The Honorable Sam Rasoul
Chair, House Education Committee General Assembly Building, Room 1107 201 North 9th Street Richmond, VA 23219

Dear Delegates Torian and Rasoul, Senators Lucas and Favola:

Please accept updates from the Virginia Department of Education and the Virginia Community College System on the implementation of the College and Career Ready Virginia Program, as required in Section 22.1-237.4 subsection 16 of the Code of Virginia.

In 2024, the General Assembly enacted HB1087 and SB627, the Virginia Department of Education (VDOE, or the Department) and the Virginia Community College System (VCCS, or the System) to complete a comprehensive review of the effectiveness of the College and Career Ready Virginia Program (CCRV), to include costs, student outcomes, the quality and rigor of courses, and a plan for continuous improvement to be annually reported to the General Assembly. Under this statute, school divisions and community colleges are working in partnership to fully implement CCRV during the 2025-2026 school year. The enclosed report details the previous steps taken to plan for full implementation and upcoming action items to ensure success.

For additional questions, please contact Amanda Nevetral, Director of the Office of Advanced Learning at the Virginia Department of Education at 804-418-4693 or Dr. Micol Hutchison, Associate Vice Chancellor for Academic Affairs at the Virginia Community College System at 804-819-4978.

Sincerely,

Jenna Conway
Superintendent of Public Instruction

College and Career Ready Virginia Report

November 1, 2026

PREFACE

House Bill 1087 and Senate Bill 627 (2024), now codified as Va. Code § 22.1-237.1 et seq., established the College and Career Ready Virginia (CCRV) Program and Fund. Section 22.1237.2 provides in pertinent part, "The Board [of Education] and the State Board for Community Colleges shall establish the College and Career Ready Virginia Program." Further, the code states that "All funds appropriated for such purpose and any gifts, donations, grants, bequests, and other funds received on its behalf shall be paid into the state treasury and credited to the Fund." Lastly, community colleges and local school boards are prohibited from charging tuition or fees to qualified high school students for enrolling and participating in Program courses.

The General Assembly identified the CCRV Program in Va. Code § 22.1-237.3 as consisting of "dual enrollment and participation of qualified high school students at the high school in college courses pursuant to the Passport Program and the Uniform Certificate of General Studies Program established in accordance with the requirements set forth in subsection B of § 23.1907."

As provided in Va. Code § 22.1-100, dual enrollment is defined as:

> the enrollment of a qualified high school student in a postsecondary course that is creditable toward high school completion and a career certificate or an associate or baccalaureate degree at a public institution of higher education. "Dual enrollment" does not include the enrollment of a qualified high school student in a postsecondary course that is not creditable toward high school completion.

Section 23.1-907 provides that the Passport Program is a one-semester program consisting of 16-credit hours and is a component of the Uniform Certificate of General Studies Program. The Uniform Certificate of General Studies Program ("the UCGS Program") is a one-year, 31 to 37-credit hour program. "Each [UCGS] Program and Passport Program course shall be transferable and shall satisfy a lower division general education requirement at any public institution of higher education."

Section 23.1-907 further provides that:

> Each comprehensive community college shall develop agreements for postsecondary credit and degree attainment with the public high schools in the school divisions that such comprehensive community college serves specifying the options for students to complete an associate degree, the Passport Program, or the Uniform Certificate of General Studies Program concurrent with a high school diploma consistent with the requirements for the College and Career Ready Virginia Program set forth in Article 5.1 (§ 22.1-237.1et seq.) of Chapter 13 of Title 22.1

This report reflects the strong collaboration and partnership between the Virginia Department of Education (VDOE) and the Virginia Community College System (VCCS). College and Career Ready Virginia directly supports the Commonwealth's goal of ensuring all public high school graduates are ready for life, through enrollment in postsecondary education options, employment, or enlistment in the military, while removing financial barriers to early college credit attainment.

EXECUTIVE SUMMARY

College and Career Ready Virginia greatly expanded dual enrollment opportunities for students around the Commonwealth and during the first full year of implementation in 2025-26, school division and community colleges partnered to ensure Passport and Uniform Certificate of General Studies (UCGS) pathway access for eligible students.

The Virginia Department of Education (VDOE) and the Virginia Community College System (VCCS) increased their collaboration and partnership to support school divisions and community colleges with this requirement, including robust data collection, both qualitative and quantitative, to inform next steps for continuous improvement.

From that data collection, several points are worth highlighting.

- Dual enrollment courses are important to students in Virginia and the implementation of CCRV removes the access barrier of cost. Data collected by VDOE shows an increase in enrollment by almost 15,000 students in the past five years (2020-21 to 2025-26).

