public-Private and Public-Public Partnerships (PPPs) and Availability Payment Arrangements (APAs). The objective of this Statement is to better meet the information needs of financial statement users by improving the comparability of financial statements among governments that enter into PPPs and APAs and by enhancing the understandability, reliability, relevance, and consistency of information about PPPs and APAs. The System implemented GASB 94 on July 1, 2022. The colleges regularly enter into agreements with private and public entities to operate bookstore services. The colleges provide space and operational support in return for commissions based on graduated sales level.

S. Scholarship Discounts and Allowances

Student tuition and fees revenues, and certain other revenues from students, are reported net of scholarship discounts and allowances in the Statement of Revenues, Expenses, and Changes in Net Position. Scholarship discounts and allowances are the difference between the stated charge for goods and services provided by the VCCS, and the amount that is paid by students and/or third parties making payments on the student's behalf. Certain governmental grants and other federal, state or nongovernmental programs are recorded as either operating or nonoperating revenues in the financial statements. To the extent that such revenues are used to satisfy tuition and fees and other student charges, the VCCS has recorded a scholarship discount and allowance.

T. Deferred Inflows and Outflows of Resources

Deferred outflows of resources are defined as the consumption of net assets applicable to a future reporting period. The deferred outflows of resources have a positive effect on net position similar to assets.

Deferred inflows of resources are defined as the acquisition of net assets applicable to a future reporting period. The deferred inflows of resources have a negative effect on net position similar to liabilities.

U. Net Position

Net position balances are classified as follows:

Net investment in capital assets: Consists of capital assets, net of accumulated depreciation reduced by outstanding debt attributable to the acquisition, construction or improvement of those assets.

Restricted-nonexpendable: Restricted nonexpendable balances consist of endowment funds in which donors have stipulated, as a condition of the gifts that the principal is to remain inviolate in perpetuity.

Restricted-expendable: Restricted expendable balances include resources in which the VCCS is legally or contractually obligated to spend in accordance with restrictions imposed by external third parties.

Unrestricted: Unrestricted balances represent resources that may be used at the discretion of the governing board for any lawful purpose.

When an expense is incurred that can be paid from either restricted or unrestricted resources, it is the policy of the VCCS to first apply the expense towards restricted resources and then towards unrestricted resources.

V. Restatements

Statement of Revenue, Expenses, and Changes in Net Position:

Net Position as of June 30, 2024 – previously reported	\$1,399,566,128
System Office GASB 96 SBITA Addition	(\$1,672,069)
Virginia Western GASB 87Lease Correction	(332,111)
Danville Community College Bulk Purchases	680,685
Change in accounting principle (GASB 101)	(12,098,830)
Net Position as of July 1, 2024 – as restated	<u>\$1,386,143,803</u>

W. New Accounting Pronouncements

In June 2022, GASB issued Statement No. 101, Compensated Absences. The objective of this Statement is to better meet the information needs of financial statement users by updating the recognition and measurement guidance for compensated absences. That objective is achieved by aligning the recognition and measurement guidance under a unified model and by amending certain previously required disclosures.

2. CASH AND INVESTMENTS

Cash and Cash Equivalents

Cash equivalents maintained by the VCCS are investments with original maturities of less than three months.

Pursuant to Section 2.2-1800, et seq., *Code of Virginia*, all state funds of the VCCS are maintained by the Treasurer of Virginia who is responsible for the collection, disbursement, custody, and investment of state funds.

Deposits

Local cash deposits with banks and savings institutions not with the Treasurer of Virginia are covered by federal depository insurance or collateralized in accordance with the Virginia Security of Public Deposits Act, Section 2.2-4400 et seq., *Code of Virginia*. Deposits covered by the Virginia Security of Public Deposits Act totaled \$49,963,143 at June 30, 2025.

Investments

Certain deposits and investments are held by the VCCS. Such investments are reported separately from cash and cash equivalents. Investments represent securities with original maturities of more than three months and for which management intends to hold the securities to maturity.

Investments in money market accounts, non-negotiable certificates of deposit, and the Virginia State Non-Arbitrage Program (SNAP) are reported at amortized cost. SNAP offers a professionally-managed money market mutual fund, which provides a temporary pooled investment vehicle for proceeds pending expenditure, and with record keeping, depository and arbitrage rebate calculations. This program complies with all standards of GASB Statement 79. SNAP investments are reported using the net asset value (NAV) per share, which is calculated on an amortized cost basis that provides an NAV that approximates fair value. VCCS did not have any SNAP investments at fiscal year end 2025. All other investments are reported at fair market value, in accordance with GASB Statement 31, *Accounting and Financial Reporting for Certain Investments and for External Investment Pools*, as amended by GASB Statement 72, *Fair Value Measurement and Application*. GASB Statement 72 provides guidance for determining fair value measurements using the level of fair value hierarchy and valuation techniques.

At June 30, 2025, the System had investments of \$88,852,222 in the Local Government Investment Pool (LGIP). The LGIP is an externally managed investment pool that is not registered with the Securities and Exchange Commission. Pursuant to the Code of Virginia, the Treasury Board of the Commonwealth sponsors the LGIP. The LGIP values portfolio securities by the amortized cost method and the maturity is less than one year. The System classified LGIP as cash and cash equivalents.

At June 30, 2025, the System had investments of \$3,998,065 in the Local Government Investment Pool - Extended Maturity (LGIP-EM), which is an externally managed investment pool that is not registered with the Securities and Exchange Commission. Pursuant to the Code of Virginia, the Treasury Board of the Commonwealth sponsors the LGIP-EM. The LGIP-EM portfolio reports its investments at fair value. The System classified LGIP-EM as short-term investments.

Investments of the member colleges of the VCCS are limited to those allowed under Chapter 45, Investments of Public Funds Act, Sections 2.2-4500, 2.2-4501, 2.2-4509 and 2.2-4510 of the *Code of Virginia*. Commonwealth of Virginia law limits investments in stocks, bonds, notes, and other evidences of indebtedness of the Commonwealth and those unconditionally guaranteed as to the payment of principal and interest by the Commonwealth. Investments in United States agencies all carry the explicit guarantee of the United States government. Additionally, Virginia's community colleges may participate in the Local Government Investment Pool as authorized by Chapter 46 of the *Code of Virginia* and managed by the Commonwealth of Virginia Treasury Board. Authorized investments in the Local Government Investment Pool are limited to those set forth for local officials in Chapter 45, Sections 2.2-4500 of the *Code of Virginia*.

Custodial Credit Risk

The custodial credit risk for deposits is the risk that, in the event of the failure of a depository financial institution, a government will not be able to recover deposits or will not be able to recover collateral securities that are in the possession of an outside party. The custodial credit risk for investments is the risk that, in the event of failure of the counterparty to a transaction, a government will not be able to recover the value of investment or collateral securities that are in the possession of an outside party. VCCS has no investments or deposits exposed to custodial credit risk for 2025.

Interest Rate Risk

Disclosure of the maturities of investments is required when the fair market value is adversely affected by changes in interest rates. Investments subject to interest rate risk are outlined in the accompanying chart.

Credit Risk

Disclosure of the credit quality rating is required for investments exposed to the risk that an issuer or other counterparty will not fulfill its obligations. Investments subject to credit rate risk are outlined in the accompanying chart.

Concentration of Credit Risk

Disclosure of any one issuer is required when it represents 5 percent or more of total investments. VCCS does not have such concentration of credit risk for 2025.

Foreign Currency Risk

Disclosure is required for investments exposed to changes in exchange rates that will adversely affect the fair value of an investment or a deposit. VCCS has no investments or deposits subject to Foreign Currency Risk for 2025.

Summary of VCCS Cash and Cash Equivalents

Cash and Cash Equivalents:

Local Cash and Cash Equivalents	\$ 153,325,481
Treasurer of Virginia	333,015,047

Fair Value Measurement

The following disclosures are made in accordance with GASB Statement 72 Fair Value Measurement and Application. This standard sets forth the framework for measuring fair value and provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The three levels of fair value hierarchy under GASB 72 are described as follows:

Level 1 inputs are quoted prices (unadjusted) for identical assets or liabilities in active markets that a government can access at the measurement date.

Level 2 inputs are inputs other than quoted prices included within Level 1 that are observable for an asset or liability, either directly or indirectly.

Level 3 inputs are unobservable inputs for an asset or liability.

Fair Value Measurement Using:	Quoted Prices In Active Markets for Identical Assets Level 1	Significant Other Observable Inputs Level 2	Significant Other Unobservable Inputs Level 3
Asset Backed Securities	-	\$ 8,209,025	-
Corporate Bonds	-	22,145,162	-
Negotiable Certificates of Deposit	-	14,368,403	-
Mutual and Money Market Funds	\$12,825,109	1,358,443	-
U.S. Treasury and Agency Securities	32,613,102	-	-
Repurchase Agreements	-	2,725,879	-
Total Investments measured at Fair Value	\$45,438,211	\$48,806,912	-

Investments measured at NAV are as follows:

	<u>Balance at</u> <u>6/30/2025</u>	<u>Unfunded</u> <u>Commitment</u>	<u>Redemption</u> <u>Frequency</u>	<u>Redemption</u> <u>Notice Period</u>
LGIP-EM	\$3,998,065	N/A	Weekly	5 days

Community College Foundations

The Foundations had the following cash, cash equivalents and investments as of June 30, 2025:

Cash and cash equivalents \$ 46,297,113

Investments:

Stocks	\$ 157,975,203
Mutual & Money Market Funds	131,623,216
Corporate bonds	39,794,936
Mortgage-Backed Securities	26,811,500
Investments in Real Estate	1,222,605
UVA Investment Management Company	18,135,763
US Government Securities	12,760,424
Fixed Income Funds	14,391,993
Asset Backed Securities	7,277,738
Municipal Securities	8,332,554
Investments in Limited Partnerships	3,337,507
Certificates of Deposit	8,616,332
Cash Surrender Value Life Insurance	606,755
Alternative Investments	6,546,697
Other	446,262
Total investments	<u>\$437,879,485</u>

Some VCCS foundations had balances in bank and savings institutions that exceeded federally-insured limits. However, the foundations do not believe this poses any significant credit risk.

3. RECEIVABLES AND ALLOWANCE FOR DOUBTFUL ACCOUNTS

The following receivables included an allowance for doubtful accounts at June 30, 2025:

Gross accounts receivable:	
Tuition and fees	\$22,568,514
Auxiliary enterprises	626,194
Federal, state, local and nongovernmental grants, gifts, contracts	4,598,015
Lease*	388,523
Other activities	969,253
Total gross accounts receivable	<u>\$29,150,499</u>
Less: Allowance for doubtful accounts	<u>(1,508,738)</u>
Net accounts receivable	<u>\$27,641,761</u>
Gross Loans and notes receivable	\$ 498,782
Less: Allowance for doubtful accounts	<u>(17,860)</u>
Net loans and notes receivable	<u>\$ 480,922</u>

*The System leases out cell tower space, Initial terms are typically 5 to 10 years and may contain rent escalation clauses, revenue share, and renewal options ranging from 1 to 10-year intervals. Discount rates on all current leases are 3.25%.

The lease and interest receivable for fiscal years subsequent to June 30, 2025, are as follows:

Year	Lease Receivable	Interest Receivable	Total
2026	\$ 137,750	\$ 10,412	\$ 148,162
2027	136,844	6,899	143,743
2028	96,025	3,170	99,195
2029	17,904	440	18,344
2030			-
2031-2035	-	-	-
Total	\$ 388,523	\$ 20,921	\$ 409,444

Receivables not expected to be collected within one year are \$371,794 in accounts, notes, and loans receivable.

Community College Foundations

The foundations have the following receivables as of June 30, 2025:

Gross accounts receivable	\$4,167,362
Less: Allowance for doubtful accounts	-
Net accounts receivable	<u>\$4,167,362</u>
Pledges receivable:	
Due in one year	\$4,693,864
Due in 1-5 years	3,926,271
Due in more than 5 years	939,046
Less: Allowance for doubtful accounts	(134,471)
Present value discount	(329,973)
Net pledges receivable	<u>\$9,094,737</u>
Gross loans, notes and interest receivable	\$384,714
Less: Allowance for doubtful accounts	-
Net loans and notes receivable	<u>\$384,714</u>

All accounts and notes receivable are expected to be collected within one year.

4. COMMONWEALTH EQUIPMENT AND CAPITAL PROJECT REIMBURSEMENT PROGRAMS

The Commonwealth has established several programs to provide state-supported institutions of higher education with bond proceeds for financing the acquisition and replacement of instructional equipment and facilities. During fiscal year 2025, funding has been provided to the VCCS from three programs: general obligation bonds 9(b), 21st Century, and Equipment Trust Fund managed by the Virginia College Building Authority (VCBA). The VCBA issues bonds and uses the proceeds to

reimburse the VCCS and other institutions of higher education for expenses incurred in the acquisition of equipment and facilities.

The line items, Due from Commonwealth, Current and Noncurrent, on the Statement of Net Position, for the year ended June 30, 2025, represent pending reimbursements from the following programs:

Due from Commonwealth, Current	
VCBA Equipment Trust Fund program	\$7,740,543
VCBA 21 st Century program	2,504,465
General Obligation Bond program	0
Other	519,749
Total Due from Commonwealth, Current	<u>\$10,764,757</u>
Due from Commonwealth, Noncurrent	
VCBA 21 st Century program	<u>\$2,853,747</u>
Total Due from Commonwealth, Noncurrent	<u>\$2,853,747</u>

5. CAPITAL ASSETS

Changes in capital assets for the year ended June 30, 2025 are as follows:

	Beginning Balance	Increases	Decreases	Ending Balance
Nondepreciable capital assets:				
Land/Land Improvements	\$ 72,468,431	\$ 164,773	\$ -	\$ 72,633,204
Inexhaustible Works of Art	148,174	-	-	148,174
Construction in Progress	98,241,633	58,204,262	(37,095,018)	119,350,877

Less: Accumulated depreciation	<u>(13,752,256)</u>
Depreciable capital assets, net	<u>\$66,931,982</u>
Total capital assets, net	<u>\$96,751,132</u>

6. ACCOUNTS AND RETAINAGE PAYABLE

Accounts and retainage payable consisted of the following as of June 30, 2025:

	VCCS	Foundations
Vendors payable	\$48,637,978	\$5,616,390
Students payable	1,926,684	-
Retainage payable	5,037,152	-
Taxes payable	16,302	-
Total	<u>\$55,618,116</u>	<u>\$5,616,390</u>

7. COMMITMENTS

At June 30, 2025, the VCCS was committed to contracts totaling \$308,049,322 of which \$164,017,846 was unexpended. The System held \$5,037,152 as retainage payable on construction and architectural/engineering contracts for work performed. The retainage payable will be remitted to the various contractors upon satisfactory completion of the construction projects.

8. DEFERRED OUTFLOWS AND INFLOWS OF RESOURCES

The composition of deferred outflows of resources on June 30, 2025, is summarized as follows:

Deferred Loss on Debt Defeasance	\$ 907,323
Pension	112,525,964
Post Employment Benefit	<u>24,024,508</u>
Total Deferred Outflows of Resources	<u>\$137,457,795</u>

The composition of deferred inflows of resources on June 30, 2025, is summarized as follows:

Deferred Gain on Debt Refunding	\$ 349,400
Leases	409,384
Pension	61,795,295
Post Employment Benefit	<u>31,584,941</u>
Total Deferred Inflows of Resources	<u>\$94,139,020</u>

9. LONG-TERM LIABILITIES

Long-term liability activity for the year ended June 30, 2025 is as follows:

	Beginning Balance	Additions	Reductions	Ending Balance	Amounts Due Within One Year
Debt:					
Leases (GASB 87)	\$ 28,849,999	\$ 38,645,188	\$ (13,712,226)	\$ 53,782,961	\$ 7,581,203
Leases (GASB 96)	17,808,792	620,739	(5,581,224)	12,848,307	5,388,114
Notes Payable:					
Installment purchases	237,340	-	(108,586)	128,754	112,912
Pooled bonds	66,100,166	-	(8,258,193)	57,841,973	7,740,000
Total bonds, notes and capital leases	\$ 112,996,297	\$ 39,265,927	\$ (27,660,229)	\$ 124,601,995	\$ 20,822,229
Other liabilities:					
Compensated absences	\$ 44,964,609	\$ 983,433	\$ -	\$ 45,948,042	\$ 23,566,263
Pension obligations	371,098,915	-	(18,321,931)	352,776,984	-
Postemployment benefits	88,759,402	141,708	(8,373,484)	80,527,626	2,189,593
Federal loan program contributions	1,069,483	-	(214,096)	855,387	-
Total other liabilities	\$ 505,892,409	\$ 1,125,141	\$ (26,909,511)	\$ 480,108,039	\$ 25,755,856
Total long-term liabilities	\$ 618,888,706	\$ 40,391,068	\$ (54,569,740)	\$ 604,710,034	\$ 46,578,085

In prior fiscal years, a portion of the VCBA Pooled Bonds, of which the VCCS has a share, has been defeased. Details relating to the current and prior years' defeasances are reported in the Commonwealth's Annual Comprehensive Financial Report.

Community College Foundations

The foundations had the following long-term liabilities as of June 30, 2025:

Notes payable	\$35,558,228
Trust & Annuity Obligations	51,406
Lease Obligations	9,778,949
Total long-term liabilities	45,388,583
Less current portion	1,448,188
Total long-term liabilities	<u>\$43,940,395</u>

10. NOTES PAYABLE

Notes payable represent agreements with the Virginia College Building Authority (VCBA) to finance the following projects:

Student Center for Tidewater Community College Norfolk Campus - The remaining balance is to be repaid in annual installments ranging from \$860,000 to \$1,095,000 with coupon rates ranging from 1.33% to 5.00% payable semiannually. The final installment of \$870,000 is due September 1, 2030. The outstanding balance at June 30, 2025, is \$6,117,077.

Workforce Training and Technology Center for J. Sargeant Reynolds Community College - The remaining balance is to be repaid in annual installments ranging from \$60,000 to \$70,000 with coupon rates ranging from 3.00% to 5.00% payable semiannually. The final installment of \$70,000 is

due September 1, 2029. The outstanding balance at June 30, 2025, is \$352,135.

Student Center for Tidewater Community College Virginia Beach Campus – The remaining balance is to be repaid in annual installments ranging from \$490,000 to \$585,000 with coupon rates ranging from 5.00% to 5.50% payable semiannually. The final installment of \$585,000 is due September 1, 2030. The outstanding balance at June 30, 2025, is \$3,808,570.

