## DLAS DOCUMENT

Actual Fiscal Year 2025 Required Local Effort and Required Local Match; Certification of Budgeted Fiscal Year 2026 Required Local Effort and Required Local Match

### Author

Virginia Department of Education

### Enabling Authority

Section 22.1-97, *Code of Virginia*

### Preface

Section 22.1-97 of the *Code of Virginia*, directs the Superintendent of Public Instruction to provide a report annually to the House Committees on Appropriations and Education and the Senate Committees on Finance and Education and Health on the degree to which each school division has met, failed to meet, or surpassed its required local expenditure in support of the Standards of Quality.

Virginia Department of Education budget staff prepared the report based on Annual School Report Financial Section data submitted by school divisions for fiscal year 2025, and certifications of budgeted local expenditures submitted by school divisions for fiscal year 2026.

## EXECUTIVE SUMMARY

Pursuant to the requirements of Va. Code § 22.1-97, the Virginia Department of Education collected data from school divisions on the actual local funding effort in support of the Standards of Quality for fiscal year 2025, through the 2024-2025 Annual School Report Financial Section (ASRFIN). School divisions were also required to certify that budgeted local funds were at the required level in support of the Standards of Quality for fiscal year 2026.

This report provides the results of calculations made to ensure that each school division has expended sufficient local funds to support its required local effort. The purpose of required local effort is to ensure that each school division has sufficient local operational expenditures to support its local share of the cost of the Standards of Quality. Fiscal year 2025 calculations are based on actual local operational expenditures.

There are 131 school divisions in the Commonwealth; however, for reporting of Required Local Effort and Required Local Match, two of the joint systems (Fairfax County/Fairfax City and Williamsburg City/James City County) are reflected independently in this report. With this independent reporting, there are typically 134 reporting school divisions included in this report. As of this report submission, Essex County and Northumberland County have not submitted their Annual School report. Throughout this report, information is being reported on the 132 school divisions that have completed their required reporting submissions. Outreach has occurred to Essex County and Northumberland County via email and a formal letter to the division Superintendent, Board of Supervisors Chair, and School Board Chair. Without their submission, it will be noted that their data was not received throughout the report.

132 of 132 reporting school divisions met or exceeded required local effort for fiscal year 2025.

Item 125, Chapter 725, 2025 Virginia Acts of Assembly, requires school divisions to certify “that sufficient local funds have been budgeted to meet all state required local effort and required local match amounts.” All school divisions certified that they have budgeted local operational funds sufficient to meet budgeted required local effort for fiscal year 2026. School divisions whose local appropriations for fiscal year 2026 are only slightly more than the amount required to maintain local effort for the Standards of Quality have been advised to review their average daily membership monthly during the fiscal year to ensure sufficient local appropriations are available based on current enrollment levels.

Pursuant to Item 125, Chapter 725, 2025 Virginia Acts of Assembly, for fiscal year 2025, the Virginia Department of Education collected data on actual local expenditures for Incentive and Lottery programs that have a required local match. In fiscal year 2025, school divisions were required to report on local expenditures to support the actual required local match for each of the applicable accounts: At Risk; Virginia Preschool Initiative; K-3 Primary Class Size Reduction; Compensation Supplement; Infrastructure & Operations Per Pupil Fund; Math/Reading Instructional Specialist Initiative; and Early Reading Specialist Initiative. 131 of 132 reporting school divisions reported certified actual local operational expenditures sufficient to meet required local match for the programs in which they elected to participate in fiscal year 2025.

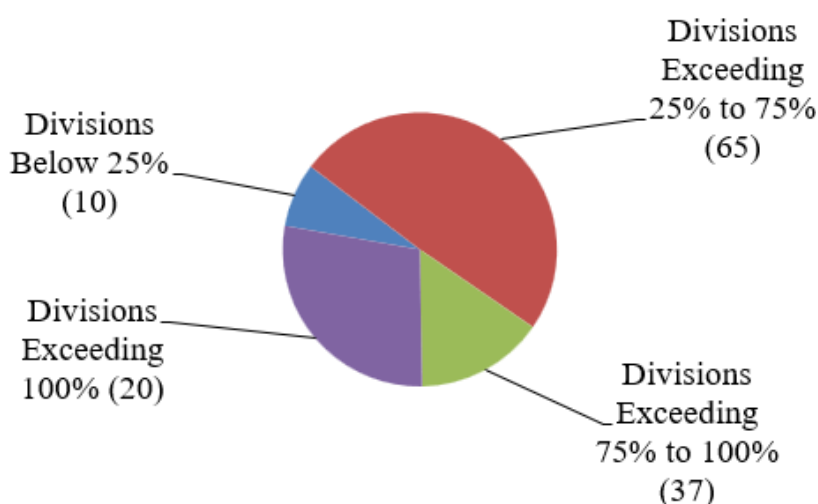

For fiscal year 2026, all school divisions have submitted the required information to certify their budgeted required local match for Incentive and Lottery accounts (i.e., At-Risk, Compensation Supplement, Virginia Preschool Initiative, Infrastructure & Operations Per Pupil Fund, K-3 Primary Class Size Reduction, Math/Reading Instructional Specialist Initiative, and Early Reading Specialists Initiative). All school divisions certified that they have budgeted local operational funds sufficient to meet budgeted required local match for all Incentive and Lottery-funded accounts in which they have elected to participate in fiscal year 2026.