- Teacher credentialing is an area of growth for dual enrollment that VCCS is actively working to address in the upcoming year. In some school divisions, CCRV created additional demand for teachers and illuminated inconsistencies in teacher credentialing that supports the changes and updates to the proposed VCCS guidelines.

- Although DE enrollment is high across the Commonwealth, data collected by VDOE in 2024-25 notes that 24% of students enrolled in DE courses are economically disadvantaged, 3% are English Learners, and 3% are Students with Disabilities. While CCRV removed the barrier of cost for many students, students furthest from opportunity still struggle to access these courses for various reasons, including lack of awareness, confusion around accommodations for students with disabilities in the dual enrollment environment, and gaps in support for English Learners. VDOE and VCCS are actively collaborating with internal and external partners to ensure that every eligible student in the Commonwealth is aware of what dual enrollment is, the transferability of dual enrollment credits, and how it can be accessed by all student groups within local high schools.

- In discussions about student outcome data between VCCS, VDOE, and SCHEV, team members agreed that in future years, data will be included for students that graduate with the Passport/UCGS and matriculate to a two-year or four-year college or university. That data was unavailable for this current year but should be available in future years, in partnership with National Clearinghouse. Additionally, data collection efforts will continue to be refined, updated, and streamlined for the upcoming year.

In the 2026-27 school year, VDOE and VCCS will continue to work collaboratively to support students in achieving positive postsecondary outcomes associated with College and Career Ready Virginia.

COST

In August 2026, school division finance directors were asked to complete a survey on revenue and expenditure for College and Career Ready Virginia. This survey was advertised in the Virginia Education Update and emailed to division contacts. Sixty-eight of 131 (52%) divisions responded, representing 25% of dually enrolled students (includes both CCRV and non-CCRV enrolled students).

As reflected in Appendix A, answers varied greatly, most likely due to differences in local partnerships between community colleges and divisions. The table below shows statewide totals for both revenue and expenditure.

Statewide Totals for Revenue for CCRV (Based on 2026 division-reported survey information of 68 of 131 divisions.)	**Federal Revenue**	**State Revenue**	**Local Revenue**	**Total**
	$1,375,648.87	$4,904,056.61	$9,558,630.94	$15,838,336.42

Statewide Totals for Expenditures for CCRV (Based on 2026 division-reported survey information of 68 of 131 divisions.)	**Personnel Expenditures**	**Non-Personnel Expenditures** (lab fees, textbook costs, etc.)	**Total**
	$27,645,450.44	$4,071,884.25	$31,717,334.69

The data above represents the first annual collection for CCRV revenue and expenditures for divisions per the reporting mandate in Code. As this was the first year of data collection, there was uncertainty from divisions on how to report this data. For 2026-27, VDOE plans to host an informational webinar and create technical resources around CCRV to improve data collection about expenses, both to ensure that finance directors understand how CCRV differs from dual enrollment courses and to communicate the requirement for this data with support from the

VDOE Budget Office. As this is the first year of data collection, implementation of greater technical assistance for 2026-27 should improve the accuracy of this data for future reports.

Revenues are net actuals posted by the colleges for FY26. Because dual enrollment expenditures are not entered in a consistent manner or place at this time, expenditures are based on a cost of education model designed to attribute only the proportion of dual enrollment costs that apply to providing the necessary services.

Revenues are inclusive of all dual enrollment, including campus-based, independent dual enrollment, and non-CCRV high school-based dual enrollment. Uniform Certificate of General Studies (UCGS) pathway courses accounted for 55% of the total dual enrollment credit hours in FY26. Non-pathway courses that still apply to the UCGS and were offered at no cost in the high school accounted for an additional 12% in FY26.

Dual Enrollment Revenues	**FY26 Dual Enrollment**	**FY25 Dual Enrollment**	**FY24 Dual Enrollment**	**FY23 Dual Enrollment**
Total	$1,371,718.32	$8,786,014.98	$7,495,081.55	$8,622,843.64

High school-based expenditures are also inclusive of non-CCRV dual enrollment activities. 67% of total high-school based dual enrollment credit hours were in a UCGS pathway, and a further 15% were non-pathway courses also offered at no cost.

DE Cost of Education GF to NGF Split			
	High School Based	Campus Based	DE Total COE
GF Value	$20,191,291.37	$11,453,615.62	$31,644,906.98
Tuition Value	$17,943,548.25	$10,178,571.58	$28,122,119.83
Total	**$38,134,839.62**	**$21,632,187.19**	**$59,767,026.81**

Revenues by college and tables related to the cost of education model can be found in Appendix B.

STUDENT OUTCOMES

To determine the data collection process for student outcomes related to CCRV, a team from the VDOE, SCHEV, and VCCS met quarterly during the 2025-26 academic year. For each data set, statewide highlights are noted below and the comprehensive data by high school, division and/or community college is available in the Appendix.