Student Center for Tidewater Community College Chesapeake Campus – The remaining balance is to be repaid in annual installments ranging from \$345,000 to \$415,000 with coupon rates ranging from 5.00% to 5.50% payable semiannually. The final installment of \$415,000 is due September 1, 2030. The outstanding balance at June 30, 2025, is \$2,693,632.

Student Center for Tidewater Community College Chesapeake Campus (17625); Student center for Virginia Campus (17067) - The remaining balance is to be repaid in annual installments ranging from \$1,455,000 to \$1,715,000 with coupon rates ranging from 1.53% to 5.00% payable semiannually. The final installment for the Virginia Beach Student Center of \$805,000 is due on September 1, 2031. The final installment for the Chesapeake Student Center of \$560,000 is due September 1, 2031, for 17787. The outstanding balance at June 30, 2025, is \$10,479,279.

Student Center for Blue Ridge Community College Weyers Cave Campus - The remaining balance is to be repaid in annual installments ranging from \$550,000 to \$660,000 with coupon rates ranging from 5.00% to 5.50% payable semiannually. The final installment of \$660,000 is due September 1, 2030. The outstanding balance at June 30, 2025, is \$3,730,719.

Student Center for Tidewater Community College Portsmouth Campus - The remaining balance is to be repaid in annual installments ranging from \$890,000 to \$1,065,000 with coupon rates ranging from 5.00% to 5.50% payable semiannually. The final installment of \$ 1,065,000 is due September 1, 2030. The outstanding balance at June 30, 2025, is \$6,035,561.

Student Center for Virginia Western Community College - The remaining balance is to be repaid in annual installments ranging from \$440,000 to \$470,000 with coupon rates ranging from 0.61% to 1.71% payable semiannually. The final installment of \$470,000 is due September 1, 2031. The outstanding balance at June 30, 2025, is \$3,150,000.

Parking garage for Germanna Community College - The remaining balance is to be repaid in annual installments ranging from \$380,000 to \$405,000 with coupon rates ranging from 0.61% to 1.71% payable semiannually. The final installment of \$405,000 is due September 1, 2031. The outstanding balance at June 30, 2025, is \$2,735,000.

Parking garage for Brightpoint Community College (now Brightpoint Community College) Midlothian Campus - The remaining balance is to be repaid in annual installments ranging from \$400,000 to \$440,000 with coupon rates ranging from 0.48% to 1.81% payable semiannually. The final installment of \$440,000 is due September 1, 2032. The outstanding balance at June 30, 2025, is \$3,335,000.

Parking garage for Tidewater Community College Chesapeake Campus - The remaining balance is to be repaid in annual installments ranging from \$1,490,000 to \$1,625,000 with coupon rates ranging from 0.61% to 1.81% payable semiannually. The final installment of \$1,625,000 is due September 1, 2032. The outstanding balance at June 30, 2025, is \$12,370,000.

Parking garage for Blue Ridge Community College Weyers Cave Campus - The remaining balance is to be repaid in annual installments ranging from \$285,000 to \$325,000 with coupon rates ranging from 0.61% to 2.01% payable semiannually. The final installment of \$325,000 is due September 1, 2034. The outstanding balance at June 30, 2025, is \$3,035,000.

The Virginia Community College System's general revenues, not otherwise obligated, secure these notes.

Scheduled maturities of notes payable are as follows:

Year Ending June 30	Principal	Interest	Total Payments
2026	\$ 7,740,000	\$ 1,603,277	\$ 9,343,277
2027	7,935,000	1,365,816	9,300,816
2028	8,130,000	1,103,672	9,233,672
2029	8,395,000	809,577	9,204,577
2030	8,385,000	509,418	8,894,418
2031-2035	15,700,000	391,888	16,091,888
Sub Totals	\$ 56,285,000	\$ 5,783,648	\$ 62,068,648
Plus Bond Premium	1,556,973	-	1,556,973
Totals	\$ 57,841,973	\$ 5,783,648	\$ 63,625,621

11. LEASE COMMITMENTS, SUBSCRIPTION-BASED INFORMATION TECHNOLOGY AGREEMENTS, AND INSTALLMENT PURCHASES

The System leases certain office space, academic space, laboratory space, and equipment. Initial terms are typically 3 to 15 years and may contain rent escalation clauses and renewal options ranging from 1 to 10-year intervals. Discount rates ranging from 1.7% to 5.5% were used.

The future minimum lease obligations for fiscal years subsequent to June 30, 2025, are as follows:

GASB 87			
Year	Liability Reduction	Interest	Total
2026	\$ 7,581,203	\$ 2,805,412	\$ 10,386,615
2027	7,045,907	2,511,495	9,557,402
2028	6,474,588	2,214,888	8,689,476
2029	4,918,758	1,954,717	6,873,475
2030	4,818,194	1,731,520	6,549,714
2031+	22,944,311	12,222,676	35,166,987
Total	\$ 53,782,961	\$ 23,440,708	\$ 77,223,669

Future obligations under Subscription-Based Information Technology Agreements for fiscal years subsequent to June 30, 2025, are as follows:

GASB 96				
Year	Liability Reduction	Interest	Total	
2026	\$ 5,388,114	\$ 742,467	\$	6,130,581
2027	3,111,346	422,107		3,533,453
2028	2,177,386	251,349		2,428,735
2029	2,164,427	125,379		2,289,806
2030	7,034	580		7,614
Total	\$ 12,848,307	\$ 1,541,882	\$	14,390,189

A summary of future obligations under lease agreements as of June 30, 2025, follows:

Year Ending June 30	Installment Purchase Obligations	Short Term Lease Obligations(GASB87)	Short Term Lease Obligations(GASB96)
2026	117,768	\$ 469,414	\$ 420,477
2027	8,189	246,787	652
2028	8,189	149,088	311
2029	-	108,519	0
2030+	-	57,309	2,801
Total obligation and gross minimum lease payments	\$ 134,146	\$ 1,031,117	\$ 424,241
Less: Interest	(5,392)	-	-
Present value of minimum lease payments	\$ 128,754	\$ 1,031,117	\$ 424,241

The System is committed under various lease and installment purchase agreements. The cost of assets capitalized under installment purchase agreements totals \$2,487,507. Rent expenses under short-term lease agreements amounted to \$469,414 for the year. Subscription-Based Information Technology Agreement expenses amounted to \$420,477 for the year.

12. OPERATING EXPENSES BY NATURAL AND FUNCTIONAL CLASSIFICATIONS

VCCS operating expenses for the year ended June 30, 2025 were as follows:

Natural Classification

Functional Classification	Salaries & Benefits	Utilities	Scholarships	Depreciation & Amortization	Supplies Services & Other	Total
Instruction	\$ 387,804,675	\$ 358,009	\$ 15,127,471	\$ 66,992,443	\$ 59,988,523	\$ 530,271,121
Public Service	13,554,822	1,197	279,336	365,539	9,371,260	23,572,154
Academic Support	92,243,432	233,574	555,345	5,562,023	35,304,405	133,898,779
Student Services	110,637,978	407	780,080	2,998,773	14,023,830	128,441,068

Operation & Maintenance	48,322,122	21,302,298	-	6,198,974	105,251,279	181,074,673
Scholarships and Fellowships	123,174	-	179,555,924	-	1,986,465	181,665,563
Auxiliary Enterprises	6,082,594	684,862	31,040	3,451,666	7,277,721	17,527,883
Other Expenses	-	-	-	-	12,849	12,849
Total Expenses	\$ 813,701,264	\$ 23,110,682	\$ 196,725,146	\$ 86,306,450	\$ 298,058,150	\$ 1,417,901,692

13. STATE APPROPRIATIONS

All Commonwealth unrestricted revenues must be appropriated by the Legislature and are provided on an annual basis. Unspent balances of these appropriations at the close of the fiscal year revert to the Commonwealth's General Fund. These reverted funds are eligible for re-appropriation in fiscal year 2024-25 provided that the VCCS meets financial and administrative standards outlined in the *Code of Virginia*.

During the year ended June 30, 2025, the Virginia Community College System received the following general fund appropriations in accordance with the 2024 – 2025 amended budget Chapter 2, approved May 13, 2024.

Subtractions:	
Net Central Accounts Distributions	12,325,330
Carryover (reappropriate) FY24 year end balances	109,206,967
VMSPD waivers	1,297,900
Transfer from SCHEV - VIVA Open Course Grants	71,160
Transfer from SCHEV - FY24 VIVA ILL Allocation	23,691
Tech Talent Investment Program funding	1,272,643
VMSPD waiver payout from SCHEV	3,163,200
Equipment Trust Fund lease payment (NGF)	(633,657)
Capital Fee transfers	(3,301,665)
Chapter 725 changes in FY2025 operating dollar appropriations	10,003,100
E&G interest earning and credit card rebates	7,025,312
FY2025 employee bonus payment distribution	4,475,654
Transfer of G3 dollars to match a grant from US Dept of Energy - 201 D.8.B	500,000
Reversion	(66,725,417)
Philpott manufacturing	(1,752,812)
Adjusted Unrestricted Appropriations	<u>\$ 660,579,932</u>

Other restricted appropriations were \$123,078,682 for a total of \$783,658,614

14. EQUIPMENT TRUST FUND

The System participates in the Higher Education Equipment Trust Fund (HEETF) of the Virginia College Building Authority (VCBA). The HEETF provides funds to public colleges and universities for equipment acquisitions using proceeds from revenue bonds issued for this purpose.

15. DONOR-RESTRICTED ENDOWMENTS

VCCS has two donor-restricted endowments. The net appreciation on investments of donor-restricted endowments that is available for expenditure by the governing board did not change for the year ended June 30, 2025. These amounts are reported as restricted expendable net position. Total-return policy is followed for authorizing and spending investment income.

16. CONTINGENCIES ON GRANTS

The VCCS receives assistance from non-state grantor agencies in the form of grants. Entitlement to these resources is generally conditional upon compliance with the terms and conditions of grant agreements. Substantially all grants are subject to financial and compliance audits by the grantors. All disallowances as a result of these audits become a liability of the VCCS. As of June 30, 2025, the VCCS estimates that no material liabilities will result from such audits.

17. RETIREMENT PLANS

Virginia Retirement System – General Information about the Pension Plans

Plan Description

All full-time, salaried permanent employees of state agencies are automatically covered by the VRS State Employee Retirement Plan or the VaLORS Retirement Plan upon employment. These plans are administered by the Virginia Retirement System (the System) along with plans for other employer groups in the Commonwealth of Virginia. Members earn one month of service credit for each month they are employed and for which they and their employer pay contributions to VRS. Members are eligible to purchase prior service, based on specific criteria as defined in the *Code of Virginia*, as amended. Eligible prior service that may be purchased includes prior public service, active military service, certain periods of leave, and previously refunded service.

The System administers three different benefit structures for covered employees in the VRS State Employee Retirement Plan – Plan 1, Plan 2, and Hybrid; and two different benefit structures for covered employees in the VaLORS Retirement Plan – Plan 1 and Plan 2. Each of these benefit structures has different eligibility criteria. The specific information for each plan and the eligibility for covered groups within each plan are set out in the table below:

RETIREMENT PLAN PROVISIONS BY PLAN STRUCTURE

PLAN 1	PLAN 2	HYBRID RETIREMENT PLAN
About Plan 1 Plan 1 is a defined benefit plan. The retirement benefit is based on a member's age, service credit and average final compensation at retirement using a formula.	About Plan 2 Same as Plan 1.	About the Hybrid Retirement Plan The Hybrid Retirement Plan combines the features of a defined benefit plan and a defined contribution plan. • The defined benefit is based on a member's age, service credit and average final compensation at retirement using a formula. • The benefit from the defined contribution component of the plan depends on the member and employer contributions made to the plan and the investment performance of those contributions. • In addition to the monthly benefit payment payable from the defined benefit plan at retirement, a member may start receiving distributions from the balance in the defined contribution account, reflecting the contributions, investment gains or losses, and any required fees.

RETIREMENT PLAN PROVISIONS BY PLAN STRUCTURE

PLAN 1	PLAN 2	HYBRID RETIREMENT PLAN
Eligible Members Employees are in Plan 1 if their membership date is before July 1, 2010, they were vested as of January 1, 2013, and they have not taken a refund. Hybrid Opt-In Election VRS Plan 1 members were allowed to make an irrevocable decision to opt into the Hybrid Retirement Plan during a special election window held January 1 through April 30, 2014. The Hybrid Retirement Plan's effective date for eligible Plan 1 members who opted in was July 1, 2014. If eligible deferred members returned to work during the election window, they were also eligible to opt into the Hybrid Retirement Plan.	Eligible Members Employees are in Plan 2 if their membership date is from July 1, 2010, to December 31, 2013, and they have not taken a refund, or their membership date is prior to July 1, 2010, and they were not vested as of January 1, 2013. Hybrid Opt-In Election Same as Plan 1.	Eligible Members Employees are in the Hybrid Retirement Plan if their membership date is on or after January 1, 2014. This includes: • Full-time permanent, salaried state employees.* • Members in Plan 1 or Plan 2 who elected to opt into the plan during the election window held January 1-April 30, 2014; the plan's effective date for opt-in members was July 1, 2014 <i>*Non-Eligible Members</i> Some employees are not eligible to participate in the Hybrid Retirement Plan. They include: Members of the Virginia Law Officers' Retirement System (VaLORS) Those employees eligible for an optional retirement plan (ORP) must elect the ORP plan or the Hybrid Retirement Plan. If these members have prior service under Plan 1 or Plan 2, they are not eligible to elect the Hybrid Retirement Plan and must select Plan 1 or Plan 2 (as applicable) or ORP.

RETIREMENT PLAN PROVISIONS BY PLAN STRUCTURE

PLAN 1	PLAN 2	HYBRID RETIREMENT PLAN
Retirement Contributions State employees, excluding state elected officials, and optional retirement plan participants, contribute 5% of their compensation each month to their member contribution account through a pretax salary reduction. Member contributions are tax-deferred until they are withdrawn as part of a retirement benefit or as a refund. The employer makes a separate actuarially determined contribution to VRS for all covered employees. VRS invests both member and employer contributions to provide funding for the future benefit payments. Service Credit Service credit includes active service. Members earn service credit for each month they are employed in a covered position. It also may include credit for prior service the member has purchased or additional service credit the member was granted. A member's total service credit is one of the factors used to determine their eligibility for retirement and to calculate their retirement benefit. It also may count toward eligibility for the health insurance credit in retirement, if the employer offers the health insurance credit.	Retirement Contributions Same as Plan 1. Service Credit Same as Plan 1.	Retirement Contributions A member's retirement benefit is funded through mandatory and voluntary contributions made by the member and the employer to both the defined benefit and the defined contribution components of the plan. Mandatory contributions are based on a percentage of the employee's creditable compensation and are required from both the member and the employer. Additionally, members may choose to make voluntary contributions to the defined contribution component of the plan, and the employer is required to match those voluntary contributions according to specified percentages. Service Credit Defined Benefit Component: Under the defined benefit component of the plan, service credit includes active service. Members earn service credit for each month they are employed in a covered position. It also may include credit for prior service the member has purchased or additional service credit the member was granted. A member's total service credit is one of the factors used to determine their eligibility for retirement and to calculate their retirement benefit. It also may count toward eligibility for the health insurance credit in retirement, if the employer offers the health insurance credit. Defined Contributions Component: Under the defined contribution component, service credit is used to determine vesting for the employer contribution portion of the plan.

RETIREMENT PLAN PROVISIONS BY PLAN STRUCTURE

PLAN 1	PLAN 2	HYBRID RETIREMENT PLAN
Vesting Vesting is the minimum length of service a member needs to qualify for a future retirement benefit. Members become vested when they have at least five years (60 months) of service credit. Vesting means members are eligible to qualify for retirement if they meet the age and service requirements for their plan. Members also must be vested to receive a full refund of their member contribution account balance if they leave employment and request a refund. Members are always 100% vested in the contributions that they make.	Vesting Same as Plan 1.	Vesting <i>Defined Benefit Component:</i> Defined benefit vesting is the minimum length of service a member needs to qualify for a future retirement benefit. Members are vested under the defined benefit component of the Hybrid Retirement Plan when they reach five years (60 months) of service credit. Plan 1 or Plan 2 members with at least five years (60 months) of service credit who opted into the Hybrid Retirement Plan remain vested in the defined benefit component. <i>Defined Contributions Component:</i> Defined contribution vesting refers to the minimum length of service a member needs to be eligible to withdraw the employer contributions from the defined contribution component of the plan. Members are always 100% vested in the contributions that they make. Upon retirement or leaving covered employment, a member is eligible to withdraw a percentage of employer contributions to the defined contribution component of the plan, based on service. • After two years, a member is 50% vested and may withdraw 50% of employer contributions. • After three years, a member is 75% vested and may withdraw 75% of employer contributions. • After four or more years, a member is 100% vested and may withdraw 100% of employer contributions. Distributions not required, except as governed by law.

RETIREMENT PLAN PROVISIONS BY PLAN STRUCTURE		
PLAN 1	PLAN 2	HYBRID RETIREMENT PLAN
Calculating the Benefit The basic benefit is determined using the average final compensation, service credit and plan multiplier. An early retirement reduction is applied to this amount if the member is retiring with a reduced benefit. In cases where the member has elected an optional form of retirement payment, an option factor specific to the option chosen is then applied.	Calculating the Benefit See definition under Plan 1.	Calculating the Benefit <i>Defined Benefit Component:</i> See definition under Plan 1 <i>Defined Contribution Component:</i> The benefit is based on contributions made by the member and any matching contributions made by the employer, plus net investment earnings on those contributions.
Average Final Compensation A member's average final compensation is the average of the 36 consecutive months of highest compensation as a covered employee.	Average Final Compensation A member's average final compensation is the average of their 60 consecutive months of highest compensation as a covered employee.	Average Final Compensation Same as Plan 2. It is used in the retirement formula for the defined benefit component of the plan.
Service Retirement Multiplier VRS: The retirement multiplier is a factor used in the formula to determine a final retirement benefit. The retirement multiplier for non-hazardous duty members is 1.70%. VaLORS: The retirement multiplier for VaLORS employees is 1.70% or 2.00%.	Service Retirement Multiplier VRS: Same as Plan 1 for service earned, purchased or granted prior to January 1, 2013. For non-hazardous duty members, the retirement multiplier is 1.65% for service credit earned, purchased or granted on or after January 1, 2013. VaLORS: The retirement multiplier for VaLORS employees is 2.00% applied to hazardous duty service and 1.70% applied to non-hazardous duty service and no supplement.	Service Retirement Multiplier <i>Defined Benefit Component:</i> VRS: The retirement multiplier for the defined benefit component is 1.00%. For members who opted into the Hybrid Retirement Plan from Plan 1 or Plan 2, the applicable multipliers for those plans will be used to calculate the retirement benefit for service credited in those plans. VaLORS: Not applicable. <i>Defined Contribution Component:</i> Not applicable.

