Annual Report on the Liquid Nicotine and Nicotine Vapor Product Directory per § 59.1-293.22

Dear Members of the Virginia General Assembly:

Pursuant to § 59.1-293.22 of the Code of Virginia, the Office of the Attorney General (OAG) provides this report on the status of the directory established pursuant to § 59.1-293.15 and the liquid nicotine and nicotine vapor products manufacturers for which current and accurate certification forms have been submitted as required by § 59.1-293.16. This report summarizes the registration of manufacturers, the types of liquid nicotine and nicotine vapor products produced, and the revenues and expenditures attributable to the administration and enforcement activities carried out pursuant to Chapter 793 and Chapter 828 of the 2024 Virginia Acts of Assembly.

Overview

In 2024, legislation enacted by the General Assembly directed the OAG to establish and maintain a directory that identifies all liquid nicotine or nicotine vapor product manufacturers and liquid nicotine and nicotine vapor products properly certified to the OAG in accordance with § 59.1-293.16. This provision requires the manufacturer's receipt of a marketing authorization or similar order for the liquid nicotine or nicotine vapor product from the U.S. Food and Drug Administration (FDA) pursuant to 21 U.S.C. § 387j to be eligible for inclusion in the directory. Liquid nicotine or nicotine vapor products marketed in the United States as of August 8, 2016, and liquid nicotine and nicotine vapor products for which a premarket tobacco product application was pending with FDA on or before September 9, 2020, and which either remains pending FDA review, or has not received a final application decision that has otherwise taken effect are also eligible for inclusion.

Directory Status

The OAG began accepting registrations from manufacturers for the directory on July 1, 2025. Manufacturers can download the initial registration form from the OAG's website at <https://www.oag.state.va.us/regulatory-agencies/liquid-nicotine-nicotine-vape-product-directory>. A copy of the certification form is attached as Appendix A. Pursuant to § 59.1-293.16(B) and (C), a separate certification form is required for each liquid nicotine and nicotine vapor product sold by a manufacturer for retail sale in the Commonwealth. Manufacturers must also remit a \$2,000 fee for each product it is certifying for initial inclusion in the directory.

As of December 31, 2025, thirteen (13) manufacturers have certified products for inclusion in the directory and the OAG collected \$380,000 in revenue from these certifications. A copy of the directory as of December 31, 2025 is attached as Appendix B.

Administration and Enforcement Activities

Va. Code § 59.1-293.20(B) prohibits manufacturers of liquid nicotine or nicotine vapor products from selling, directly or through third parties, any product not registered in the OAG-maintained directory. Violations incur fines of \$1,000 per day for each unlisted product offered for sale, accruing until the product is removed or properly listed. Retailers have sixty (60) days from the Attorney General's initial publication of the directory to sell or return unregistered inventory, and distributors and wholesalers have the same period to remove and return products intended for sale in the Commonwealth. Because manufacturers have until December 31, 2025, to comply with registration requirements, the OAG has not initiated enforcement against them. Likewise, as the deadline for sale or disposal of unregistered products extends into early March 2026, the OAG has not taken enforcement action or removed any manufacturers or products from the directory.

In October 2025, Novo Distro Inc., Tobacco Hut, and Vape Fairfax Inc. sued the Virginia Attorney General and Tax Commissioner in the U.S. District Court for the Eastern District of Virginia, challenging the constitutionality of Virginia's vapor product directory law pursuant to Va. Code §§ 59.1-293.10–293.22). On December 18, 2025, the court preliminarily enjoined enforcement of §§ 59.1-293.17(D), 59.1-293.20(A)–(D), and related provisions, including enforcement under §§ 59.1-293.16 and 59.1-293.21. The Attorney General may still maintain the directory per § 59.1-293.15, remove or exclude products per § 59.1-293.17, and require manufacturers to certify FDA approval status per § 59.1-293.16, but cannot enforce actions against manufacturers selling e-cigarettes lacking FDA approval or pending applications. The OAG has appealed, and a similar case, *Vapor Technology Association v. McKinley Wooten, Jr.*, is pending in the Fourth Circuit.

Sincerely,

Jay Jones
Attorney General of Virginia