- In 2025-26, 321 students earned the Passport, and 1,801 students earned the Uniform Certificate of General Studies (Appendix C).
- In 2025-26, there were 62,868 dual enrolled students in VCCS. Of those students, 3,370 or 5% earned an Associate Degree (Appendix D).

- ENG 111 and ENG 112 were the most offered dual enrollment courses in 2025-26 as part of the Passport or UCGS, with enrollment at 22,178 and 21,405 students, respectively (Appendix E).
- 97 Passport/UCGS courses were offered statewide in 2025-26 (Appendix F).
- Taking a college-credit bearing course in high school continues to be a popular option for high school students, with 183,235 students enrolled in at least one Advanced Placement (AP), International Baccalaureate (IB), Cambridge, or Dual Enrollment (DE) course in 2025-26. Data may include duplicate students, as some school divisions offer multiple options. Program breakdowns are below.

Program	Student enrollment in at least one or more courses
Advanced Placement (AP)	107,637
Dual Enrollment (DE)	59,524
International Baccalaureate (IB)	15,218
Cambridge	854

The two tables below represent statewide enrollment, with data around success (a grade of C or better) and modality of course. Highlights from the data are included after the tables.

Appendix G provides this information by school division.

- Statewide, over 44,000 students aged 16 and over enrolled in at least one Passport/UCGS course, which is 23% of all 11th and 12th grade public school students.
- Female students in grades 11 and 12 were more likely to enroll in any Passport/UCGS course, compared to male students in those grades (26% compared to 19%)
- Among students enrolled in at least one Passport/UCGS course, most (86%) earned a C or above in at least one Passport/UCGS course. Among groups with more than 50 students enrolled in at least one Passport/UCGS course, white students were most likely to have earned a C or above in at least one Passport/UCGS course (89%), while both Hispanic and Asian students were least likely to have earned a C or better in at least one Passport/UCGS course (82% and 81%, respectively).
- Almost all students who enrolled in at least one Passport/UCGS took at least one Passport/UCGS course in a high school setting (98%), with little variation across groups of students.
- The second most common modality for enrolling in Passport/UCGS courses was a virtual setting (7%).
- Relatively few students who enrolled in at least one Passport/UCGS course took at least one such course in a community college (1%).

QUALITY AND RIGOR OF COURSES

To fulfill the mandate of College and Career Ready Virginia (CCRV), high school students must be provided with early access to postsecondary coursework without compromising or altering the standard of academic rigor expected at the collegiate level.

1. VCCS Policy Compliance: Systemic Standards for Parity

VCCS policies establish the baseline governance for dual enrollment quality control, ensuring that high school students encounter identical expectations to those on a community college campus:

- Curriculum & Learning Outcomes: VCCS Policy 6.7 (Concurrent Enrollment Quality Standards) and VCCS Policy 6.6.3 require that dual enrollment courses must share identical departmental designations, course descriptions, syllabi requirements, and student learning outcomes as listed in the VCCS Master Course File. Course content is not modified or diluted for high school settings.
- Faculty Qualifications & Evaluation: Dual enrollment instructors—whether high school or adjunct faculty—must meet the same SACSCOC and VCCS credentialing criteria required of standard college faculty. VCCS policy requires colleges to evaluate high school-based faculty using the same observation guidelines, assessment tools, and professional development expectations applied to campus-based instruction.
- Student Eligibility & Assessment: To maintain rigorous peer cohorts, VCCS Policy 6.6.3 mandates that participating high school students demonstrate college readiness through standardized measures, GPA benchmarks, or placement prerequisites prior to course entry.

2. College in High School Alliance (CHSA) State Policy Grant: Scaling Access with Intentionality

Virginia's selection as one of seven states to lead national dual enrollment policy initiatives through technical support and funding from the College in High School Alliance (CHSA), supported by the National Alliance of Concurrent Enrollment Partnerships (NACEP), reinforces our commitment to scaling dual enrollment with structural rigor.

Participation in the CHSA grant has supported Virginia's efforts to:

- Standardize pathways, specifically the Uniform Certificate of General Studies (UCGS) and Passport, to ensure dual enrollment credits transfer predictably across Virginia's public four-year institutions.
- Address regional quality variations by aligning high school pathway implementation directly with regional community college service areas.
- Ensuring that rural and socioeconomically lower students and divisions had access to Passport/UCGS pathways.

To promote national best practices, Virginia actively engages with the National Alliance of Concurrent Enrollment Partnerships (NACEP). VCCS institutions and state dual enrollment

leadership regularly participate in NACEP convenings to benchmark Virginia's practices against NACEP's national standards.