RETIREMENT PLAN PROVISIONS BY PLAN STRUCTURE		
PLAN 1	PLAN 2	HYBRID RETIREMENT PLAN
Normal Retirement Age VRS: Age 65. VaLORS: Age 60.	Normal Retirement Age VRS: Normal Social Security retirement age. VaLORS: Same as Plan 1.	Normal Retirement Age <i>Defined Benefit Component:</i> VRS: Same as Plan 2. VaLORS: Not applicable. <i>Defined Contribution Component:</i> Members are eligible to receive distributions upon leaving employment, subject to restrictions.
Earliest Unreduced Retirement Eligibility VRS: Age 65 with at least five years (60 months) of service credit or at age 50 with at least 30 years of service credit. VaLORS: Age 60 with at least five years of service credit or age 50 with at least 25 years of service credit. Earliest Reduced Retirement Eligibility VRS: Age 55 with at least five years (60 months) of service credit or age 50 with at least 10 years of service credit. VaLORS: Age 50 with at least five years of service credit.	Earliest Unreduced Retirement Eligibility VRS: Normal Social Security retirement age with at least five years (60 months) of service credit or when their age and service equal 90. VaLORS: Same as Plan 1. Earliest Reduced Retirement Eligibility VRS: Age 60 with at least five years (60 months) of service credit. VaLORS: Same as Plan 1.	Earliest Unreduced Retirement Eligibility <i>Defined Benefit Component:</i> VRS: Same as Plan 2. VaLORS: Not applicable. <i>Defined Contribution Component:</i> Members are eligible to receive distributions upon leaving employment, subject to restrictions. Earliest Reduced Retirement Eligibility <i>Defined Benefit Component:</i> VRS: Same as Plan 2. VaLORS: Not applicable. <i>Defined Contribution Component:</i> Members are eligible to receive distributions upon leaving employment, subject to restrictions.

RETIREMENT PLAN PROVISIONS BY PLAN STRUCTURE

Cost-of-Living Adjustment (COLA) in Retirement

The Cost-of-Living Adjustment (COLA) matches the first 3% increase in the Consumer Price Index for all Urban Consumers (CPI-U) and half of any additional increase (up to 4%) up to a maximum COLA of 5%.

Eligibility:

For members who retire with an unreduced benefit or with a reduced benefit with at least 20 years of service credit, the COLA will go into effect on July 1 after one full calendar year from the retirement date.

For members who retire with a reduced benefit and who have less than 20 years of service credit, the COLA will go into effect on July 1 after one calendar year following the unreduced retirement eligibility date.

Exceptions to COLA Effective Dates:

- The COLA is effective July 1 following one full calendar year (January 1 to December 31) under any of the following circumstances:
- The member is within five years of qualifying for an unreduced retirement benefit as of January 1, 2013.
 - The member retires on disability.
 - The member retires directly from short-term or long-term disability.
 - The member is involuntarily separated from employment for causes other than job performance or misconduct and is eligible to retire under the Workforce Transition Act or the Transitional Benefits Program.
 - The member dies in service and the member's survivor or beneficiary is eligible for a monthly death-in-service benefit.

The COLA will go into effect on July 1 following one full calendar year (January 1 to December 31) from the date the monthly benefit begins.

Cost-of-Living Adjustment (COLA) in Retirement

The Cost-of-Living Adjustment (COLA) matches the first 2% increase in the CPI-U and half of any additional increase (up to 2%), for a maximum COLA of 3%.

Eligibility:

Same as Plan 1.

Exceptions to COLA Effective Dates:

Same as Plan 1.

Cost-of-Living Adjustment (COLA) in Retirement

Defined Benefit Component:
Same as Plan 2.

Defined Contribution Component:
Not applicable.

Eligibility:

Same as Plan 1 and Plan 2.

Exceptions to COLA Effective Dates:

Same as Plan 1 and Plan 2.

RETIREMENT PLAN PROVISIONS BY PLAN STRUCTURE		
PLAN 1	PLAN 2	HYBRID RETIREMENT PLAN
Disability Coverage For members who are eligible to be considered for disability retirement and retire on disability, the retirement multiplier is 1.70% on all service, regardless of when it was earned, purchased or granted. Most state employees are covered under the Virginia Sickness and Disability Program (VSDP), and are not eligible for disability retirement. VSDP members are subject to a one-year waiting period before becoming eligible for non-work-related disability benefits.	Disability Coverage For members who are eligible to be considered for disability retirement and retire on disability, the retirement multiplier is 1.65% on all service, regardless of when it was earned, purchased or granted. Most state employees are covered under the Virginia Sickness and Disability Program (VSDP), and are not eligible for disability retirement. VSDP members are subject to a one-year waiting period before becoming eligible for non-work related disability benefits.	Disability Coverage State employees (including Plan 1 and Plan 2 opt-ins) participating in the Hybrid Retirement Plan are covered under the Virginia Sickness and Disability Program (VSDP), and are not eligible for disability retirement. Hybrid members (including Plan 1 and Plan 2 opt-ins) covered under VSDP are subject to a one-year waiting period before becoming eligible for non-work-related disability benefits.
Purchase of Prior Service Members may be eligible to purchase service from previous public employment, active duty military service, an eligible period of leave or VRS refunded service as service credit in their plan. Prior service credit counts toward vesting, eligibility for retirement and the health insurance credit. Only active members are eligible to purchase prior service. Members also may be eligible to purchase periods of leave without pay.	Purchase of Prior Service Same as Plan 1.	Purchase of Prior Service <i>Defined Benefit Component:</i> Same as Plan 1, with the following exception: Hybrid Retirement Plan members are ineligible for ported service. <i>Defined Contribution Component:</i> Not applicable.

Contributions

The contribution requirement for active employees is governed by § 51.1-145 of the Code of Virginia, as amended, but may be impacted as a result of funding provided to state agencies by the Virginia General Assembly. Employees are required to contribute 5.00% of their compensation toward their retirement. Each state agency's contractually required employer contribution rate for the fiscal year ended June 30, 2025, was 12.52% of covered employee compensation for employees in the VRS State Employee Retirement Plan. For employees in the VaLORS Retirement Plan, the contribution rate was 24.60% of covered employee compensation. These rates were the final approved General Assembly rates which were based on actuarially determined rates from an actuarial valuation as of June 30, 2023. The actuarially determined rates, when combined with employee contributions, were expected to finance the costs of benefits earned by employees during the year, with an additional amount to finance

any unfunded accrued liability. Contributions from VCCS to the VRS State Employee Retirement Plan were \$50,693,653 and \$51,053,582 for the years ended June 30, 2025, and June 30, 2024, respectively. Contributions from the VCCS to the VaLORS Retirement Plan were \$1,821,481 and \$1,714,724 for the years ended June 30, 2025 and June 30, 2024, respectively.

The defined contributions component of the Hybrid plan includes member and employer mandatory and voluntary contributions. The Hybrid plan member must contribute a mandatory rate of 1% of their covered payroll. The employer must also contribute a mandatory rate of 1% of this covered payroll, which totaled \$1,831,235 for the year ended June 30, 2025. Hybrid plan members may also elect to contribute an additional voluntary rate of up to 4% of their covered payroll; which would require the employer a mandatory additional contribution rate of up to 2.5%. This additional employer mandatory contribution totaled \$2,564,049 for the year ended June 30, 2025. The total Hybrid plan participant covered payroll totaled \$197,009,245 for the year ended June 30, 2025.

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

At June 30, 2025, the VCCS reported a liability of \$342,633,749 for its proportionate share of the VRS State Employee Retirement Plan Net Pension Liability and a liability of \$10,143,235 for its proportionate share of the VaLORS Retirement Plan Net Pension Liability. The Net Pension Liability was measured as of June 30, 2024, and the total pension liability used to calculate the Net Pension Liability was determined by an actuarial valuation performed as of June 30, 2023, and rolled forward to the measurement date of June 30, 2024. The VCCS's proportion of the Net Pension Liability was based on the VCCS's actuarially determined employer contributions to the pension plans for the year ended June 30, 2024, relative to the total of the actuarially determined employer contributions for all participating employers. At June 30, 2024, the VCCS' proportion of the VRS State Employee Retirement Plan was 6.96% as compared to 7.14% at June 30, 2023. At June 30, 2024, the VCCS' proportion of the VaLORS Retirement Plan was 1.52% as compared to 1.52% at June 30, 2023.

For the year ended June 30, 2025, the VCCS recognized pension expense of \$30,497,867 for the VRS State Employee Retirement Plan and \$1,412,326 for the VaLORS Retirement Plan. Since there was a change in proportionate share between June 30, 2023, and June 30, 2024, a portion of the pension expense was related to deferred amounts from changes in proportion and differences between employer contributions and the proportionate share of employer contributions. Beginning with the June 30, 2022 measurement date, the difference between expected and actual contributions is included with the pension expense calculation.

At June 30, 2025, the VCCS reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

VRS State Employer Retirement Plan	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$ 56,203,013	\$ 1,889,417
Net difference between projected and actual earnings on pension plan investments	-	44,122,993
Change in assumptions	-	-
Changes in proportion and differences between Employer contributions and proportionate share of contributions	3,078,639	13,933,460
Employer contributions subsequent to the measurement date	50,693,653	-
Total	\$ 109,975,305	\$ 59,945,870

VaLORS Retirement Plan	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$ 588,975	\$ -
Net difference between projected and actual earnings on pension plan investments	-	792,168
Change in assumptions	-	-
Changes in proportion and differences between Employer contributions and proportionate share of contributions	140,204	142,677
Employer contributions subsequent to the measurement date	1,821,481	-
Total	\$ 2,550,660	\$ 934,845

\$52,515,134 reported as deferred outflows of resources related to pensions resulting from the VCCS's contributions subsequent to the measurement date will be recognized as a reduction of the Net Pension Liability in the fiscal year ending June 30, 2026. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense in future reporting periods as follows:

Year ended June 30

	VRS Retirement Plan	VaLORS Retirement Plan
FY 2026	\$ (16,952,035)	\$ (110,950)
FY 2027	29,749,697	230,987
FY 2028	(4,825,853)	(155,184)
FY 2029	(9,550,606)	(170,518)
FY 2030	-	-

Actuarial Assumptions

The total pension liability for the VRS State Employee Retirement Plan was based on an actuarial valuation as of June 30, 2023, using the Entry Age Normal actuarial cost method and the following assumptions, applied to all periods included in the measurement and rolled forward to the measurement date of June 30, 2024.

Inflation	2.50%
Salary increases, including Inflation	3.50% – 5.35%
Investment rate of return	6.75%, net of pension plan investment expenses, including inflation

Mortality rates – VRS State Employees	
Pre-retirement:	Pub-2010 Amount Weighted General Employee Rates projected generationally; females set forward 2 years
Post-retirement:	Pub-2010 Amount Weighted General Healthy Retiree Rates projected generationally; 110% of rates for females
Post-disablement:	Pub-2010 Amount Weighted General Disabled Rates projected generationally; males and females set forward 3 years
Beneficiaries and Survivors:	Pub-2010 Amount Weighted General Contingent Annuitant Rates projected generationally; 110% of rates for males and females
Mortality Improvement:	Rates projected generationally with Modified MP-2020 Improvement Scale that is 75% of the MP-2020 rates

The actuarial assumptions used in the June 30, 2023, valuation were based on the results of an actuarial experience study for the period from July 1, 2016, through June 30, 2020. Changes to the actuarial assumptions as a result of the experience study and VRS Board action are as follows:

Mortality Rates (Pre-retirement, post-retirement healthy, and disabled)	Update to PUB2010 public sector mortality tables. For future mortality improvements, replace load with a modified Mortality Improvement Scale MP-2020
Retirement Rates	Adjusted rates to better fit experience for Plan 1; set separate rates based on experience for Plan 2/Hybrid; changed final retirement age from 75 to 80 for all
Withdrawal Rates	Adjusted rates to better fit experience at each year age and service through 9 years of service
Disability Rates	No change
Salary Scale	No change
Line of Duty Disability	No change
Discount Rate	No change

The total pension liability for the VaLORS Retirement Plan was based on an actuarial valuation as of June 30, 2023, using the Entry Age Normal actuarial cost method and the following assumptions, applied to all periods included in the measurement and rolled forward to the measurement date of June 30, 2024.

Inflation	2.50%
Salary increases, including Inflation	3.50% – 5.35%
Investment rate of return	6.75%, net of pension plan investment expenses, including inflation

Mortality rates – VaLORS Employees
Pre-retirement: Pub-2010 Amount Weighted General Employee Rates projected generationally; 95% of rates for males; 105% of rates for females set forward 2 years Post-retirement: Pub-2010 Amount Weighted General Healthy Retiree Rates projected generationally; 110% of rates for males; 105% of rates for females set forward 3 years Post-disablement: Pub-2010 Amount Weighted General Disabled Rates projected generationally; males and females set forward 3 years Beneficiaries and Survivors: Pub-2010 Amount Weighted General Contingent Annuitant Rates projected generationally; 110% of rates for males and females Mortality Improvement: Rates projected generationally with Modified MP-2020 Improvement Scale that is 75% of the MP-2020 rates

The actuarial assumptions used in the June 30, 2022, valuation were based on the results of an actuarial experience study for the period from July 1, 2016, through June 30, 2020 except the change in the discount rate, which was based on VRS Board action effective as of July 1, 2021. Changes to the actuarial assumptions as a result of the experience study and VRS Board action are as follows:

Mortality Rates (Pre-retirement, post-retirement healthy, and disabled)	Update to PUB2010 public sector mortality tables. For future mortality improvements, replace load with a modified Mortality Improvement Scale MP-2020
Retirement Rates	Increased rates at some younger ages, decreased at age 62, and changed final retirement age from 65 to 70
Withdrawal Rates	Adjusted rates to better fit experience at each year age and service through 9 years of service
Disability Rates	No change
Salary Scale	No change
Line of Duty Disability	No change
Discount Rate	No change

Net Pension Liability

The net pension liability (NPL) is calculated separately for each plan and represents that particular plan's total pension liability determined in accordance with GASB Statement No. 67, less that plan's fiduciary net position. As of June 30, 2024, NPL amounts for the VRS State Employee Retirement Plan and the VaLORS Retirement Plan are as follows (amounts expressed in thousands):

	State Employee Retirement Plan	VaLORS Retirement Plan
Total Pension Liability	\$ 29,769,365	\$ 2,743,541
Plan Fiduciary Net Position	<u>24,843,784</u>	<u>2,076,732</u>
Employers' Net Pension Liability (Asset)	<u>\$ 4,925,581</u>	<u>\$ 666,809</u>
Plan Fiduciary Net Position as a Percentage of the Total Pension Liability	83.45%	75.70%

The total pension liability is calculated by the System's actuary, and each plan's fiduciary net position is reported in the System's financial statements. The net pension liability is disclosed in accordance with the requirements of GASB Statement No. 67 in the System's notes to the financial statements and required supplementary information.

Long-Term Expected Rate of Return

The long-term expected rate of return on pension System investments was determined using a log-normal distribution analysis in which best-estimate ranges of expected future real rates of return (expected returns, net of pension System investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target asset allocation and best estimate of arithmetic real rates of return for each major asset class are summarized in the following table:

Asset Class (Strategy)	Long-Term Target Asset Allocation	Arithmetic Long-Term Expected Rate of Return	Weighted Average Long-Term Expected Rate of Return*
Public Equity	32.00%	6.70%	2.14%
Fixed Income	16.00%	5.40%	0.86%
Credit Strategies	16.00%	8.10%	1.30%
Real Assets	15.00%	7.20%	1.08%
Private Equity	15.00%	8.70%	1.31%
PIP - Private Investment	1.00%	8.00%	0.08%
Diversifying Strategies	6.00%	5.80%	0.35%
Cash	2.00%	3.00%	0.06%
Leverage	(3.00%)	3.50%	(0.11%)
Total	<u>100.00%</u>		<u>7.07%</u>
			<u>7.07%</u>

** The above allocation provides a one-year expected return of 7.07% (includes 2.50% inflation assumption). However, one-year returns do not take into account the volatility present in each of the asset classes. In setting the long-term expected return for the System, stochastic projections are employed to model future returns under various economic conditions. These results provide a range of returns over various time periods that ultimately provide a median return of 7.10%, including expected inflation of 2.50%.*

On June 15, 2023, the VRS Board elected a long-term rate of return of 6.75%, which was roughly at the 45th percentile of expected long-term results of the VRS fund asset allocation at that time, providing a median return of 7.14%, including expected inflation of 2.50%.

Discount Rate

The discount rate used to measure the total pension liability was 6.75%. The projection of cash flows used to determine the discount rate assumed that System member contributions will be made per the VRS Statutes and the employer contributions will be made in accordance with the VRS funding policy at rates equal to the difference between actuarially determined contribution rates adopted by the VRS Board of Trustees and the member rate. Through the fiscal year ending June 30, 2024, the rate contributed by the VCCS for the VRS State Employee Retirement Plan and the VaLORS Retirement Plan will be subject to the portion of the VRS Board-certified rates that are funded by the Virginia General Assembly, which was 102% of the actuarially determined contribution rate. From July 1, 2024, on, all agencies are assumed to continue to contribute 100% of the actuarially determined contribution rates. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current active and inactive employees. Therefore, the long-term expected rate of return was applied to all periods of projected benefit payments to determine the total pension liability.