## FISCAL YEAR 2025 REQUIRED LOCAL EFFORT FOR THE STANDARDS OF QUALITY

132 of 132 reporting school divisions exceeded required local effort for fiscal year 2025. The range of local support in excess of the required amount is:

- Low – Highland – 4.13% in excess of the required amount
- High – Buchanan – 430.42% in excess of the required amount
- The average local operational expenditure in excess of the required level for FY 2025: 79.09%

### **Distribution - Percent of FY25 Actual Local Expenditures for Operations Above Required Local Effort for SOQ**

\*There are 131 school divisions in the Commonwealth; however, for reporting of Required Local Effort and Required Local Match two of the joint systems (Fairfax County/Fairfax City and Williamsburg City/James City County) are reflected independently in this report.

## FISCAL YEAR 2025 REQUIRED LOCAL MATCH FOR INCENTIVE AND LOTTERY ACCOUNTS

131 of 132 reporting school divisions met required local match for all Incentive and Lottery accounts in which they elected to participate in fiscal year 2025. The funds used to meet required local match are actual local operational expenditures that are above those used to meet required local effort on the Standards of Quality. The range of actual local support in excess of the required amounts for local effort and local match is:

- Low – Buena Vista – 0.05% below the required amount
- High – Buchanan – 293.14% in excess of the required amount
- The average actual local operational expenditure in excess of the required level for fiscal year 2025: 46.61%

### Distribution - Percent of FY25 Actual Local Expenditures for Operations Above Required Local Effort and Required Local Match

\*There are 131 school divisions in the Commonwealth; however, for reporting of Required Local Effort and Required Local Match two of the joint systems (Fairfax County/Fairfax City and Williamsburg City/James City County) are reflected independently in this report.

<sup>1</sup> Required local match programs (At-Risk, Virginia Preschool Initiative, Early Reading Specialists Initiative, Math and Reading Specialists, Compensation Supplement, Infrastructure & Operations Per Pupil Fund, and K-3 Primary Class Size Reduction) based on Chapter 725, 2025 Virginia Acts of Assembly, Final March 31, 2025, Average Daily Membership, and actual participation data.  <sup>2</sup> As reported by school divisions on the 2024-2025 Annual School Report Financial Section. This figure includes actual local operational expenditures and actual expenditures for the Virginia Preschool Initiative. Local expenditures for operations can be used to meet local match requirements for Incentive and Lottery-funded accounts. Local expenditures for the Virginia Preschool Initiative can only be used to meet the local match requirements for that program.					

## **FISCAL YEAR 2026 BUDGETED REQUIRED LOCAL MATCH FOR INCENTIVE AND LOTTERY ACCOUNTS**

All school divisions certified that sufficient local funds have been budgeted to meet all required local match amounts for all Incentive and Lottery accounts in which they elected to participate in fiscal year 2026. The funds used to meet required local match are budgeted local operational expenditures that are above those used to meet required local effort on the Standards of Quality.

<sup>2</sup> As reported by school divisions on the FY 2026 Budgeted Required Local Effort and Required Local Match data collection. Divisions may not be eligible for all Required Local Match programs and may not elect to participate in all programs for which they are eligible. Divisions certify to budgeting local funds sufficient to meet the FY 2026 Required Local Match only for the programs in which they elect to participate.			

## PARTICIPATION IN OPTIONAL PROGRAMS WITH LOCAL MATCH REQUIREMENTS

Pursuant to Item 125, Paragraph B.10, Chapter 725, 2025 Virginia Acts of Assembly, for fiscal year 2026, the Virginia Department of Education collected data on budgeted required local match for applicable Incentive and Lottery-funded accounts that require a local match.

As part of this data collection, school divisions also certified participation in certain Incentive and Lottery-funded accounts, as applicable. All school divisions have submitted completed reports and have certified their participation status for fiscal year 2026.

School divisions, if eligible for funding, either opted in or opted out of participating in the optional programs that have a required local match. If sufficient local operating expenditures were not available to meet local match requirements, then local school divisions requested additional local appropriation from the governing body prior to receiving state funds in fiscal year 2025.

The following information details by account the school division participation in Incentive and Lottery-funded accounts in fiscal year 2026. As noted in the chart below, school divisions that did not have funding availability have opted out of optional programs.