PLAN OF CONTINUOUS GROWTH

During the first full year of implementation in 2025-2026, the Department and System collaborated on initiatives to support divisions and community colleges, such as:

- the initiation of robust workgroups of VCCS stakeholders from around the Commonwealth that are focused on improvements in the areas of: Policy and Instruction, Course Offerings and Delivery, Technology and Data, Marketing, and System-wide Funding and Costs. These work groups are focused on proposed solutions, guidance and policies that will continuously improve the CCRV program;
- the redesign and alignment of the dual enrollment webpage hosted by VDOE to connect stakeholders to information about CCRV and house resources for school divisions and families. The webpage will include graphics, information, and links to VCCS programs;
- the creation of an advising toolkit to provide school counselors and other school personnel with the necessary information to support students and families in obtaining academic support services within the high school and community college to ensure success for those enrolled in CCRV.
- the exploration of innovative initiatives to increase the number of credentialed dual enrollment teachers in Virginia, including partnerships with four-year universities to implement programs for teachers to earn the necessary credits and a partnership with Oregon to explore a sponsored dual credit model;
- the development of a process, in collaboration with data teams from VDOE and VCCS, to collect program enrollment data and postsecondary outcomes for reporting purposes;
- the development of a process, in collaboration with budget teams from VDOE and VCCS, to collect receipts and expenditures related to the implementation of CCRV;

- the review and assurance that the policies for quality and rigor in a VCCS class are broadly communicated to community colleges, instructors, and pertinent high school staff, including administrators; and
- the continuation of weekly meetings between VCCS and VDOE to discuss areas of strength and opportunities for growth to inform the plan for continuous improvement of the program.

As part of the continuous improvement plan for CCRV, the Department and System have strategically used data collected in 2025-26 to plan additional support for the field in 2026-27. Data from the field, informed by surveys sent to high schools and community colleges over the past year, helped inform this work. Divisions and community colleges requested additional resources on advising, communication, teacher credentialing, and technology.

These initiatives also reflect insights from the 2025 JLARC report on Dual Enrollment, such as the need for better collaboration between VDOE and VCCS, improved communication and awareness of dual enrollment, and increasing the number of qualified dual enrollment teachers.

Strategic initiatives for the upcoming school year include the following projects, organized into four distinct categories.

1. Advising:

- In 2026-27, VDOE and VCCS are working collaboratively to update the VDOE-VCCS Course Pairing document and provide professional development to school divisions and community colleges. This document has been revised based on division feedback to serve those in a school counselor, career coach, or other advising role, with updated information about SCED codes and pathways.

- In 2025, VDOE and VCCS released a Dual Enrollment Advising Toolkit, to support administrators, teachers, and families in communicating with students about access dual enrollment opportunities. Since the first iteration of this document, a cadence has been established to update this annually and include relevant information from the content teams at VDOE. The annual release of these updates will occur in the spring of each academic year.

- In 2025, the General Assembly passed HB1892, ensuring the students with disabilities had awareness and access to dual enrollment opportunities. Since inception of this legislation, VDOE and VCCS have worked to provide guidance through a model policy and technical support to divisions about accommodations.

2. Communication:

- VDOE and VCCS is working with PBS-Blue Ridge to produce a series of videos on dual enrollment for division use, available in summer 2027. A series of four videos will be produced, one for elementary school students, middle school students, high school students, and parents. The series will be advertised to school divisions with best practices for use. Not only will this increase awareness of dual enrollment in a consistent manner across the Commonwealth, they will serve to bring awareness and understanding of eligibility and prerequisites at a younger age.

- Dual Enrollment Days ("DE Days") is a collaboration between VCCS and VDOE to host in-person dual enrollment workshops in each of the Superintendent's Regions. These workshops will bring together school division staff with community college partners to participate in guided professional development to create conversation around local barriers to dual enrollment participation.

3. Faculty Credentialing:

- Establishment of University Graduate Pathways: VCCS is actively collaborating with Virginia four-year universities to formalize streamlined graduate course pathways for high school teachers seeking content credentials needed to teach dual enrollment courses.

- Holistic Qualification Standards: Aligned with updated SACSCOC accreditation

guidelines, additional credentialing pathways will incorporate proven pedagogical mastery, teaching excellence, and discipline experience alongside graduate coursework.

- Consistency Across the System: VCCS is replacing college-by-college interpretations with a single Systemwide UCGS Faculty Credentialing Manual, ensuring credential reciprocity and consistency across all 23 community colleges.

4. Technology:

- VCCS initiated updates to the Memorandum of Understanding (MOU) template between community colleges and high schools. This was crucial in addressing several barriers regarding data sharing and collection between school divisions and community colleges.