Sensitivity of the VCCS' Proportionate Share of the Net Pension Liability to Changes in the Discount Rate

The following presents the VCCS' proportionate share of the VRS State Employee Retirement Plan net pension liability using the discount rate of 6.75%, as well as what the VCCS' proportionate share of the net pension liability would be if it were calculated using a discount rate that is one percentage point lower (5.75%) or one percentage point higher (7.75%) than the current rate:

	1.00% Decrease (5.75%)	Current Discount Rate (6.75%)	1.00% Increase (7.75%)
VCCS' proportionate share of the VRS State Employee Retirement Plan Net Pension Liability	\$ 584,039,427	\$ 342,633,749	\$ 141,314,716

The following presents the VCCS' proportionate share of the VaLORS Retirement Plan net pension liability using the discount rate of 6.75%, as well as what the VCCS' proportionate share of the net pension liability would be if it were calculated using a discount rate that is one percentage point lower (5.75%) or one percentage point higher (7.75%) than the current rate:

	1.00% Decrease (5.75%)	Current Discount Rate (6.75%)	1.00% Increase (7.75%)
VCCS' proportionate share of the VaLORS Retirement Plan Net Pension Liability	\$ 15,595,918	\$ 10,143,235	\$ 5,727,172

Pension Plan Fiduciary Net Position

Detailed information about the VRS State Employee Retirement Plan's Fiduciary Net Position or the VaLORS Retirement Plan's Fiduciary Net Position is available in the separately issued VRS 2024 Annual Report. A copy of the 2024 VRS Annual Report may be downloaded from the VRS website at varetire.org/pdf/publications/2024-annual-report.pdf, or by writing to the System's Chief Financial Officer at P.O. Box 2500, Richmond, VA 23218-2500.

Payables to the Pension Plan

The VCCS recognized \$65,139,169 as Accrued Payroll Expenses as of June 30, 2025, which represents hours worked before June 30 but paid after July 1. The portion payable to the VRS for pension contributions is estimated at \$2,281,112.

Optional Retirement Plans

All qualified salaried employees of the VCCS are required to participate in a retirement benefit plan administered by the Virginia Retirement System (VRS) or in an Optional Retirement Plan (ORP). Classified employees are eligible to participate in the VRS only, while faculty rank employees are eligible to participate in either the VRS or the ORP.

Faculty rank employees can participate in a defined contribution plan administered by two providers other than the VRS. These optional retirement plans are defined contribution plans offered through TIAA and DCP. This is a defined contribution plan where the retirement benefits received are based on the employer's (10.4%) contributions, plus interest and dividends for those employees who became a member prior to July 1, 2010. For those employees who became a member on or after July 1, 2010, the employer's contributions are 8.5% and the employee's contributions are 5.0%.

Individual contracts issued under the ORP plan provide for full and immediate vesting of the VCCS contributions. Total pension costs under this plan were \$7,322,463 and \$7,123,238 for years ended June 30, 2025, and 2024, respectively. Contributions to the ORP plan were calculated using the base salary amount of \$79,330,138 and \$76,873,303 for fiscal years 2025 and 2024. The VCCS total payroll for fiscal years 2025 and 2024 was \$625,350,747 and \$598,312,420 respectively.

Payables to the Optional Retirement Plan

The VCCS recognized \$65,139,169 as Accrued Payroll Expenses as of June 30, 2025, which represents hours worked before June 30 but paid after July 1 or after. The portion payable for contributions to the optional retirement plans is estimated at \$526,661.

Deferred Compensation Plan

Employees of the VCCS are employees of the Commonwealth of Virginia. State employees may participate in the Commonwealth's Deferred Compensation Plan. Participating employees can contribute to the plan each pay period with the Commonwealth matching up to \$20 per pay period. The dollar amount match can change depending on the funding available in the Commonwealth's budget. The Deferred Compensation Plan is a qualified defined contribution plan under Section 401(a) of the Internal Revenue Code. Employer contributions under the Deferred Compensation Plan were approximately \$1,465,685 for fiscal year 2025.

18. POST-EMPLOYMENT BENEFITS

Plans administered by VRS

General Information about the State Employee Health Insurance Credit Program

Plan Description

All full-time, salaried permanent employees of state agencies are automatically covered by the VRS State Employee Health Insurance Credit Program. This plan is administered by the Virginia Retirement System (the System), along with pension and other OPEB plans, for public employer groups in the Commonwealth of Virginia. Members earn one month of service credit toward the benefit for each month they are employed and for which their employer pays contributions to VRS. The health insurance credit is a tax-free reimbursement in an amount set by the General Assembly for each year of service credit against qualified health insurance premiums retirees pay for single coverage, excluding any portion covering the spouse or dependents. The credit cannot exceed the amount of the premiums and ends upon the retiree's death.

General Information about the Group Life Insurance Program

Plan Description

All full-time, salaried permanent employees of the state agencies, teachers and employees of participating political subdivisions are automatically covered by the VRS Group Life Insurance Program upon employment. This plan is administered by the Virginia Retirement System (the System), along with pensions and other OPEB plans, for public employer groups in the Commonwealth of Virginia.

In addition to the Basic Group Life Insurance benefit, members are also eligible to elect additional coverage for themselves as well as a spouse or dependent children through the Optional Group Life Insurance Program. For members who elect the optional group life insurance coverage, the insurer bills employers directly for the premiums. Employers deduct these premiums from members' paychecks and pay the premiums to the insurer. Since this is a separate and fully insured program, it is not included as part of the Group Life Insurance Program OPEB.

General Information about the Line of Duty Act Program

Plan Description

All paid employees and volunteers in hazardous duty positions in Virginia localities and hazardous duty employees who are covered under the Virginia Retirement System (VRS), the State Police Officers' Retirement System (SPORS), or the Virginia Law Officers' Retirement System (VaLORS) are automatically covered by the Line of Duty Act Program (LODA). As required by statute, the Virginia Retirement System (the System) is responsible for managing the assets of the program. Participating employers made contributions to the program beginning in FY 2012. The employer contributions are determined by the System's actuary using anticipated program costs and the number of covered individuals associated with all participating employers.

General Information about the VRS Disability Insurance Program

Plan Description

All full-time and part-time permanent salaried state employees who are covered under the Virginia Retirement System (VRS), the State Police Officers' Retirement System (SPORS), or the Virginia Law Officers' Retirement System (VaLORS) hired on or after January 1, 1999, are automatically covered by the Disability Insurance Program (VSDP) upon employment. The Disability Insurance Program also covers state employees hired before January 1, 1999, who elected to transfer to VSDP rather than retain their eligibility to be considered for disability retirement. This plan is administered by the Virginia Retirement System (the System), along with pensions and other OPEB plans, for public employer groups in the Commonwealth of Virginia.

The specific information for the VRS administered OPEB programs, including eligibility, coverage and benefits is set out in the table below:

STATE EMPLOYEE HEALTH INSURANCE CREDIT PROGRAM (HIC) PLAN PROVISIONS	GROUP LIFE INSURANCE PROGRAM PLAN PROVISIONS	LINE OF DUTY ACT PROGRAM (LODA) PLAN PROVISIONS	VSDP PLAN PROVISIONS
Eligible Employees The State Employee Retiree Health Insurance Credit Program was established January 1, 1990, for retired state employees covered under VRS, SPORS, VaLORS and JRS who retire with at least 15 years of service credit. Eligible employees are enrolled automatically upon employment. They include: • Full-time and part-time permanent salaried state employees covered under VRS, SPORS, VaLORS and JRS.	Eligible Employees The Group Life Insurance Program was established July 1, 1960, for state employees, teachers and employees of political subdivisions that elect the program, including the following employers that do not participate in VRS for retirement: • City of Richmond • City of Portsmouth • City of Roanoke • City of Norfolk • Roanoke City School Board Basic group life insurance coverage is automatic upon employment. Coverage ends for employees who leave their position before retirement eligibility or who take a refund of their accumulated retirement member contributions and accrued interest.	Eligible Employees The eligible employees of the LODA Program include paid employees and volunteers in hazardous duty positions in Virginia localities as well as hazardous duty employees who are covered under VRS, SPORS, or VaLORS.	Eligible Employees The Virginia Sickness and Disability Program (VSDP), also known as the Disability Insurance Trust Fund was established January 1, 1999, to provide short-term and long-term disability benefits for non-work-related and work-related disabilities. Eligible employees are enrolled automatically upon employment. They include: • Full-time and part-time permanent salaried state employees covered under VRS, SPORS and VaLORS (members new to VaLORS following its creation on October 1, 1999, have been enrolled since the inception of VSDP). • State employees hired before January 1, 1999, who elected to transfer to VSDP rather than retain their eligibility to be considered for VRS disability retirement. Public college and university faculty members who elect the VRS defined benefit plan. They may participate in VSDP or their institution's disability program, if offered. If the institution does not offer the program or the faculty member does not make an election, he or she is enrolled in VSDP.

STATE EMPLOYEE HEALTH INSURANCE CREDIT PROGRAM (HIC) PLAN PROVISIONS	GROUP LIFE INSURANCE PROGRAM PLAN PROVISIONS	LINE OF DUTY ACT PROGRAM (LODA) PLAN PROVISIONS	VSDP PLAN PROVISIONS
Benefit Amounts The State Employee Retiree Health Insurance Credit Program provides the following benefits for eligible employees: • <i>At Retirement</i> – For State employees, the monthly benefit is \$4.25 per year of service per month with no cap on the benefit amount. • <i>Disability Retirement</i> – For State employees, other than state police officers, who retire on disability or go on long-term disability under the Virginia Sickness and Disability Program (VSDP), the monthly benefit is \$120.00 or \$4.25 per year of service, whichever is higher. For State police officer employees with a non-work-related disability who retire on disability or go on long-term disability under the Virginia Sickness and Disability Program (VSDP) the monthly benefit is \$120.00 or \$4.25 per year of service, whichever is higher. For State police officers with a work-related disability, there is no benefit provided under the State Employee Retiree Health Insurance Credit Program if the premiums are being paid under the Virginia Line of Duty Act. However, they may receive the credit for premiums paid for other qualified health plans.	Benefit Amounts The benefits payable under the Group Life Insurance Program have several components. • <i>Natural Death Benefit</i> – The natural death benefit is equal to the employee's covered compensation rounded to the next highest thousand and then doubled. • <i>Accidental Death Benefit</i> – The accidental death benefit is double the natural death benefit. • <i>Other Benefit Provisions</i> – In addition to the basic natural and accidental death benefits, the program provides additional benefits provided under specific circumstances. These include: ○ Accidental dismemberment benefit ○ Seatbelt benefit ○ Repatriation benefit ○ Felonious assault benefit ○ Accelerated death benefit option	Benefit Amounts LODA provides death and health insurance benefits for eligible individuals: • <i>Death</i>: The LODA program death benefit is a one-time payment made to the beneficiary or beneficiaries of a covered individual. Amounts vary as follows: ○ \$100,000 when a death occurs as the direct or proximate result of performing duty as of January 1, 2006, or after. ○ \$25,000 when the cause of death is attributed to one of the applicable presumptions and occurred earlier than five years after the retirement date. The benefit will be \$75,000 for approved presumptive deaths occurring on or after January 1, 2025 ○ An additional \$20,000 benefit is payable when certain members of the National Guard and U.S. military reserves are killed in action in any armed conflict on or after October 7, 2001. • <i>Health Insurance</i>: The LODA program provides health insurance benefits. • The health insurance benefits are managed through the Virginia Department of Human Resource Management (DHRM). The health benefits are modeled after the State Employee Health Benefits Program plans and provide consistent, premium-free continued health plan coverage for LODA-eligible disabled individuals, survivors and family members.	Benefit Amounts The Virginia Sickness and Disability Program (VSDP) provides the following benefits for eligible employees: • <i>Leave</i>: Sick, family and personal leave. Eligible leave benefits are paid by the employer. • <i>Short-Term Disability</i>: The program provides a short-term disability benefit beginning after a seven-calendar-day waiting period from the first day of disability. The benefit provides income replacement beginning at 100% of the employee's pre-disability income, reducing to 80% and then 60% based on the period of the disability and the length of service of the employee. Short-term disability benefits are paid by the employer. • <i>Long-Term Disability (LTD)</i>: The program provides a long-term disability benefit beginning after 125 workdays of short-term disability and continuing until the employee reaches his or her normal retirement age. The benefit provides income replacement of 60% of the employee's pre-disability income. If an employee becomes disabled within five years of his or her normal retirement age, the employee will receive up to five years of VSDP benefits, provided he or she remains medically eligible. Long-term disability benefits are paid for by the Virginia Disability Insurance Program (VSDP) OPEB Plan. • <i>Income Replacement Adjustment</i>: The program provides for an income replacement adjustment to 80% for catastrophic conditions. • <i>VSDP Long-Term Care Plan</i>: The program also includes a self-funded long-term care plan that assists with the cost of covered long-term care services.

STATE EMPLOYEE HEALTH INSURANCE CREDIT PROGRAM (HIC) PLAN PROVISIONS	GROUP LIFE INSURANCE PROGRAM PLAN PROVISIONS	LINE OF DUTY ACT PROGRAM (LODA) PLAN PROVISIONS	VSDP PLAN PROVISIONS
Plan Notes: • The monthly Health Insurance Credit benefit cannot exceed the individual's premium amount. • Employees who retire after being on long-term disability under VSDP must have at least 15 years of service credit to qualify for the Health Insurance Credit as a retiree.			Plan Notes: • Employees hired or rehired on or after July 1, 2009, must satisfy eligibility periods before becoming eligible for non-work-related short-term disability benefits and certain income-replacement levels. • A state employee who is approved for VSDP benefits on or after the date that is five years prior to his or her normal retirement date is eligible for up five years of VSDP benefits. • Employees on work-related short-term disability receiving only a workers' compensation payment may be eligible to purchase service credit for this period if retirement contributions are not being withheld from the workers' compensation payment. The rate will be based on 5.00% of the employee's compensation.
	Reduction in Benefit Amounts The benefit amounts provided to members covered under the Group Life Insurance Program are subject to a reduction factor. The benefit amount reduces by 25% on January 1 following one calendar year of separation. The benefit amount reduces by an additional 25% on each subsequent January 1 until it reaches its original value. Minimum Benefit Amount and Cost-of-Living Adjustment (COLA) For covered members with at least 30 years of service credit, there is a minimum benefit payable under the Group Life Insurance Program. The minimum benefit was set at \$8,000 by statute in 2015. This will be increased annually based on the VRS Plan 2 cost-of-living		Cost-of-Living Adjustment (COLA) • During periods an employee receives long-term disability benefits, the LTD benefit may be increased annually by an amount recommended by the actuary and approved by the Board. ○ Plan 1 employees vested as of 1/1/2013 – 100% of the VRS Plan 1 COLA (The first 3% increase in the Consumer Price Index for all Urban Consumers (CPI-U) and half of any additional increase (up to 4%) up to a maximum COLA of 5%). ○ Plan 1 employee non-vested as of 1/1/2013, Plan 2 and Hybrid Plan employees – 100% of the VRS Plan 2 and Hybrid COLA (The first 2% increase in the Consumer Price Index for all Urban Consumers (CPI-U) and half of any additional increase (up to 2%) up to a maximum COLA of 3%).

	adjustment calculation. The minimum benefit adjusted for the COLA was \$9,532 as of June 30, 2025.		- For participating full-time employees taking service retirement, the creditable compensation may be increased annually by an amount recommended by the actuary and approved by the Board, from the date of the commencement of the disability to the date of retirement. 100% of the increase in the pay over the previous plan year for continuing VSDP members in the State, SPORS and VaLORS Plans, with a maximum COLA of 4.00%. - For participating full-time employees receiving supplemental (work-related) disability benefits, the creditable compensation may be increased annually by an amount recommended by the actuary and approved by the Board, from the date of the commencement of the disability to the date of retirement. 100% of the increase in the pay over the previous plan year for continuing VSDP members in the State, SPORS and VaLORS Plans, with a maximum COLA of 4.00%.

Contributions

The contribution requirement for active employees in the VRS State Employee Health Insurance Credit Program is governed by §51.1-1400(D) of the *Code of Virginia*, as amended, but may be impacted as a result of funding provided to state agencies by the Virginia General Assembly. Each state agency's contractually required employer contribution rate for the year ended June 30, 2025, was 1.12% of covered employee compensation for employees in the VRS State Employee Health Insurance Credit Program. This rate was the approved General Assembly which was based on an actuarially determined rate from an actuarial valuation as of June 30, 2023. The actuarially determined rate was expected to finance the costs of benefits earned by employees during the year, with an additional amount to finance any unfunded accrued liability. Contributions from the VCCS to the VRS State Employee Health Insurance Credit Program were \$5,457,032 and \$5,115,661 for the years ended June 30, 2025 and June 30, 2024, respectively.

In June 2024, the Commonwealth made a special contribution of approximately \$52.8 million which was applied to the Health Insurance Credit Plan for state employees. This special payment was authorized by Chapter 2 of the Acts of Assembly of 2022, Special Session I, as amended by Chapter 1, 2024 Acts of Assembly, Special Session 1, and is classified as a special employer

contribution. Our proportionate share is reflected in “Other nonoperating revenue (expense)” of our financial statements.

The contribution requirements for the Group Life Insurance Program are governed by §51.1-506 and § 51.1-508 of the *Code of Virginia*, as amended, but may be impacted as a result of funding provided to state agencies and school divisions by the Virginia General Assembly. The total rate for the Group Life Insurance Program was 1.18% of covered employee compensation. This was allocated into an employee and an employer component using a 60/40 split. The employee component was 0.71% (1.18% X 60%) and the employer component was 0.47% (1.18% X 40%). Employers may elect to pay all or part of the employee contribution, however the employer must pay all of the employer contribution. Each employer's contractually required employer contribution rate for the year ended June 30, 2025, was 0.47% of covered employee compensation. This rate was the final approved General Assembly rate which was based on an actuarially determined rate from an actuarial valuation as of June 30, 2023. The actuarially determined rate, when combined with employee contributions, was expected to finance the costs of benefits payable during the year, with an additional amount to finance any unfunded accrued liability. Contributions to the Group Life Insurance Program from the VCCS were \$2,253,638 and \$2,410,438 for the years ended June 30, 2025, and June 30, 2024, respectively.

The contribution requirements for the LODA Program are governed by §9.1-400.1 of the *Code of Virginia*, as amended, but may be impacted as a result of funding provided to state agencies by the Virginia General Assembly. Each employer's contractually required employer contribution rate for the LODA Program for the year ended June 30, 2025, was \$1,015.00 per covered full-time-equivalent employee. This rate was based on an actuarially determined rate from an actuarial valuation as of June 30, 2024, and represents the pay-as-you-go funding rate and not the full actuarial cost of the benefits under the program. The actuarially determined pay-as-you-go rate was expected to finance the costs and related expenses of benefits payable during the year. Contributions to the LODA Program from the VCCS were \$96,394 and \$87,238 for the years ended June 30, 2025 and June 30, 2024, respectively.

