The Honorable Luke E. Torian
Chair, House Appropriations Committee
Virginia House of Delegates
P.O. Box 406
Richmond, Virginia 23218

Dear Chairwoman Lucas and Chairman Torian:

Enclosed is the report required by Item 50F of the enacted biennial budget requiring the Office of the Attorney General ("OAG") to submit a report "detailing expenditures in the prior fiscal year for special outside counsel by any executive branch agencies" including "the reasoning why outside counsel is necessary, the hourly rate charged by outside counsel, total expenditures, and funding source." The attached report covers all the items requested for fiscal year 2026 (July 1, 2025, through June 30, 2026).

Virginia Code § 2.2-507 requires that "all legal service in civil matters for the Commonwealth, the Governor, and every state department, institution, division, commission, board, bureau, agency, entity, official, court, or judge, including the conduct of all civil litigation in which any of them are interested, shall be rendered and performed by the Attorney General, except as provided in this chapter and except for any litigation concerning a justice or judge initiated by the Judicial Inquiry and Review Commission." Virginia Code §§ 2.2-507 and 2.2-510 authorize the Attorney General to engage and manage the engagement of outside counsel in certain circumstances when "it is impracticable or uneconomical for the Attorney General's office to render such service." Accordingly, regarding the requirement to provide reasoning for engagement of outside counsel, I note here that, unless otherwise indicated, the reason for engagements described in the report is that it was "impracticable or uneconomical for the Attorney General's office to render such service."

Prior correspondence from this Office accompanying this report indicates that the most common circumstances that make it either impracticable or uneconomical for this Office to provide legal services and therefore necessitate the engagement of outside counsel are the lack of certain specialized or unique legal expertise among the Office staff or the lack of legal staff in the geographic location where services are necessary. While those two reasons are certainly a contributor to the need to hire outside counsel, I would also

add that not having enough attorneys in this Office to handle routine legal matters for our agency clients greatly contributes to hiring outside counsel. I am frequently told that obtaining outside counsel is necessary because our Office does not have the capacity to take on the additional work. In discussions with similarly sized offices of attorneys general, I have also found that Virginia uses outside counsel in matters of general advice and litigation to a much greater extent than many of our peers. A primary reason for this circumstance is that these other offices have more attorneys than our Office to perform this work.

Most of the outside counsel work is performed under engagements procured competitively pursuant to "Solicitations for Proposals" (SFPs) in which firms bid for the opportunity to provide legal services, resulting in a slate of pre-approved firms that provide legal services at discounted, guaranteed rates negotiated by the OAG. Selection as a qualified provider under an SFP is not a guarantee of work. The attached report details each agency that received services during fiscal year 2026 and the cost of those services pursuant to current or previous SFP categories, as well as the hourly rate range for each of the categories. As indicated in the report, the highest billed SFP categories are General Civil Litigation (48.02%), Employment (10.48%), and Eminent Domain (8.99%).

Outside counsel may also be engaged to provide legal services for Commonwealth agencies on a "Single Case Appointment" (SCA) basis for one specific transaction, issue, or matter that is either not covered by an existing SFP category or requires expertise or exists in a jurisdiction beyond that maintained by firms appointed pursuant to a relevant SFP category. The attached report details each agency that received services pursuant to an SCA during fiscal year 2026, the cost of those services, as well as the hourly rate range and a brief description for each SCA.

The Office of Attorney General manages the relationship with all outside counsel to include establishing the scope of legal services, terms and conditions of engagement, outside counsel directives, and other governing documents; negotiating rates and establishing matter budgets; monitoring performance to ensure the Commonwealth and its agencies receive excellent service; reviewing invoices to ensure compliance with established procedures and monitoring billing practices. As dictated by state law, unless otherwise indicated, the legal services described in the report were "paid out of the funds appropriated for the administration of the board, commission, division, or department represented or whose members, officers, inspectors, investigators, or other employees are represented."

The Office of the Attorney General is committed to engaging outside counsel who can provide competent and cost-effective service to the Commonwealth and its agencies. It is the goal of this Office to closely monitor outside counsel with an eye toward improving coordination, oversight, efficiency, and cost-effectiveness. We are also exploring how legal bills are invoiced to the responsible agency and paid so that we can improve both the agency experience as well as the collections process for engaged firms such that bills are paid timely and outside counsel continue to be interested in performing work for the Commonwealth. During my time in office, it is also my intent to invest more heavily in the attorneys who provide legal representation within this Office. By growing our own capabilities, we can represent Commonwealth clients in a more cost-effective manner while still reserving complex, niche cases for our capable outside counsel firms. In this past year's legislative session, you were tremendous partners in helping secure the future of our office through investments in compensation to help retain and recruit attorneys and professional staff. You also recognized the growing responsibilities of this Office through your investments in additional positions to support newly assigned or expanded enforcement capabilities. I look forward to working with you in the future to stabilize this Office so that the Commonwealth receives the benefit of quality legal work in the most cost-effective way possible.

Since taking the role of Attorney General, I am regularly impressed by the OAG team that provides exceptional legal services on such a broad scope of issues. Their expertise and dedication to their work is truly remarkable. The attorneys in the Office of Attorney General are dedicated professionals who, in many cases, are sacrificing more lucrative opportunities in the private sector to serve our Commonwealth. In the time ahead, I

will work to make sure these attorneys have the support they need to perform their invaluable work while earning a salary that recognizes their value. When needs dictate, we will use our fair and open process to secure outside counsel that can partner with our office to achieve the greatest combination of skill and value in representing the Commonwealth's interests.

Sincerely,

Jay Jones
Attorney General of Virginia
