From: Dr. Stacey L. Timmons, Supervisor of Facilities Management
Date: November 4, 2025
Subject: RE: HB2278 Response

In accordance with the requirements of HB2278 (Chapter 566, Acts of Assembly, 2025), Madison County Public Schools (LCPS), contracted with a consulting firm to conduct a comprehensive Facility Conditions Assessment for MCPS School Facilities.

The process included assessments of all building envelopes, sub-structures, as well as MEP Systems and building systems. The assessment including an overall assessment of ADA access and other barriers. To this end, we believe we are in compliance with ADA standards. Our ongoing Capital Improvement Program also includes efforts to increase accessibility for all. The Capital Planning Committee meets regularly to discuss any issues that may arise.

In the event that a new or current physical barrier is identified, MCPS will implement measures to facilitate access to programs and services, consistent with the ADA's program accessibility provisions and the principle of avoiding undue financial and administrative burdens. Such alternative measures include program relocation and providing virtual access to programs.

MCPS remains committed to fostering an inclusive environment and continuously evaluating our facilities and practices to support equitable access for all individuals.