The contribution requirements for the Disability Insurance Program (VSDP) are governed by §51.1-1140 of the *Code of Virginia*, as amended, but may be impacted as a result of funding provided to state agencies by the Virginia General Assembly. Each employer's contractually required employer contribution rate for the Disability Insurance Program (VSDP) for the year ended June 30, 2025, was 0.50% of covered employee compensation. This rate was General Assembly approved rate which was based on an actuarially determined rate from an actuarial valuation as of June 30, 2023. The actuarially determined rate was expected to finance the costs of benefits payable during the year, with an adjustment to amortize the accrued OPEB assets. Contributions to the Disability Insurance Program (VSDP) from the VCCS were \$2,020,582 and \$2,297,752 for the years ended June 30, 2025 and June 30, 2024, respectively.

State Employee Health Insurance Credit Program OPEB Liabilities, State Employee Health Insurance Credit Program OPEB Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to State Employee Health Insurance Credit Program OPEB

At June 30, 2025, the VCCS reported a liability of \$35,345,060 for its proportionate share of the VRS State Employee Health Insurance Credit Program Net OPEB Liability. The Net VRS State Employee Health Insurance Credit Program OPEB Liability was measured as of June 30, 2024 and the total VRS State Employee Health Insurance Credit Program OPEB Liability used to calculate the Net VRS State Employee Health Insurance Credit Program OPEB Liability was determined by an actuarial valuation performed as of June 30, 2023, and rolled forward to the measurement date of June 30, 2024. The VCCS' proportion of the Net VRS State Employee Health Insurance Credit Program OPEB Liability was based on the VCCS' actuarially determined employer contributions to the VRS State Employee Health Insurance Credit Program OPEB plan

for the year ended June 30, 2024, relative to the total of the actuarially determined employer contributions for all participating state employers. At June 30, 2024 the VCCS' proportion of the VRS State Employee Health Insurance Credit Program was 4.98% as compared to 5.14% at June 30, 2023.

For the year ended June 30, 2025, the VCCS recognized VRS State Employee Health Insurance Credit Program OPEB expense of \$1,611,612. Since there was a change in proportionate share between measurement dates, a portion of the VRS State Employee Health Insurance Credit Program Net OPEB expense was related to deferred amounts from changes in proportionate share and differences between actual and expected contributions.

GLI OPEB Liabilities, GLI OPEB Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to the Group Life Insurance Program OPEB

At June 30, 2025, the VCCS reported a liability of \$19,701,044 for its proportionate share of the Net GLI OPEB Liability. The Net GLI OPEB Liability was measured as of June 30, 2024, and the total GLI OPEB liability used to calculate the Net GLI OPEB Liability was determined by an actuarial valuation performed as of June 30, 2023, and rolled forward to the measurement date of June 30, 2024. The VCCS' proportion of the Net GLI OPEB Liability was based on the VCCS' actuarially determined employer contributions to the Group Life Insurance Program for the year ended June 30, 2024, relative to the total of the actuarially determined employer contributions for all participating employers. At June 30, 2024, the VCCS proportion was 1.77% as compared to 1.79% at June 30, 2023.

For the year ended June 30, 2025, the VCCS recognized GLI OPEB expense of (\$296,184). Since there was a change in proportionate share between measurement dates, a portion of the GLI OPEB expense was related to deferred amounts from changes in proportion.

Line of Duty Act Program (LODA) OPEB Liabilities, LODA OPEB Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to LODA OPEB

At June 30, 2025, the VCCS reported a liability of \$2,275,297 for its proportionate share of the Net LODA OPEB Liability. The Net LODA OPEB Liability was measured as of June 30, 2024, and the total LODA OPEB Liability used to calculate the Net LODA OPEB Liability was determined by an actuarial valuation performed as of June 30, 2023, and rolled forward to the measurement date of June 30, 2024. The VCCS' proportion of the Net LODA OPEB Liability was based on the VCCS' actuarially determined pay-as-you-go employer contributions to the LODA OPEB plan for the year ended June 30, 2024, relative to the total of the actuarially determined pay-as-you-go employer contributions for all participating employers. At June 30, 2024, the VCCS' proportion was 0.58% as compared 0.50% at June 30, 2023.

For the year ended June 30, 2025, the VCCS recognized LODA OPEB expense of \$315,306. Since there was a change in proportionate share between measurement dates, a portion of the LODA OPEB expense was related to deferred amounts from changes in proportion.

Disability Insurance Program (VSDP) OPEB Liabilities (Assets), VSDP OPEB Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to VSDP OPEB

At June 30, 2025, the VCCS reported a liability (asset) of (\$23,801,888) for its proportionate share of the Net VSDP OPEB Liability (Asset). The Net VSDP OPEB Liability (Asset) was measured as of June 30, 2024, and the total VSDP OPEB liability used to calculate the Net VSDP OPEB Liability (Asset) was determined by an actuarial valuation as of June 30, 2023, and rolled forward to the measurement date of June 30, 2024. The VCCS' proportion of the Net VSDP OPEB Liability (Asset) was based on the VCCS' actuarially determined employer contributions to the VSDP OPEB plan for the year ended June 30, 2024, relative to the total of

the actuarially determined employer contributions for all participating employers. At June 30, 2024, the VCCS' proportion was 6.73% as compared to 6.91% at June 30, 2023.

For the year ended June 30, 2025, the VCCS recognized VSDP OPEB expense of \$819,354. Since there was a change in proportionate share between measurement dates, a portion of the VSDP OPEB expense was related to deferred amounts from changes in proportion.

At June 30, 2025, the VCCS reported deferred outflows of resources and deferred inflows of resources related to the VRS OPEB plans from the following sources:

VRS Health Insurance Credit Program	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$ -	\$ 2,795,387
Net difference between projected and actual earnings on State HIC OPEB program investments	-	119,635
Change in assumptions	569,383	-
Changes in proportionate share and differences between actual and expected contributions	874,186	3,560,004
Employer contributions subsequent to the measurement date	5,457,032	-
Total	\$ 6,900,601	\$ 6,475,026

VRS Group Life Insurance Program	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$ 3,050,529	\$ 481,232
Net difference between projected and actual earnings on GLI OPEB program investments	-	1,660,593
Change in assumptions	112,297	976,345
Changes in proportionate share	569,986	1,892,192

HIC Actuarial Assumptions

The total State Employee HIC OPEB Liability for the VRS State Employee Health Insurance Credit Program was based on an actuarial valuation as of June 30, 2023, using the Entry Age Normal actuarial cost method and the following assumptions, applied to all periods included in the measurement and rolled forward to the measurement date of June 30, 2024.

Inflation	2.50%
Salary increases, including inflation -	
General state employees	3.50% – 5.35%
SPORS employees	3.50% – 4.75%
VaLORS employees	3.50% – 4.75%
JRS employees	4.00%
Investment rate of return	6.75% net of plan investment expenses, including Inflation

Mortality rates – General State Employees

Pre-retirement:

Pub-2010 Amount Weighted General Employee Rates projected generationally; females set forward 2 years

Post-retirement:

Pub-2010 Amount Weighted General Healthy Retiree Rates projected generationally; 110% of rates for females

Post-disablement:

Pub-2010 Amount Weighted General Disabled Rates projected generationally; males and females set forward 3 years

Beneficiaries and Survivors:

Pub-2010 Amount Weighted General Contingent Annuitant Rates projected generationally; 110% of rates for males and females.

Mortality Improvement:

Rates projected generationally with Modified MP-2020 Improvement Scale that is 75% of the MP-2020 rates

The actuarial assumptions used in the June 30, 2023, valuation were based on the results of an actuarial experience study for the period from July 1, 2016 through June 30, 2020. Changes to the actuarial assumptions as a result of the experience study and VRS Board action are as follows:

Mortality Rates (Pre-retirement, post-retirement healthy, and disabled)	Update to PUB2010 public sector mortality tables. For future mortality improvements, replace load with a modified Mortality Improvement Scale MP-2020
Retirement Rates	Adjusted rates to better fit experience for Plan 1; set separate rates based on experience for Plan 2/Hybrid; changed final retirement age from 75 to 80 for all
Withdrawal Rates	Adjusted rates to better fit experience at each year age and service through 9 years of service
Disability Rates	No change
Salary Scale	No change
Line of Duty Disability	No change
Discount Rate	No change

Mortality rates – SPORS Employees
Pre-Retirement: Pub-2010 Amount Weighted Safety Employee Rates projected generationally; 95% of rates for males; 105% of rates for females set forward 2 years. Post-Retirement: Pub-2010 Amount Weighted Safety Healthy Retiree Rates projected generationally; 110% of rates for males; 105% of rates for females set forward 3 years Post-Disablement: Pub-2010 Amount Weighted General Disabled Rates projected generationally; 95% of rates for males set back 3 years; 90% of rates for females set back 3 years Beneficiaries and Survivors: Pub-2010 Amount Weighted Safety Contingent Annuitant Rates projected generationally; 110% of rates for males and females set forward 2 years Mortality Improvement Scale: Rates projected generationally with Modified MP-2020 Improvement Scale that is 75% of the MP-2020 rates

The actuarial assumptions used in the June 30, 2023, valuation were based on the results of an actuarial experience study for the period from July 1, 2016 through June 30, 2020. Changes to the actuarial assumptions as a result of the experience study and VRS Board action are as follows:

Mortality Rates (Pre-retirement, post-retirement healthy, and disabled)	Update to PUB2010 public sector mortality tables. For future mortality improvements, replace load with a modified Mortality Improvement Scale MP-2020
Retirement Rates	Increased rates for ages 55 to 61, 63, and 64 with 26 or more years of service; changed final retirement age from 65 to 70
Withdrawal Rates	Decreased rate for 0 years of service and increased rates for 1 to 6 years of service
Disability Rates	No change
Salary Scale	No change
Line of Duty Disability	No change
Discount Rate	No change

Mortality rates – VaLORS Employees	
Pre-Retirement: Pub-2010 Amount Weighted Safety Employee Rates projected generationally; 95% of rates for males; 105% of rates for females set forward 2 years.	
Post-Retirement: Pub-2010 Amount Weighted Safety Healthy Retiree Rates projected generationally; 110% of rates for males; 105% of rates for females set forward 3 years	
Post-Disablement: Pub-2010 Amount Weighted General Disabled Rates projected generationally; 95% of rates for males set back 3 years; 90% of rates for females set back 3 years	
Beneficiaries and Survivors: Pub-2010 Amount Weighted Safety Contingent Annuitant Rates projected generationally; 110% of rates for males and females set forward 2 years	
Mortality Improvement Scale: Rates projected generationally with Modified MP-2020 Improvement Scale that is 75% of the MP-2020 rates	

The actuarial assumptions used in the June 30, 2023, valuation were based on the results of an actuarial experience study for	Update to PUB2010 public sector mortality tables. For future mortality improvements, replace load with a modified Mortality Improvement Scale MP-2020
Retirement Rates	Increased rates at some younger ages, decreased at age 62, and changed final retirement age from 65 to 70
Withdrawal Rates	Adjusted rates to better fit experience at each year age and service through 9 years of service
Disability Rates	No change
Salary Scale	No change
Line of Duty Disability	No change
Discount Rate	No change

Mortality rates – JRS Employees
Pre-Retirement: Pub-2010 Amount Weighted Safety Employee Rates projected generationally; 95% of rates for males; 105% of rates for females set forward 2 years. Post-Retirement: Pub-2010 Amount Weighted Safety Healthy Retiree Rates projected generationally; 110% of rates for males; 105% of rates for females set forward 3 years Post-Disablement: Pub-2010 Amount Weighted General Disabled Rates projected generationally; 95% of rates for males set back 3 years; 90% of rates for females set back 3 years Beneficiaries and Survivors: Pub-2010 Amount Weighted Safety Contingent Annuitant Rates projected generationally; 110% of rates for males and females set forward 2 years Mortality Improvement Scale: Rates projected generationally with Modified MP-2020 Improvement Scale that is 75% of the MP-2020 rates

The actuarial assumptions used in the June 30, 2023, valuation were based on the results of an actuarial experience study for the period from July 1, 2016 through June 30, 2020. Changes to the actuarial assumptions as a result of the experience study and VRS Board action are as follows:

Mortality Rates (Pre-retirement, post-retirement healthy, and disabled)	Review separately from State employees because exhibit fewer deaths. Update to PUB2010 public sector mortality tables. For future mortality improvements, replace load with a modified Mortality Improvement Scale MP-2020
Retirement Rates	Decreased rates for ages 60-66 and 70-72
Withdrawal Rates	No change
Disability Rates	No change
Salary Scale	Reduce increases across all ages by 0.50%
Discount Rate	No change

GLI Actuarial Assumptions

The total GLI OPEB Liability was based on an actuarial valuation as of June 30, 2023, using the Entry Age Normal actuarial cost method and the following assumptions, applied to all periods included in the measurement and rolled forward to the measurement date of June 30, 2024.

Inflation	2.50%
Salary increases, including inflation -	
General state employees	3.50% – 5.35%
Teachers	3.50% – 5.95%
SPORS employees	3.50% – 4.75%
VaLORS employees	3.50% – 4.75%
JRS employees	4.00%
Locality – General employees	3.50% – 5.35%
Locality – Hazardous Duty employees	3.50% – 4.75%
Investment rate of return	6.75% net of investment expenses, including Inflation

Mortality rates – General State Employees

Mortality rates – VaLORS Employees
Pre-Retirement: Pub-2010 Amount Weighted Safety Employee Rates projected generationally; 95% of rates for males; 105% of rates for females set forward 2 years Post-Retirement: Pub-2010 Amount Weighted Safety Healthy Retiree Rates projected generationally; 110% of rates for males; 105% of rates for females set forward 3 years Post-Disablement: Pub-2010 Amount Weighted General Disabled Rates projected generationally; 95% of rates for males set back 3 years; 90% of rates for females set back 3 years Beneficiaries and Survivors: Pub-2010 Amount Weighted Safety Contingent Annuitant Rates projected generationally; 110% of rates for males and females set forward 2 years Mortality Improvement Scale: Rates projected generationally with Modified MP-2020 Improvement Scale that is 75% of the MP-2020 rates

The actuarial assumptions used in the June 30, 2023, valuation were based on the results of an actuarial experience study for the period from July 1, 2016 through June 30, 2020. Changes to the actuarial assumptions as a result of the experience study and VRS Board action are as follows:

Mortality Rates (Pre-retirement, post-retirement healthy, and disabled)	Update to PUB2010 public sector mortality tables. For future mortality improvements, replace load with a modified Mortality Improvement Scale MP-2020
Retirement Rates	Increased rates at some younger ages, decreased at age 62, and changed final retirement age from 65 to 70
Withdrawal Rates	Adjusted rates to better fit experience at each year age and service through 9 years of service
Disability Rates	No change
Salary Scale	No change
Line of Duty Disability	No change
Discount Rate	No change

Mortality rates – JRS Employees
Pre-Retirement: Pub-2010 Amount Weighted General Employee Rates projected generationally; males set forward 2 years Post-Retirement: Pub-2010 Amount Weighted General Healthy Retiree Rates projected generationally; 95% of rates for males and females set back 2 years Post-Disablement: Pub-2010 Amount Weighted General Disabled Rates projected generationally Beneficiaries and Survivors: Pub-2010 Amount Weighted Safety Contingent Annuitant Rates projected generationally Mortality Improvement Scale: Rates projected generationally with Modified MP-2020 Improvement Scale that is 75% of the MP-2020 rates

The actuarial assumptions used in the June 30, 2023, valuation were based on the results of an actuarial experience study for the period from July 1, 2016 through June 30, 2020. Changes to the actuarial assumptions as a result of the experience study and VRS Board action are as follows:

Mortality Rates (Pre-retirement, post-retirement healthy, and disabled)	Review separately from State employees because exhibit fewer deaths. Update to PUB2010 public sector mortality tables. For future mortality improvements, replace load with a modified Mortality Improvement Scale MP-2020
Retirement Rates	Decreased rates for ages 60-66 and 70-72
Withdrawal Rates	No change
Disability Rates	No change
Salary Scale	Reduce increases across all ages by 0.50%
Discount Rate	No change

Mortality rates – Largest 10 Locality Employers - General Employees Pre-Retirement: Pub-2010 Amount Weighted Safety Employee Rates projected generationally; males set forward 2 years; 105% of rates for females set forward 3 years. Post-Retirement: Pub-2010 Amount Weighted Safety Healthy Retiree Rates projected generationally; 95% of rates for males set forward 2 years; 95% of rates for females set forward 1 year. Post-Disablement: Pub-2010 Amount Weighted General Disabled Rates projected generationally; 110% of rates for males set forward 3 years; 110% of rates for females set forward 2 years. Beneficiaries and Survivors: Pub-2010 Amount Weighted Safety Contingent Annuitant Rates projected generationally. Mortality Improvement Scale: Rates projected generationally with Modified MP-2020 Improvement Scale that is 75% of the MP-2020 rates.

The actuarial assumptions used in the June 30, 2022, valuation were based on the results of an actuarial experience study for the period from July 1, 2016 through June 30, 2020, except the change in the discount rate, which was based on VRS Board action effective as of July 1, 2021. Changes to the actuarial assumptions as a result of the experience study and VRS Board action are as follows:

Mortality Rates (Pre-retirement, post-retirement healthy, and disabled)	Update to PUB2010 public sector mortality tables. For future mortality improvements, replace load with a modified Mortality Improvement Scale MP-2020
Retirement Rates	Adjusted rates to better fit experience for Plan 1; set separate rates based on experience for Plan 2/Hybrid; changed final retirement age from 75 to 80 for all
Withdrawal Rates	Adjusted rates to better fit experience at each age and service decrement through 9 years of service
Disability Rates	No change
Salary Scale	No change
Line of Duty Disability	No change
Discount Rate	No change

Mortality rates – Non-Largest 10 Locality Employers - General Employees Pre-Retirement: Pub-2010 Amount Weighted Safety Employee Rates projected generationally; males set forward 2 years; 105% of rates for females set forward 3 years. Post-Retirement: Pub-2010 Amount Weighted Safety Healthy Retiree Rates projected generationally; 95% of rates for males set forward 2 years; 95% of rates for females set forward 1 year. Post-Disablement: Pub-2010 Amount Weighted General Disabled Rates projected generationally; 110% of rates for males set forward 3 years; 110% of rates for females set forward 2 years. Beneficiaries and Survivors: Pub-2010 Amount Weighted Safety Contingent Annuitant Rates projected generationally. Mortality Improvement Scale: Rates projected generationally with Modified MP-2020 Improvement Scale that is 75% of the MP-2020 rates.

The actuarial assumptions used in the June 30, 2023, valuation were based on the results of an actuarial experience study for the period from July 1, 2016 through June 30, 2020. Changes to the actuarial assumptions as a result of the experience study and VRS Board action are as follows:

LODA Actuarial Assumptions

The total LODA OPEB liability was based on an actuarial valuation as of June 30, 2023, using the Entry Age Normal actuarial cost method and the following assumptions, applied to all periods included in the measurement and rolled forward to the measurement date of June 30, 2024.

Inflation	2.50%
Salary increases, including Inflation –	
General state employees	N/A
SPORS employees	N/A
VaLORS employees	N/A
Locality employees	N/A

Medical cost trend rates assumption –	
Under age 65	7.25% – 4.25%
Ages 65 and older	6.50% – 4.25%
Year of ultimate trend rate	
Under age 65	Fiscal year ended 2034
Ages 65 and older	Fiscal year ended 2034

Investment rate of return 3.97%, including inflation*

** Since LODA is funded on a current-disbursement basis, the assumed annual rate of return of 3.97% was used since it approximates the risk-free rate of return.*

Mortality rates – General State Employees
Pre-Retirement: Pub-2010 Amount Weighted General Employee Rates projected generationally; females set forward 2 years. Post-Retirement: Pub-2010 Amount Weighted General Healthy Retiree Rates projected generationally; 110% of rates for females. Post-Disablement: Pub-2010 Amount Weighted General Disabled Rates projected generationally; males and females set forward 3 years. Beneficiaries and Survivors: Pub-2010 Amount Weighted General Contingent Annuitant Rates projected generationally; 110% of rates for males and females. Mortality Improvement Scale: Rates projected generationally with Modified MP-2020 Improvement Scale that is 75% of the MP-2020 rates.

The actuarial assumptions used in the June 30, 2023, valuation were based on the results of an actuarial experience study for the period from July 1, 2016, through June 30, 2020. Changes to the actuarial assumptions as a result of the experience study are as follows:

Mortality Rates (Pre-retirement, post-retirement healthy, and disabled)	Update to PUB2010 public sector mortality tables. For future mortality improvements, replace load with a modified Mortality Improvement Scale MP-2020
Retirement Rates	Adjusted rates to better fit experience for Plan 1; set separate rates based on experience for Plan 2/Hybrid; changed final retirement age from 75 to 80 for all

Net OPEB Liability (Asset)

The net OPEB liability (asset) represents the program's total OPEB liability determined in accordance with GASB Statement No. 74, less the associated fiduciary net position. As of the measurement date of June 30, 2024, Net OPEB liability (asset) amounts for VRS administered programs are as follows (amounts expressed in thousands):

	HIC		GLI		LODA		VSDP	
Total OPEB Liability	\$	1,094,073	\$	4,196,055	\$	398,395	\$	339,007
Plan Fiduciary Net Position		384,820		3,080,133		4,841		692,870
Net OPEB Liability (Asset)	\$	709,253	\$	1,115,922	\$	393,554	\$	(353,863)

Plan Fiduciary Net Position as a Percentage of the Total OPEB Liability	35.17%	73.41%	1.22%	204.38%
---	--------	--------	-------	---------

The total OPEB liability is calculated by the System's actuary, and each plan's fiduciary net position is reported in the System's financial statements. The net OPEB liability is disclosed in accordance with the requirements of GASB Statement No. 74 in the System's notes to the financial statements and required supplementary information.

Long-Term Expected Rate of Return for the HIC, GLI, & VSDP OPEB programs

The long-term expected rate of return on the VRS System investments was determined using a log-normal distribution analysis in which best-estimate ranges of expected future real rates of return (expected returns, net of VRS System investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target asset allocation and best estimate of arithmetic real rates of return for each major asset class are summarized in the following table:

Asset Class (Strategy)	Long-Term Target Asset Allocation	Arithmetic Long-Term Expected Rate of Return	Weighted Average Long-Term Expected Rate of Return*
Public Equity	32.00%	6.70%	2.14%
Fixed Income	16.00%	5.40%	0.86%
Credit Strategies	16.00%	8.10%	1.30%
Real Assets	15.00%	7.20%	1.08%
Private Equity	15.00%	8.70%	1.31%
PIP - Private Investment	1.00%	8.00%	0.08%
Diversifying Strategies	6.00%	5.80%	0.35%
Cash	2.00%	3.00%	0.06%
Leverage	(3.00%)	3.50%	(0.11%)
Total	100.00%		7.07%
			7.07%
			7.07%

*Expected arithmetic nominal return

* The above allocation provides a one-year return of 7.07%, includes a 2.50% inflation assumption). However, one-year returns do not take into account the volatility present in each of the asset classes. In setting the long-term expected return for the System, stochastic projections are employed to model future returns under various economic conditions. These results provide a range of returns over various time periods that ultimately provide a median return of 7.10%, including expected inflation of 2.50%.

On June 15, 2023, the VRS Board elected a long-term rate of return of 6.75%, which was roughly at the 45th percentile of expected long-term results of the VRS fund asset allocation at that time, providing a median return of 7.14%, including expected inflation of 2.50%.

Long-Term Expected Rate of Return for the LODA OPEB Program

The long-term expected rate of return on LODA OPEB Program's investments was set at 3.97% for this valuation. Since LODA is funded on a current-disbursement basis, it is not able to use the VRS Pooled Investments' 6.75% assumption. Instead, the assumed annual rate of return of 3.97% was used since it approximates the risk-free rate of return. This Single Equivalent Interest Rate (SEIR) is the applicable municipal bond index rate based on the Fidelity Fixed Income General Obligation 20-year Municipal Bond Index as of the measurement date of June 30, 2024.

Discount Rate

The discount rate used to measure the total State Employee HIC OPEB was 6.75%. The projection of cash flows used to determine the discount rate assumed that employer contributions will be made in accordance with the VRS funding policy at rates equal to the actuarially determined contribution rates adopted by the VRS Board of Trustees. Through the fiscal year ending June 30, 2024, the rate contributed by the VCCS for the VRS State Employee Health Insurance Credit Program will be subject to the portion of the VRS Board-certified rates that are funded by the Virginia General Assembly which was 108% of the actuarially determined contribution rate. From July 1, 2024 on, all agencies are assumed to continue to contribute 100% of the actuarially determined contribution rates. Based on those assumptions, the State Employee HIC OPEB plan's fiduciary net position was projected to be available to make all projected future benefit payments of current active and inactive employees. Therefore, the long-term expected rate of return was applied to all periods of projected benefit payments to determine the total State Employee HIC OPEB liability.

The discount rate used to measure the total GLI OPEB Liability was 6.75%. The projection of cash flows used to determine the discount rate assumed that employer contributions will be made per the VRS guidance and the employer contributions will be made in accordance with the VRS funding policy and at rates equal to the actuarially determined contribution rates adopted by the VRS Board of Trustees. Through the fiscal year ending June 30, 2024, the rate contributed by the entity for the GLI OPEB will be subject to the portion of the VRS Board-certified rates that are funded by the Virginia General Assembly which was 113% of the actuarially determined contribution rate. From July 1, 2024 on, employers are assumed to continue to contribute 100% of the actuarially determined contribution rates. Based on those assumptions, the GLI OPEB's fiduciary net position was projected to be available to make all projected future benefit payments of eligible employees. Therefore the long-term expected rate of return was applied to all periods of projected benefit payments to determine the total GLI OPEB Liability.

The discount rate used to measure the total LODA OPEB liability was 3.97%. The projection of cash flows used to determine the discount rate assumed that employer contributions will be made per the VRS Statutes and that they will be made in accordance with the VRS funding policy and at rates equal to the actuarially determined contribution rates adopted by the VRS Board of Trustees. Through the fiscal year ending June 30, 2024, the rate contributed by participating employers to the LODA OPEB Program will be subject to the portion of the VRS Board-certified rates that are funded by the Virginia General Assembly.

The discount rate used to measure the total VSDP OPEB liability was 6.75%. The projection of cash flows used to determine the discount rate assumed that employer contributions will be made per the VRS Statutes and that they will be made in accordance with the VRS funding policy and at rates equal to the actuarially determined contribution rates adopted by the VRS Board of Trustees. Through the fiscal year ending June 30, 2024, the rate contributed by participating employers to the VSDP OPEB Program will be subject to the portion of the VRS Board-certified rates that are funded by the Virginia General Assembly which was 109% of the actuarially determined contribution rate. From July 1, 2024, on, participating employers are assumed to continue to contribute 100% of the actuarially determined contribution rates. Based on those assumptions, the VSDP OPEB Program's fiduciary net position was projected to be available to make all projected future benefit payments of current active and inactive employees. Therefore, the long-term expected rate of return was applied to all periods of projected benefit payments to determine the total VSDP OPEB liability.

Sensitivity of the VCCS' Proportionate Share of the Net OPEB Liability (Asset) to Changes in the Discount Rate

The following presents the VCCS' proportionate share of the VRS State Employee Health Insurance Credit Program net HIC OPEB liability using the discount rate of 6.75%, as well as what the VCCS' proportionate share of the net HIC OPEB liability would be if it were calculated using a discount rate that is one percentage point lower (5.75%) or one percentage point higher (7.75%) than the current rate (amounts expressed in thousands):

	1.00% Decrease (5.75%)	Current Discount Rate (6.75%)	1.00% Increase (7.75%)
VCCS' proportionate share of the VRS State Employee HIC OPEB Plan Net OPEB Liability	\$ 40,517,211	\$ 35,345,060	\$ 30,905,563

The following presents the VCCS' proportionate share of the net GLI OPEB liability using the discount rate of 6.75%, as well as what the VCCS' proportionate share of the net GLI OPEB

Liability would be if it were calculated using a discount rate that is one percentage point lower (5.75%) or one percentage point higher (7.75%) than the current rate (amounts expressed in thousands):

	1.00% Decrease (5.75%)	Current Discount Rate (6.75%)	1.00% Increase (7.75%)
VCCS' proportionate share of the Group Life Insurance Plan Net OPEB Liability	\$ 30,637,686	\$ 19,701,044	\$ 10,865,679

The following presents the VCCS' proportionate share of the net LODA OPEB liability using the discount rate of 3.97%, as well as what the VCCS' proportionate share of the net LODA OPEB liability would be if it were calculated using a discount rate that is one percentage point lower 2.97% or one percentage point higher 4.97% than the current rate (amounts expressed in thousands):

	1.00% Decrease 2.97%	Current Discount Rate 3.97%	1.00% Increase 4.97%
VCCS' proportionate share of the total LODA Net OPEB Liability	\$ 2,522,346	\$ 2,275,297	\$ 2,062,865

The following presents the VCCS' proportionate share of the net VSDP OPEB liability (asset) using the discount rate of 6.75%, as well as what the VCCS' proportionate share of the net VSDP OPEB liability (asset) would be if it were calculated using a discount rate that is one percentage point lower (5.75%) or one percentage point higher (7.75%) than the current rate (amounts expressed in thousands):

	1.00% Decrease (5.75%)	Current Discount Rate (6.75%)	1.00% Increase (7.75%)
VCCS' proportionate share of the VSDP Net OPEB Liability (Asset)	\$ (22,166,779)	\$ (23,801,888)	\$ (25,249,968)

Sensitivity of Covered Employer's Proportionate Share of the net LODA OPEB Liability to Changes in the Health Care Trend Rate

Because the Line of Duty Act Program (LODA) contains provisions for the payment of health insurance premiums, the liabilities are also impacted by the health care trend rates. The following presents the VCCS' proportionate share of the net LODA OPEB liability using health care trend rate of 7.25% decreasing to 4.25%, as well as what the VCCS' proportionate share of the net LODA OPEB liability would be if it were calculated using a health care trend rate that is one percentage point lower (6.25% decreasing to 3.25%) or one percentage point higher (8.25% decreasing to 5.25%) than the current rate:

	1.00% Decrease (6.25% decreasing to 3.25%)	Current Trend Rate (7.25% decreasing to 4.25%)	1.00% Increase (8.25% decreasing to 5.25%)
VCCS' proportionate share of the LODA Net OPEB Liability (Asset)	\$ 1,938,252	\$ 2,275,297	\$ 2,688,859

VRS OPEB Programs Fiduciary Net Position

Detailed information about the VRS OPEB Programs Fiduciary Net Position is available in the separately issued VRS 2024 Annual Report. A copy of the 2024 VRS *Annual Comprehensive Financial Report* (Annual Report). A copy of the 2024 VRS Annual Report may be downloaded from the VRS website at, <https://www.varetire.org/pdf/publications/2024-annual-report.pdf> or by writing to the System's Chief Financial Officer at P.O. Box 2500, Richmond, VA, 23218-2500.

Payables to the State Employee Health Insurance Credit Program OPEB Plan

The VCCS recognized \$65,139,169 as Accrued Payroll Expenses as of June 30, 2025, which represents hours worked before June 30 but paid after July 1. The portion payable for contributions to the Health Insurance Credit Program is estimated at \$214,394.

Payables to the VRS Group Life Insurance OPEB Plan

The VCCS recognized \$65,139,169 as Accrued Payroll Expenses as of June 30, 2025, which represents hours worked before June 30 but paid after July 1. The portion payable for contributions to the Group Life Insurance Plan is estimated at \$226,834.

Payables to the Disability Insurance Program (VSDP) OPEB Plan

The VCCS recognized \$65,139,169 as Accrued Payroll Expenses as of June 30, 2025, which represents hours worked before June 30 but paid after July 1. The portion payable for contributions to the Disability Insurance Plan is estimated at \$86,951.

Plans administered by the DHRM

Pre-Medicare Retiree Healthcare

The Commonwealth provides a healthcare plan established by Title 2.2, Chapter 28 of the *Code of Virginia* for retirees who are not yet eligible to participate in Medicare.

Following are eligibility requirements for Virginia Retirement System retirees:

- You are a retiring state employee who is eligible for a monthly retirement benefit from the Virginia Retirement System (VRS), and
- You start receiving (do not defer) your retirement benefit immediately upon retirement*, and
- Your last employer before retirement was the Commonwealth of Virginia, and
- You were eligible for (even if you were not enrolled in) coverage as an active employee in the State Health Benefits Program until your retirement date (not including Extended Coverage/COBRA), and
- You enroll no later than 31 days from your retirement date.

*For VRS retirees, this means that your employing agency reported a retirement contribution or leave without pay status for retirement in the month immediately prior to your retirement date. Some faculty members may also be eligible if they are paid on an alternate pay cycle but maintain eligibility for active coverage until their retirement date.

Effective January 1, 2017**, following are eligibility requirements for Optional Retirement Plan retirees:

- You are a terminating state employee who participates in one of the qualified Optional Retirement Plans, and
- Your last employer before termination was the Commonwealth of Virginia, and
- You were eligible for (even if you were not enrolled in) coverage in the State Employee Health Benefits Program for active employees at the time of your termination, and
- You meet the age and service requirements for an immediate retirement benefit under the non-ORP Virginia Retirement System plan that you would have been eligible for on your date of hire had you not elected the ORP, and
- You enroll in the State Retiree Health Benefits Program no later than 31 days from the date you lose coverage (or lose eligibility for coverage) in the State Health Benefits Program for active employees due to your termination of employment.

**This change applies to ORP terminations effective January 1, 2017, or later. Eligibility for those who terminated employment prior to January 1 should be determined based on the policy in place at the time of their termination.

The employer does not pay a portion of the retirees' healthcare premium; however, since both active employees and retirees are included in the same pool for purposes of determining health insurance rates, this generally results in a higher rate for active employees. Therefore, the employer effectively subsidizes the costs of the participating retirees' healthcare through payment of the employer's portion of the premiums for active employees.

This fund is reported as part of the Commonwealth's Healthcare Internal Service Fund. Benefit payments are recognized when due and payable in accordance with the benefit terms. Pre-Medicare Retiree Healthcare is a single-employer defined benefit OPEB plan that is treated like a cost-sharing plan for financial reporting purposes, and is administered by the Department of Human Resource Management. There were approximately 3,235 retirees and 96,895 active employees in the program as of June 30, 2024. There are no inactive employees entitled to future benefits who are not currently receiving benefits. There are no assets accumulated in a trust to pay benefits.

Pre-Medicare Retiree Healthcare OPEB Liabilities, OPEB Expense, and Deferred Outflow of Resources and Deferred Inflows of Resources

At June 30, 2025, the VCCS reported a liability of \$23,206,225 for its proportionate share of the collective total Pre-Medicare Retiree Healthcare OPEB liability of \$356.5 million. The Pre-Medicare Retiree Healthcare OPEB liability was measured as of June 30, 2024 and was determined by an actuarial valuation as of June 30, 2024. The VCCS' proportion of the Pre-Medicare Retiree Healthcare OPEB liability was based on each employer's calculated healthcare premium contributions as a percentage of the total employer's calculated healthcare premium contributions for all participating employers. On June 30, 2024, the VCCS' proportion was 6.51% as compared to 6.55% at June 30, 2023. For the year ended June 30, 2025, the VCCS recognized Pre-Medicare Retiree Healthcare OPEB expense of \$(7,793,123).

At June 30, 2025, the VCCS reported deferred outflows or resources and deferred inflows of resources related to Pre-Medicare Retiree Healthcare from the following sources:

Pre-Medicare Retiree Healthcare	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between actual and expected experience	\$ 465,203	\$ 2,793,758
Change in assumptions	455,034	8,166,299
Changes in proportionate share	1,944,715	3,150,107
Sub Total	2,864,952	14,110,164
Amounts associated with transactions subsequent to the measurement date	-	-
Total	\$ 2,864,952	\$ 14,110,164

Deferred outflows of resources related to the Pre-Medicare Retiree Healthcare OPEB resulting from amounts associated with transactions subsequent to the measurement date were \$0. These amounts will be recognized as a reduction of the total OPEB Liability in the fiscal year ending June 30, 2026. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to the Pre-Medicare Retiree Healthcare OPEB will be recognized in the Pre-Medicare Retiree Healthcare OPEB expense as follows:

Year ended June 30

FY 2026	\$ 5,818,107
FY 2027	\$ (3,452,153)
FY 2028	\$ (1,665,341)
FY 2029	\$ (233,636)
FY 2030	\$ (65,840)
Thereafter	-

Actuarial Assumptions and Methods

The total Pre-Medicare Retiree Healthcare OPEB liability was based on an actuarial valuation with a valuation date of June 30, 2024 (one year prior to the end of the fiscal year). The Department of Human Resource Management selected the economic, demographic and healthcare claim cost assumptions. The actuary provided guidance with respect to these assumptions. Initial healthcare costs trend rates used were 7.50 percent for medical and pharmacy and 4.00 percent for dental. The ultimate trend rates used were 4.50 percent for medical and pharmacy and 4.00 percent for dental.

Valuation Date	Actuarially determined contribution rates are calculated as of June 30, one year prior to the end of the fiscal year in which contributions are reported.
Measurement Date	June 30, 2024 (one year prior to the end of the fiscal year)
Actuarial Cost Method	Entry Age Normal
Amortization Method	Level dollar, Closed
Effective Amortization Period	5.80 years
Discount Rate	3.93%

Projected Salary Increases	5.35% to 3.50% based on years of service from 1 year to 20 years or more
Medical Trend Under 65	Medical & Rx: 7.50% to 4.50% Dental: 4.00%
Year of Ultimate Trend	2034
Mortality	Mortality rates vary by participant status and gender
Pre-Retirement:	Pub-2010 Benefits Weighted General Employee Rates projected generationally with a Modified MP-2021 Improvement Scale; females set forward 2 years
Post-Retirement	Pub-2010 Benefits Weighted General Healthy Retiree Rates projected generationally with a modified MP-2021 Improvement Scale; 110% of rates for females
Post-Disablement:	Pub-2010 Benefits Weighted General Disabled Rates projected generationally with a Modified MP-2021 Improvement Scale; males and females set forward 3 years
Beneficiaries and Survivors:	Pub-2010 Benefits Weighted General Contingent Annuitant Rates projected generationally with a Modified MP-2021 Improvement Scale; 110% of rates for males and females

The discount rate was based on the Bond Buyers GO 20 Municipal Bond Index as of the measurement date which is June 30, 2024.

Changes of Assumptions:

There were not any changes in assumptions since June 30, 2022, measurement date. The following remained constant since the prior measurement date:

- Spousal Coverage – rate remained at 20 percent
- Retiree participation – rate remained at 35 percent

Retiree participation was based on a blend of recent experience and the prior year assumptions.

The trend rates were updated based on economic conditions as of June 30, 2024. Additionally, the discount rate was increased from 3.65 percent to 3.93 percent based on the Bond Buyers GO 20 Municipal Bond Index as of June 30, 2024.

There was no plan changes in the valuation since the prior year.

Sensitivity of the VCCS' Proportionate Share of the OPEB Liability to Changes in the Discount Rate

The following presents the VCCS' proportionate share of the Pre-Medicare Retiree Healthcare OPEB liability using the discount rate of 3.93 percent, as well as what the VCCS' proportionate share of the Pre-Medicare Retiree Healthcare OPEB liability would be if it were calculated using a discount rate that is one percentage point lower (2.93 percent) or one percentage point higher (4.93 percent) than the current rate:

	1% Decrease (2.93%)	Current Rate (3.93%)	1% Increase (4.93%)
OPEB Liability	\$ 24,618,617	\$ 23,206,225	\$ 21,867,347

Sensitivity of the VCCS' Proportionate Share of the OPEB Liability to Changes in the Healthcare Cost Trend Rates

The following presents the VCCS' proportionate share of the Pre-Medicare Retiree Healthcare OPEB liability using healthcare cost trend rate of 7.50 percent decreasing to 4.50 percent, as well as what the VCCS' proportionate share of the Pre-Medicare Retiree Healthcare OPEB liability would be if it were calculated using a healthcare cost trend rate that is one percentage point lower (6.50 percent decreasing to 3.50 percent) or one percentage point higher (8.50 percent decreasing to 5.50 percent) than the current rate:

	1% Decrease (6.50% decreasing to 3.50%)	Trend Rate (7.50% decreasing to 4.50%)	1% Increase (8.50% decreasing to 5.50%)
OPEB Liability	\$ 21,091,110	\$ 23,206,225	\$ 25,659,737

19. RISK MANAGEMENT

The System is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; non-performance of duty; injuries to employees; and natural disasters. The System participates in insurance plans maintained by the Commonwealth of Virginia. The state employee health care and worker's compensation plan are administered by the Department of Human Resource Management, and the risk management insurance plans are administered by the Department of Treasury, Division of Risk Management. Risk management insurance includes property, general liability, medical malpractice, faithful performance of duty bonds, automobile, and air and watercraft plans. The System pays premiums to each of these Departments for its insurance coverage. Information relating to the Commonwealth's insurance plans is available at the statewide level in the Commonwealth of Virginia's Comprehensive Annual Financial Report.

A Faithful Performance Duty Bond administered by the Commonwealth of Virginia's Department of Treasury, Division of Risk Management, covers the employees of the VCCS. The Faithful Performance Duty Bond provides coverage with liability limits of \$500,000 for each occurrence.

20. CAPITAL APPROPRIATIONS-STATE

Capital appropriations-state is comprised of the following:

Virginia College Building Authority appropriation revenue	\$23,884,480
General Fund appropriation revenue	44,010,665
Capital contributions from Treasury	11,947
Total	<u>\$67,907,092</u>

21. COMPONENT UNIT FINANCIAL INFORMATION

Below is a summary of the foundations.

VCCS has five major component units—Virginia Western Community College Educational Foundation, Southwest Virginia Community College Educational Foundation, Mountain Empire Community College Educational Foundation, Northern Virginia Community College Educational Foundation and New River Community College Educational Foundation. Additionally, the System has twenty-five non-major component units—Blue Ridge Community College Educational Foundation, Central Virginia Community College Educational Foundation, Dabney S. Lancaster Community College Educational Foundation, Dabney S. Lancaster Community College Real Estate Foundation, Danville Community College Educational Foundation, Eastern Shore Community College Foundation, Germanna Community College Educational Foundation, J. Sargeant Reynolds Community College Educational and Real Estate Foundation, John Tyler Community College Foundation, John Tyler Community College Real Estate Foundation, Laurel Ridge Community College Educational Foundation, New River Community College Educational Foundation, Patrick Henry Community College Real Estate Foundation, Paul D. Camp Community College Foundation, Paul D. Camp Community College Real Estate Foundation, Rappahannock Community College Educational Foundation, Southside Virginia Community College Foundation, Thomas Nelson Community College Educational Foundation, Tidewater Community College Educational Foundation, Tidewater Community College Real Estate Foundation, Virginia Highlands Community College Educational Foundation, Wytheville Community College Educational Foundation, Wytheville Community College Scholarship Foundation, Wytheville Community College Real Estate Foundation and the Virginia Foundation for Community College Education. These organizations are separately incorporated entities and other auditors examine the related financial statements.

For fiscal year 2025, Virginia Western Community College Educational Foundation, Southwest Virginia Community College Educational Foundation, Mountain Empire Community College Educational Foundation, Northern Virginia Community College Educational Foundation and New River Community College Educational Foundation were considered major component units as a result of their ending net position.

22. LITIGATION

A few community colleges have been named as defendants in lawsuits. The outcome of these lawsuits cannot be determined at this time. However, management is of the opinion that any ultimate liability to which the colleges may be exposed will not have a material effect upon the Virginia Community College System's financial position.

23. **AMERICAN RESCUE PLAN ACT OF 2021 (ARPA) CORONAVIRUS RELIEF AND RESPONSE SUPPLEMENTAL ACT (CRRSAA) OF 2020, and CORONAVIRUS AID, RELIEF, AND ECONOMIC SECURITY ACT OF 2020**

During the fiscal year, eleven community colleges were awarded American Rescue Plan Act of 2021 (ARPA) reimbursement grants from the Virginia Department of Criminal Justice Services totaling \$306,010. Germanna Community College received a separate ARPA reimbursement grant of \$100,000 from the Virginia Department of Education. The total amount of these sub-recipient awards was \$406,010, which is not considered significant to the overall financial position.

In the previous fiscal year, , Chapter 1, 2023 Acts of Assembly, Special Session I designated funding to the VCCS from the American Rescue Plan Act of 2021 (ARPA), State and Local Recovery Fund (SLRF) in the amount of \$2.8 million for the development of a Commercial Driver's License (CDL) Training Program and Driving Range at Blue Ridge Community College to support workforce education and training for Virginia citizens.

In prior years, Chapter 1, 2021 Acts of Assembly, Special Session II designated funding to the VCCS from the American Rescue Plan Act of 2021 (ARPA), State and Local Recovery Fund (SLRF) in the amount of \$40.0 million for two capital projects at Northern Virginia Community College (NVCC) including \$15.0 million designated for construction of a new building that would allow NVCC to expand its trades programs in carpentry, electrical, computer integration in trades, advanced automotive, and backup power systems and \$25.0 million designated for construction of a building that would allow NVCC to expand its nursing, phlebotomy, occupational therapy assistant, and physical therapist assistant programs. In addition, the budget allotted to the VCCS sub-award of \$20.0 million from funding awarded to the State Council of Higher Education for Virginia. ARPA funded capital project and financial aid spending commenced in FY2023 with a December 30, 2023 spend deadline.

In prior years, the Virginia Department of Education (VDOE) awarded an additional \$6.7 million in Governor's Education Emergency Relief (GEER) financial-aid funding, referred to as GEERII, from the Coronavirus Relief and Response Supplemental Act (CRRSAA) of 2020. Financial-aid disbursements from GEERII funding commenced in fiscal year 2023 and I concluded in FY2024.

In prior years, the U.S. Department of Education awarded \$164.1 million to Virginia's community colleges from the Coronavirus Relief and Response Supplemental Act (CRRSAA) of 2020 as supplemental Higher Education Emergency Relief Funds (HEERFII). Community colleges also received \$293.1million in additional Higher Education Emergency Relief Funds (HEERFIII) from the 2021 American Rescue Plan Act (ARPA). The authorized uses for both CRRSAA and ARPA funds included direct emergency grants to students for pandemic related cost impacts, and institutional costs associated with responding to the pandemic, including revenue loss.

In prior years, VCCS colleges also received \$38.1 million Coronavirus Aid, Relief, and Economic Security Act (CARES) Coronavirus Relief Funds (CRF) from state CARES Act allocations from the Governor for targeted pandemic related spending this fiscal year. In

FY2022 the VCCS reverted \$19.7 million in CRF not spent by the December 31, 2021, deadline.

**Notes to Required Supplementary Information
For the Year Ended June 30, 2025**

Changes of benefit terms – There have been no actuarially material changes to the System benefit provisions since the prior actuarial valuation.

Changes of assumptions – The actuarial assumptions used in the June 30, 2023 valuation were based on the results of an actuarial experience study for the period from July 1, 2016 through June 30, 2020. Changes to the actuarial assumptions are as follows:

Mortality Rates (Pre-retirement, post-retirement healthy, and disabled)	Update to PUB2010 public sector mortality tables. For future mortality improvements, replace load with a modified Mortality Improvement Scale MP-2020
Retirement Rates	Adjusted rates to better fit experience for Plan 1; set separate rates based on experience for Plan 2/Hybrid; changed final retirement age from 75 to 80 for all
Withdrawal Rates	Adjusted rates to better fit experience at each year age and service through 9 years of service
Disability Rates	No change
Salary Scale	No change
Line of Duty Disability	No change
Discount Rate	No change

The actuarial assumptions used in the June 30, 2023, valuation were based on the results of an actuarial experience study for the period from July 1, 2016, through June 30, 2020. Changes to the actuarial assumptions as a result of the experience study and the VRS Board action are as follows:

Mortality Rates (Pre-retirement, post-retirement healthy, and disabled)	Update to PUB2010 public sector mortality tables. For future mortality improvements, replace load with a modified Mortality Improvement Scale MP-2020
Retirement Rates	Increased rates at some younger ages, decreased at age 62, and changed final retirement age from 65 to 70
Withdrawal Rates	Adjusted rates to better fit experience at each year age and service through 9 years of service
Disability Rates	No change
Salary Scale	No change
Line of Duty Disability	No change
Discount Rate	No change

**The amounts presented have a measurement date of the previous fiscal year-end.*

Schedule is intended to show information for 10 years. Since 2025 is the eighth year for this presentation, there are only eight years available. However, additional years will be included as they become available.

The contributions for the Line of Duty Act Program are based on the number of the participants in the program using a per capita-based contribution versus a payroll-based contribution. Therefore, covered-employee payroll is the relevant measurement, which is the total of the employees in the OBEP plan.

**Schedule of Employer Contributions
Line of Duty Act Program (LODA)
For the Years Ended June 30, 2018 through 2025**

For the Year Ended June 30	Contractually Required Contribution	Contributions in Relation to Contractually Required Contribution	Contribution Deficiency (Excess)	Covered- Employee Payroll	Contributions as a % of Covered-Employee Payroll*
2025	\$ 96,394	\$ 96,394	-	\$ 7,078,420	1.36%
2024	\$ 87,238	\$ 87,238	-	\$ 6,430,371	1.36%
2023	\$ 64,093	\$ 64,093	-	\$ 5,620,186	1.14%
2022	\$ 69,365	\$ 69,365	-	\$ 6,348,538	1.09%
2021	\$ 69,579	\$ 69,579	-	\$ 5,906,588	1.18%
2020	\$ 81,869	\$ 81,869	-	\$ 6,171,841	1.33%
2019	\$ 69,165	\$ 69,165	-	\$ 5,697,818	1.21%
2018	\$ 68,000	\$ 68,000	-	\$ 5,346,521	1.27%

**The contributions for the Line of Duty Act Program are based on the number of participants in the program using a per capita-based contribution versus a payroll-based contribution. Therefore, covered-employee payroll is the relevant measurement, which is the total payroll of the employees in the OPEB plan.*

**Notes to Required Supplementary Information
Plans Administered by VRS**

Health Insurance Credit Program (HIC)

Group Life Insurance Program (GLI)

Line of Duty Act (LODA)

Disability Insurance Program (VSDP)

For the Year Ended June 30, 2025

Changes of benefit terms – There have been no actuarially material changes to the System benefit provisions since the prior actuarial valuation.

Changes of assumptions – The actuarial assumptions used in the June 30, 2023 valuation were based on the results of an actuarial experience study for the period from July 1, 2016 through June 30, 2020. Changes to the actuarial assumptions as a result of the experience study and VRS Board action are as follows:

General State Employees (HIC, GLI, LODA, VSDP)

Mortality Rates (Pre-retirement, post-retirement healthy, and disabled)	Update to PUB2010 public sector mortality tables. For future mortality improvements, replace load with a modified Mortality Improvement Scale MP-2020
Retirement Rates	Adjusted rates to better fit experience for Plan 1; set separate rates based on experience for Plan 2/Hybrid; changed final retirement age from 75 to 80 for all
Withdrawal Rates	Adjusted rates to better fit experience at each year age and service through 9 years of service
Disability Rates	No change
Salary Scale	No change
Line of Duty Disability	No change
Discount Rate	No change

Teachers (GLI)

Mortality Rates (Pre-retirement, post-retirement healthy, and disabled)	Update to PUB2010 public sector mortality tables. For future mortality improvements, replace load with a modified Mortality Improvement Scale MP-2020
Retirement Rates	Adjusted rates to better fit experience for Plan 1; set separate rates based on experience for Plan 2/Hybrid; changed final retirement age from 75 to 80 for all
Withdrawal Rates	Adjusted rates to better fit experience at each age and service decrement through 9 years of service
Disability Rates	No change
Salary Scale	No change
Discount Rate	No change

SPORS Employees (HIC, GLI, LODA, VSDP)

Mortality Rates (Pre-retirement, post-retirement healthy, and disabled)	Update to PUB2010 public sector mortality tables. For future mortality improvements, replace load with a modified Mortality Improvement Scale MP-2020
Retirement Rates	Increased rates for ages 55 to 61, 63, and 64 with 26 or more years of service; changed final retirement age from 65 to 70
Withdrawal Rates	Decreased rate for 0 years of service and increased rates for 1 to 6 years of service
Disability Rates	No change
Salary Scale	No change
Line of Duty Disability	No change
Discount Rate	No change

VaLORS Employees (HIC, GLI, LODA, VSDP)

Mortality Rates (Pre-retirement, post-retirement healthy, and disabled)	Update to PUB2010 public sector mortality tables. For future mortality improvements, replace load with a modified Mortality Improvement Scale MP-2020
Retirement Rates	Increased rates at some younger ages, decreased at age 62, and changed final retirement age from 65 to 70
Withdrawal Rates	Adjusted rates to better fit experience at each year age and service through 9 years of service
Disability Rates	No change
Salary Scale	No change
Line of Duty Disability	No change
Discount Rate	No change

JRS Employees (HIC, GLI)

Mortality Rates (Pre-retirement, post-retirement healthy, and disabled)	Review separately from State employees because exhibit fewer deaths. Update to PUB2010 public sector mortality tables. For future mortality improvements, replace load with a modified Mortality Improvement Scale MP-2020
Retirement Rates	Decreased rates for ages 60-66 and 70-72
Withdrawal Rates	No change
Disability Rates	No change
Salary Scale	Reduce increases across all ages by 0.50%
Discount Rate	No change

Largest 10 Locality Employers - General Employees (GLI)

Mortality Rates (Pre-retirement, post-retirement healthy, and disabled)	Update to PUB2010 public sector mortality tables. For future mortality improvements, replace load with a modified Mortality Improvement Scale MP-2020
Retirement Rates	Adjusted rates to better fit experience for Plan 1; set separate rates based on experience for Plan 2/Hybrid; changed final retirement age from 75 to 80 for all
Withdrawal Rates	Adjusted rates to better fit experience at each age and service decrement through 9 years of service
Disability Rates	No change
Salary Scale	No change
Line of Duty Disability	No change
Discount Rate	No change

Non-Largest 10 Locality Employers - General Employees (GLI)

Mortality Rates (Pre-retirement, post-retirement healthy, and disabled)	Update to PUB2010 public sector mortality tables. For future mortality improvements, replace load with a modified Mortality Improvement Scale MP-2020
Retirement Rates	Adjusted rates to better fit experience for Plan 1; set separate rates based on experience for Plan 2/Hybrid; changed final retirement age from 75 to 80 for all
Withdrawal Rates	Adjusted rates to better fit experience at each age and service decrement through 9 years of service
Disability Rates	No change
Salary Scale	No change
Line of Duty Disability	No change
Discount Rate	No change

Largest 10 Locality Employers – Hazardous Duty Employees (GLI)

Mortality Rates (Pre-retirement, post-retirement healthy, and disabled)	Update to PUB2010 public sector mortality tables. Increased disability life expectancy. For future mortality improvements, replace load with a modified Mortality Improvement Scale MP-2020
Retirement Rates	Adjusted rates to better fit experience and changed final retirement age from 65 to 70
Withdrawal Rates	Decreased rates
Disability Rates	No change
Salary Scale	No change
Line of Duty Disability	No change
Discount Rate	No change

Non-Largest 10 Locality Employers – Hazardous Duty Employees (GLI)

Mortality Rates (Pre-retirement, post-retirement healthy, and disabled)	Update to PUB2010 public sector mortality tables. Increased disability life expectancy. For future mortality improvements, replace load with a modified Mortality Improvement Scale MP-2020
Retirement Rates	Adjusted rates to better fit experience and changed final retirement age from 65 to 70
Withdrawal Rates	Decreased rates and changed from rates based on age and service to rates based on service only to better fit experience and to be more consistent with Locals Top 10 Hazardous Duty
Disability Rates	No change
Salary Scale	No change
Line of Duty Disability	No change
Discount Rate	No change

Employees in the Largest 10 Locality Employers With Public Safety Employees (LODA)

Mortality Rates (Pre-retirement, post-retirement healthy, and disabled)	Update to PUB2010 public sector mortality tables. Increased disability life expectancy. For future mortality improvements, replace load with a modified Mortality Improvement Scale MP-2020
Retirement Rates	Adjusted rates to better fit experience and changed final retirement age from 65 to 70
Withdrawal Rates	Decreased rates
Disability Rates	No change
Salary Scale	No change
Line of Duty Disability	No change

Employees in the Non-Largest 10 Locality Employers With Public Safety Employees (LODA)

Mortality Rates (Pre-retirement, post-retirement healthy, and disabled)	Update to PUB2010 public sector mortality tables. Increased disability life expectancy. For future mortality improvements, replace load with a modified Mortality Improvement Scale MP-2020
Retirement Rates	Adjusted rates to better fit experience and changed final retirement age from 65 to 70
Withdrawal Rates	Decreased rates and changed from rates based on age and service to rates based on service only to better fit experience and to be more consistent with Locals Top 10 Hazardous Duty
Disability Rates	No change
Salary Scale	No change
Line of Duty Disability	No change

2019	6.91%	\$ 69,451,303	\$ 356,495,630	19.48%
2018	7.14%	\$ 92,753,806	\$ 326,278,349	28.43%

**The amounts presented have a measurement date of the previous fiscal year-end.*

Schedule is intended to show information for 10 years. Since 2018 was the first year for this presentation, only eight years of data are available. However, additional years will be added as they become available.

**The amounts presented have a measurement date of the previous fiscal year end.*

Notes to Required Supplementary Information
For the Fiscal Year Ended June 30, 2025

There are no assets accumulated in a trust to pay related benefits.

Changes of benefit terms – There have been no changes to the benefit provisions since the prior actuarial valuation.

Changes of assumptions – There were not any changes in assumptions since the June 30, 2022, measurement date. The following remained constant since the prior year measurement date:

- Spousal Coverage – rate remained at 20 percent
- Retiree Participation – rate remained at 35 percent

Retiree participation was based on a blend of recent experience and the prior year assumptions.

The trend rates were updated based on economic conditions as of June 30, 2024. Additionally, the discount rate was increased from 3.65 percent to 3.93 percent based on the Bond Buyers GO 20 Municipal Bond Index as of June 30, 2024.

VCCS Fiscal Year 2025 Workforce Development and Noncredit Instruction Report

In accordance with Chapter 725, 2025 Acts of Assembly, the Virginia Community College System (VCCS) offers the following in-depth summary of workforce development and noncredit instruction during Fiscal Year 2025 (July 1, 2024-June 30, 2025).

I. Introduction

Virginia's Community Colleges provide a variety of workforce and noncredit activities to support employers, incumbent workers, and Virginia's emerging workforce. These activities include offering career pathway programs that assist individuals in transitioning to employment after training is provided, open enrollment courses (offered to the general public) that allow employees or potential employees to upgrade their skills quickly and at low cost, and customized training, which provides the opportunity for employers to develop a course of study for employees that meets specific training needs.

II. Workforce and Noncredit Instruction at Community Colleges

Workforce Credential Grants

Recognizing the importance of creating and sustaining a demand-driven supply of credentialed workers for high-demand occupations in the Commonwealth, state lawmakers created a grant program in 2016 to make specific workforce training programs much more affordable for Virginians. The New Economy Workforce Credential Grant, which allocated \$23.75 million for Fiscal Year 2025, reduces the student cost of approved workforce credential training programs by two-thirds, so that more people can access this type of training and the high-demand jobs that stem from it. The grant program covers community college training in 12 high-demand occupational fields that were identified by the Virginia Board of Workforce Development.

With the Workforce Credentials Grant, students are eligible for up to \$4,000 in grant money to help pay for the cost of credential training. Most programs take between six and twelve weeks and are built so Virginians can get their education while they work. At Virginia's Community Colleges, students can gain the skills that they need quickly and affordably, while creating more opportunities for their future.

Community colleges provide training that prepares individuals to earn an industry-recognized credential or licensure. Programs focus on a wide variety of high-demand fields, such as business and customer service, education, healthcare, information technology, logistics and transportation, skilled trades and infrastructure, welding, and manufacturing. Courses include training for certified nursing assistants, pharmacy technicians, and medical coding and billing specialists; trades-related occupations, such as electricians, HVAC technicians, and welders; advanced manufacturing, such as Manufacturing Technician 1; and information technology, including cybersecurity and CompTIA certifications. During Fiscal Year 2025, Virginia's Community Colleges provided noncredit training that led to 14,646 high-demand industry credentials.

VCCS Fiscal Year 2025 Workforce Development and Noncredit Instruction Report

Noncredit Open Enrollment and Customized Training

VCCS colleges design and offer training programs that meet the community and employer-specific workforce needs through delivery of noncredit open enrollment and customized training. During Fiscal Year 2025, colleges provided 29,562 individuals with noncredit workforce training. This training included courses that provide new skills for high-demand occupations, as well as skills upgrades, such as training in information technology, transportation, and project management. Selection of courses is driven by the specific needs of local employers and the short-term workforce needs of individual community members.

Employers are another key customer of community college workforce services, whether through direct contracts or through partnerships with economic development and community agencies that assist existing or potential employers. Last year, colleges served 731 employers in Virginia through noncredit training.

Workforce coordinators at Virginia's Community Colleges consist of administrative and professional faculty, as well as classified staff. Each coordinator is evaluated annually using established Virginia Community College System and Virginia Department of Human Resources performance plans and procedures.

III. Institutes of Excellence

Institutes of Excellence, Fiscal Year 2025

During Fiscal Year 2025, Virginia's community colleges received funding through the Institutes of Excellence (IE) program and other grant initiatives to develop and enhance workforce training programs that address high-demand, high-growth industry needs identified by today's employers. Each college focused on key industry sectors and created pathways leading to education and training, credential attainment, employment, and credit for prior learning.

A total of \$415,465 in IE funds was allocated to community colleges, primarily to support equipment purchases that expand workforce training capacity.

- Southside Virginia Community College (SVCC) received \$244,984 to expand its Power Line Worker and Commercial Driver's License (CDL) programs. The funds were used to purchase an additional tractor and two trailers to meet growing student demand, increasing the CDL program's capacity by approximately 50 students per year.
- \$104,037 in IE funds supported the Building Pathways to Infrastructure Jobs (BPI) Grant. These funds were used to purchase equipment, materials, certifications, and licenses for launching the Fiber Optic Splicing program at Germanna, Piedmont, and Laurel Ridge Community Colleges. This investment provides each college with the capacity to serve approximately 40 students per year and prepares participants for infrastructure-related careers, particularly in the development of data centers across the Commonwealth. The funds also supported professional development for workforce faculty and staff.

VCCS Fiscal Year 2025 Workforce Development and Noncredit Instruction Report

- The remaining \$66,444 in IE funds were allocated to Laurel Ridge Community College to establish its Power Line Worker program. The program launched in Fall 2025 with an initial cohort of 15 students and a projected annual capacity of 60 students.

IV. Specialized Workforce Centers

Expanding Services through Specialized Workforce Centers

In addition to the Institutes of Excellence, individuals and employers were served by the four specialty workforce centers located at Central Virginia, Danville, Paul D. Camp, and Virginia Peninsula Community Colleges. These colleges improved and expanded training and developed new programs through noncredit workforce-related instruction with emphasis on student attainment of industry credentials. The allocation of state funds to these specialized workforce centers requires a 25 percent match from each college. Matching funds were provided by local and county governments, regional foundations, and federal grants, demonstrating the investment that these groups have in the workforce services provided by the centers. Workforce projects and services at each of these centers are described below.

Central Virginia Community College (CVCC) had more than 1,050 enrollments in FastForward programs in Fiscal Year 2025. The following is a summary of noncredit workforce programs impacted by this appropriation at CVCC:

- Skilled trades program enrollment in National Center for Construction Education and Research (NCCER) CORE, Electrical Levels 1 - 4 programs, HVAC 1 - 4 programs, Plumbing Levels 1 - 4 programs, and the Heavy Equipment Operator 1 program offered all levels of NCCER certifications.

CVCC became a registered apprenticeship intermediary through the Department of Workforce Development and Advancement. Several companies have become sponsors under CVCC, and workforce programs continue to provide related technical instruction (RTI) for other registered apprentices.

- Healthcare programs include Phlebotomy Technician and Certified Clinical Medical Assistant (CCMA) offered with National Healthcareer Association (NHA) credentials. Additionally, the partnership has continued with the local hospital system (Centra) to offer Certified Nursing Assistant (CNA) with Virginia Board of Nursing credentials.
- Commercial Driver's License (CDL) programs operated on campus for a third year during FY 2025, resulting in 96 Class A credentialed students. CVCC worked with the third-party vendor, Ancora, with a fleet of four trucks to meet program demand for both full-time and part-time programs. A Commercial Driver's License Class B program is also offered.
- Emergency Medical Technician (EMT), Advanced EMT (AEMT) and Paramedic programs

VCCS Fiscal Year 2025 Workforce Development and Noncredit Instruction Report

were also held and offered valuable credentials from the National Registry of Emergency Medical Technicians (NREMT) and the Virginia Office of Emergency Medical Services.

CVCC provided training to employees of Amherst County, Bedford County, Campbell County and Lynchburg City governments. College representatives worked with local workforce and economic development organizations to promote programs and customized training for employers. Several companies toured programs and met with students to discuss employment opportunities. The following employers enrolled students in FastForward programs to meet the needs of related technical instruction (RTI) for registered apprenticeship:

- Southern Air
- A&L Electrical
- Moore's Electric
- Anchor Electric
- Centra
- Georgia Pacific
- John Mettle Electric, LLC
- U.S. Pipe

Career exploration summer camps were held for local middle and high school level students. CVCC continued to support both the transition program and customized classes for special needs students related to training and career readiness.

Danville Community College (DCC) delivered comprehensive workforce noncredit training to business and industry leaders across the region. The college trained 290 students across multiple high-demand fields, representing a 12 percent increase in enrollment over the previous year.

Training Programs and Enrollment:

- Commercial Driver's License Class A: 44 students
- CompTIA A+: 58 students
- CompTIA Network+: 45 students
- CompTIA Security+: 35 students
- HMCA Clinical Medical Assistant (NHA): 19 students
- Emergency Medical Technician (VOEMS): 19 students
- Advanced Emergency Medical Technician: 13 students
- Certified Nurse Aide (CNA): 12 students
- Industrial Maintenance Electrical and Instrumentation - Level 1: 12 students
- Industrial Maintenance Electrical and Instrumentation - Level 2: 8 students
- Medication Aide: 5 students
- Senior Professional in Human Resources: 4 students

VCCS Fiscal Year 2025 Workforce Development and Noncredit Instruction Report

- Electrical - Level 1: 3 students
- HVAC Tradesman License Renewal: 3 students

Employer Partnerships: DCC served numerous employers throughout the year through signed apprenticeships, customized training programs, employer cohorts, and short-term training opportunities. Partner organizations included VDOT, First Piedmont, City of Danville, EPL America LLC (Essel Propack America LLC), Hitachi, Tyson Foods, Kickback Jacks, JTI, Rogers Heating & Cooling, and KTL.

Strategic Collaborations: The college established strong partnerships with the City of Danville, VDOT, First Piedmont, Virginia Works, Adult Education, and the Southern Virginia Higher Education Center to expand workforce development reach and impact.

Apprenticeship Program: DCC became an intermediary for the state apprenticeship program, working directly with local industries to implement apprenticeship opportunities within their organizations. The college has signed apprenticeship agreements with KTL and Rogers Heating & Cooling.

New Program Launch: In October, DCC launched its Diesel Technician Training program, which provides students with five ASE Entry-Level certifications upon completion:

- Medium/Heavy Truck Brakes
- Medium/Heavy Truck Diesel Engines
- Medium/Heavy Truck Electrical/Electronic Systems
- Medium/Heavy Truck Inspection, Maintenance & Minor Repair
- Medium/Heavy Truck Suspension & Steering

Paul D. Camp Community College (CAMP) focused on the following noncredit training programs leading to employment and employee development for Fiscal Year 2025. Camp enrolled a total of 658 students in FastForward programs.

- The National Center for Construction Education and Research (NCCER) Core and Industrial Maintenance/Electrical and Instrumentation (Levels 2-4) programs continue to be offered in the fall and spring terms. In FY 2025, Camp collaborated with Day & Zimmerman to create the Nuclear Workforce Training Program that consists of prerequisite training to include NCCER Core. Students who successfully completed the training earned the NCCER Core Industry credential and were evaluated to work with Surry Nuclear Power for an outage assignment job offer. 24 students were trained in NCCER Core with a 100 percent completion and credential rate.
- In FY 2025, the Marine Welder pre-hire program, in partnership with Virginia Ship Repair Association and HII- Newport News Shipbuilding, located at the Suffolk Campus, enrolled a total of 88 students with a 97 percent completion and 96 percent credential rate.

VCCS Fiscal Year 2025 Workforce Development and Noncredit Instruction Report

- The Outside Machinist pre-hire program held at the Suffolk campus was offered in partnership with the Virginia Ship Repair Association and HII- Newport News Shipbuilding. In FY 2025, 48 students were served with 96 percent completion and credential rates.
- The Fast-Track Healthcare program, which offers two program options that include three certifications (Clinical Medical Assistant, Phlebotomy, and EKG Technician) or (Patient Care Technician, Phlebotomy and EKG Technician), is a hybrid class with small groups meeting in person for hands-on labs at the newly renovated Health Professions building in Franklin. The Healthcare program enrolled a total of 165 students with a completion rate of 87 percent.
- Blended credit and noncredit in-demand IT programs are offered for CompTIA A+, Network+, and Security+. In FY 2024, Camp served 10 noncredit students in the blended CompTIA A+ Network+, and Security+. with 6 completers.
- The Truck Driver Training program (Class A and Class B Commercial Driver's License) at the Suffolk campus offers 2 classes per month on weekdays and weekends. In FY 2025, 208 CDL A and 43 CDL B students were served, with 89 percent of CLD A and 93 percent of CDL B students successfully completing the class.
- Backflow Prevention Certification served 10 students with a 100 percent completion rate.
- Heavy Equipment Operator Level 1 and Rigging and Signaling Person with NCCER Core were offered in FY 2025 with 10 enrolled in the program and 80 percent completion rates.
- Customized training is offered to local employers meeting their needs for Forklift Operators, Logistics and Warehousing, Excel, and NCCER Core fundamentals. These include the development of soft skills modules for employers and students. Companies that contracted with Camp for customized trainings include Apex Case Management, Day & Zimmerman, Deerfield Correctional Center, and ST Tissue.

Virginia Peninsula Community College (VPCC) is a founding member of the Community College Workforce Cooperative (CCWC) along with Tidewater Community College and Paul D. Camp Community College. The CCWC was designed to meet the large-scale workforce demands in Hampton Roads with a primary focus in the shipbuilding and ship repair industries. Critical partners include the Hampton Roads Workforce Council, the Virginia Ship Repair Association, and Newport News Shipbuilding.

The Marine Trades Training Program (MTT), delivered by the partner colleges since 2017, has

VCCS Fiscal Year 2025 Workforce Development and Noncredit Instruction Report

enrolled over 4,000 participants and remains a cornerstone of the Regional Maritime Training System, facilitated by the Hampton Roads Workforce Council. As part of the MTT program, VPCC delivered Welding and Marine Electrical training to 223 students in FY 2025. VPCC also delivered welding training aligned with American Welding Society (AWS) credentials to include SMAW, FCAW, GMAW, GTAW, and Certified Welder. Enrollments in AWS courses totaled 392 in FY 2025. VPCC's AWS Accredited Testing Facility supports both student testing and industry partners. The following is a summary of other noncredit workforce programs impacted by this appropriation at VPCC:

- The building and construction trades - including Carpentry, Electrical, Facilities Maintenance, and HVAC - remain high-demand programs and are delivered on the Hampton Campus and at the Toano Trades Center.
- Allied health programs enrolled 409 students in FY 2025, representing nearly 30 percent of VPCC's total workforce enrollment. Programs included Clinical Medical Assistant (CMA), Certified Medical Administrative Assistant (CMAA), EKG Technician, Phlebotomy Technician, Nurse Aide Education (CNA), and Medical Coding and Billing. These programs are available at VPCC's Hampton campus, the Historical Triangle campus, and the college's Southeast Newport News Center.
- VPCC remained a valuable resource in providing Commercial Driver's License training and preparation. VPCC trained 145 students in FY 2025.
- VPCC hosted multiple community and industry engagement events throughout FY 2025 to benefit local employers, students, and residents. These included the Regional Apprenticeship Summit (in partnership with the Hampton Roads Workforce Council), Manufacturing Day (in partnership with Hampton City Schools), Manufacturing Days (in partnership with Williamsburg-James City County Public Schools), a Celebrate Healthcare event supporting displaced local workers in collaboration with regional agencies and nonprofits, and a Healthcare Focus event featuring a keynote address by a local healthcare provider CEO.
- VPCC continued to serve individuals and businesses with customized training options to include a focus on leadership development, communication strategies, and career skill development.
- VPCC continued support for the Virginia Career Works Center located in the Peninsula Workforce Development Center (PWDC), representing a partnership among four other state and local agencies sharing staff and facility costs and providing career search services for jobseekers. VPCC contribution includes supporting a 0.5 position to support Center operations. A local branch of the Small Business Development Center also operates from the PWDC, providing engagement opportunities for both VPCC students and faculty.

VCCS Fiscal Year 2025 Workforce Development and Noncredit Instruction Report

- VPCC partnered with the Newport News Economic Development Authority to construct a new Newport News Trades Center scheduled to open in February 2026. The facility will initially deliver Welding, Structural Fitting (a new program), and Marine Electrical in support of the Maritime industry, with additional programs planned to support local demand. The new facility will also house Electrical, Facilities Maintenance, HVAC, and Plumbing in support of the Building and Construction industry
